

Bishop Nekona, Left, Raises her arms and says "the fire went up like this" as she describes the explosion which wrecked the main building of a religious cult near Chatsworth, Calif. She and Sister Muriel, right, were asleep in the building when the blast occurred.

Cult Building Blown Up by Bomb; at Least Six Killed

Man Carrying Canvas Bag Seen Shortly Before Blast

Chatsworth, Calif. —(AP)—A bomb blew up headquarters of the Fountain of the World religious cult today, killing at least six persons.

Six bodies were recovered. Two persons are missing. One body was identified as 11-month-old Edwin J. Shanafelt, one of 14 children asleep in the building.

The cult leader, Krishna Venta, bearded, barefoot mystic in flowing robes who frequently led his similarly garbed followers to aid in earthquake, fire or flood disasters, was tentatively identified as one who perished.

Saw Stranger

Police and sheriff's officers of Los Angeles and neighboring Ventura county believe the infernal device that blasted in darkness about 2 a.m. was brought to the headquarters in a canvas bag by a man.

Survivors said they saw and heard a stranger, carrying such a bag, arguing with two members of the cult only five minutes before the explosion.

The FBI entered the case, offering its investigation and laboratory facilities to local authorities.

Venta has called himself the master of the WKFL Fountain of the World. The initials stand for the aims of the sect—wisdom, knowledge, faith and love. He has described himself as having a "life-long dedication to God." Each Easter it has been the practice of the cult to portray a crucifixion scene, with Venta in the role of Christ on the Cross. But this year Venta was out of the state at the time and did not take his usual role.

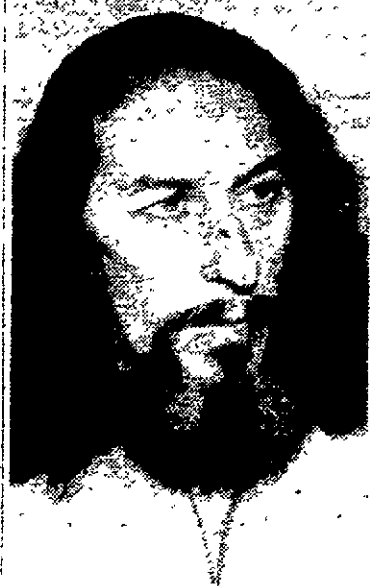

Cult members dead or missing: Venta, 47, onetime San

Dr. Molner Offers Helpful Guide To Good Health

With no attempt to substitute for the professional services of one's own physician, Dr. Joseph G. Molner offers Post-Crescent readers a source of basic good health information—especially in the areas where misconceptions and erroneous ideas are prevalent.

By answering reader's letters and by direct discussion, Dr. Molner is able to offer clear, highly readable knowledge that serves as a guide, always with the emphasis that individual symptoms require the attention of one's own doctor.

"To Your Good Health" can be found on Page C-11 of today's Post-Crescent. It is a feature of real value and high readership you won't want to miss.

Little Change In Job Situation

Washington —(AP)—Unemployment remained virtually unchanged in November instead of rising seasonally as expected.

The government reported total employment fell by 653,000 to 64,653,000.

Unemployment by census bureau count, rose 28,000 to 3,833,000.

This is considered so small a change as to be within the scope of statistical error.

Bomb Scare Cancels Morning Classes at Kaukauna High

Kaukauna — A bomb scare at Kaukauna High school this morning disrupted

Clear Menasha School

About 1,400 students at Menasha St. Mary High School were evacuated shortly before 1 o'clock this afternoon after police received a telephoned report that a bomb had been planted in the building.

Police said the sound of the caller's voice indicated a young person was making the report.

The caller asked for the chief of police and when told he was not available reported to the desk sergeant "there's a bomb planted at St. Mary school. The call was received at 12:35.

Fear 8 Die in Plane Crash Survivor Found, 3 Bodies Amid Wreckage in Field

Altus, Okla. —(AP)—A strategic air command Stratofortress trailing long fingers of flame crashed six miles north of here early today. One survivor was found.

The 8-jet bomber, on a training mission from its Altus Air Force base, reportedly had nine crewmen aboard. The bodies of three were found on the frozen ground amid the wreckage in an open field.

Witnesses said the plane, the air force's largest bomber, circled low over Altus and seemed to be making an attempt to get to the base, a few miles to the east. The police department reported receiving numerous telephone calls from residents asking if the craft was having engine trouble.

The survivor was Maj. Byard F. Baker, commander of the aircraft. He said he parachuted from the plane. He was found unconscious and taken to the base hospital. Baker's home town is Azle, Texas, but he lives in Altus.

Air force personnel searched throughout the night for possible other survivors. The bodies of three crewmen were discovered and taken to the SAC base, in extreme southwestern Oklahoma 14 miles from the north Texas border.

Police said a telephone call about 7:35 a. m. said a bomb had been placed in the high school. Police notified school officials, who dismissed about 350 pupils assembled in the building and turned away other youngsters as they arrived, advising them to return in the afternoon.

Police, meanwhile, made a floor-by-floor search of the school, looking into all lockers, cabinets and other areas where a bomb might be hidden. After about a 14 hour search, the police found nothing and declared the school safe.

School officials said today Saturday morning classes may be held to make up for the half-day loss.

Police said the caller apparently was a young boy. They are seeking the prankster.

Ex-Governor Sues Kohler Firm, Uncle

Charges Net Worth Understated When He Sold His Stock

Milwaukee —(AP)—Members of the influential Kohler family, which includes a former Republican governor and a prominent industrialist, are principals in a quarter of a million dollar suit filed Tuesday in U.S. District Court.

Former Gov. Walter J. Kohler initiated the action against the Kohler Co. of Kohler and his uncle, Herbert V. Kohler, president of the plumbing-ware firm.

Walter Kohler alleged the net worth of the company had been understated by \$5 million when he sold his stock in the firm on Feb. 20, 1953, for \$115 a share. The number of shares was not listed.

Claims \$214,156

The former governor said that as a result of the under-evaluation he had been "induced" to sell his stock to the firm for \$214,156 less than its actual value.

The suit was described as fantastic by Herbert Kohler, also chairman of the board of Kohler Co., which has been involved in a labor dispute since April, 1954, with the United Auto Workers. Herbert Kohler said "there is no substance to the suit," and in a statement issued at Kohler added:

"Kohler Co. did not seek to buy his stock or attempt to persuade him to sell it. He approached the Kohler Co. and offered to sell. A mutually satisfactory price was agreed upon and Kohler Co. accepted his offer to sell."

Also named defendants in the action was the accounting firm of Ernst & Ernst and Paul F. Johnson, partner in the firm's Chicago office.

Bombing Case Ends in Mistrial

Atlanta —(AP)—Judge Durham T. Pye today declared a mistrial in the state's efforts to convict George Bright of the Jewish Temple bombing and inflict the death penalty.

The mistrial came with the jurors hopelessly deadlocked 9-to-3 slightly more than 84 hours after they began their deliberations.

The jurors disclosed that the division had been the same since 11 a. m. Monday. There was no disclosure of whether the majority stood for acquittal or conviction.

Meany Says Labor Will Organize Own Party If Necessary

New York —(AP)—George Meany says the American labor movement will form its own political party "if we have to do that to lick the people who want to drag us back to the past."

The AFL-CIO president said yesterday that organized labor would form a third political party with reluctance. But, he declared:

"Labor is going to be just as political as it has to be to win its objectives."

Meany's remarks were greeted enthusiastically by the 2,842 delegates at a constitutional convention of the newly merged New York state AFL-CIO.

Nelson Hears Recommendation For \$419,000,000 for Road Needs In Two Years; Up \$2,000,000

Post-Crescent Madison Bureau

Madison — The Wisconsin Motor Vehicle department today proposed a 100-man addition to the state traffic patrol (which now numbers 250 men) as the state highway department asked for approval of a large increase in highway spending for the next two years.

Heads of the departments appeared before Gov. - Elect

Sweden's King Makes Awards

3 Soviet Physicists And 3 Americans Nobel Prize Winners

Stockholm —(AP)—King Gustav VI of Sweden today handed three Soviet nuclear physicists \$41,420 of profit from the fortune of one of the world's most famous capitalists—Alfred Nobel, inventor of dynamite.

Nobel prizes in medicine and physiology were divided among three Americans, George Beadle, Edward L. Tatum and Joshua Lederberg. Frederick Sanger of Britain received the chemistry prize.

Missing from the glittering ceremony was the 1958 winner in literature, Russian poet-novelist Boris Pasternak, the author of the anti-communist novel "Doctor Zhivago." Living just outside Moscow, he had declined the award after a flood of condemnation from Soviet writers and newspapers.

Award Not Withdrawn

In a brief announcement Dr. Anders Osterling, permanent secretary of the Royal Swedish academy which chose Pasternak, said his decision to decline the prize "naturally" did not change the validity of the award. The \$41,420 money award went back into the Nobel fund, but Pasternak's diploma and gold medal are held in trust for him in case he ever has a chance to accept them.

Osterling's announcement was not listed on the program. It was made just before the final playing of the Swedish national anthem.

The academy secretary said Pasternak had been chosen for the award "for his important contribution to contemporary lyrics as well as to the great Russian epic tradition," the latter a reference to "Doctor Zhivago."

State Asked to Go Slow on Plans For Mentally Ill

Madison —(AP)—A committee of seven legislators has recommended the state go slow in building costly facilities for the care of the mentally ill because recent treatment advances could make the structures obsolete in a hurry.

"Wisconsin's experience in the construction of its child center at Sparta and its tuberculosis facility at Wales are costly reminders of the folly of building too permanently," the Committee to Visit State Institutions said in a report Tuesday.

The committee said the child center at Sparta has a rated capacity of 600 children, but has only 95 patients and that the tuberculosis facility was closed by the 1957 legislature.

The 1959 legislature, the report said, should give some thought to either abandoning the institution at Sparta or converting it to another use.

The Wales facility is being turned into one unit of a new state school for boys.

Scores Denial Of Evidence on Negro Voters

Reprehensible, Ike Says; Pledges U. S. Support to Germans

Washington —(AP)—President Eisenhower today called it reprehensible for public officials to refuse to produce evidence about Negro voter registration.

At a news conference the president dealt specifically with such defiance in Alabama and also with defiance of the law generally.

At his first meeting with reporters since Nov. 5, Eisenhower also said he knows of no reason to question reports that Russia has developed an intercontinental ballistic missile capable of delivering a warhead almost 8,700 miles.

As for published reports the Soviet Union has test flown an atomic-powered plane, Eisenhower said this government has received no intelligence—no reliable information—that the Russians have flown such a plane.

Eisenhower was asked for comment on the refusal by Alabama public officials to supply Negro voter registration data to the federal civil rights commission.

Sorry About Defiance

The president remarked that he doesn't feel very well about the defiance in Alabama.

He said he picked the commission very carefully, making sure that some southerners were included on it.

It is a rather sad sort of thing, Eisenhower went on, turning to Page 13, Col. 1

Actor Arrested on Narcotics Charge

Los Angeles —(AP)—Actor Jay Robinson, 28, has been charged with possessing and selling heroin.

Robinson, who portrayed Emperor Caligula in the film version of "The Robe," was arrested at his home. Detectives said they found a quantity of narcotics, hypodermic needles and other equipment used in connection with narcotics.

His preliminary hearing was set yesterday for Jan. 6.

Wife's Prompt Action Saves Composer's Life

Palm Desert, Calif. —(AP)—Prompt action by composer Rudolf Friml's wife saved his life when a glass table top shattered and cut his leg, a doctor says.

Mrs. Friml applied a tourniquet with a towel and took her 78-year-old husband to a doctor's office yesterday. Twenty-three stitches were required to close the wound.

Friml was sitting on the table listening to a tape recording of one of his compositions when the glass shattered.

Heat Wave Arrives; Mercury Up 2 Points

Wisconsin — The fair and cold weather will continue through Thursday although temperatures will show a slight rise. High temperatures today will range between 10 and 16 degrees and low temperatures from around zero south to as much as 10 below north.

Appleton — Temperatures for the 24-hour period ending at 9 o'clock: High 4; low, 2 below. Temperature at 11 o'clock, 6 above South-west wind at 5 miles an hour. Barometer, 30.40.

Weather map on Page D-7; Sun sets at 4:14 p.m.; rises Thursday at 7:19 a.m.; moon sets at 4:43 p.m. Visible planets are Mars and Jupiter.

Aaron Sellers, Bullock County, Ala., farmer, testifies before the federal civil rights commission in Montgomery, Ala., that he tried to register six times to vote and so far has not been able to do so even after obtaining a court order. He said there are only four registered Negro voters in Bullock county which has a Negro population of 11,000.

Khrushchev Brags Of Soviet Arsenal

Highlights of Talk With Senator Included Claims of Many Nuclear Arms, Compact Hydrogen Bomb

Washington —AP— Premier Nikita Khrushchev claims the Soviet Union has made so many nuclear weapons that it may soon begin dismantling some of them.

One of the weapons, Khrushchev told Sen. Hubert Humphrey (D-Minn) a week ago, is an efficient and compact 5-megaton hydrogen bomb. A megaton is equivalent to the force of a million tons of TNT.

In missile development, he said, the Soviets have achieved a missile with a range of 14,000 kilometers (8,694 miles).

These are among the highlights of the senator's 8-hour talk with Khrushchev, on which Humphrey reported to President Eisenhower in an 80-minute conversation yesterday and to state department officials Monday.

New York Papers Hit By Walkout

Deliverymen Strike Nine Plants, Other Unions Honor Pickets

New York —AP— Circulation of major New York city daily newspapers was disrupted today by a strike of deliverymen—their second in two days. The papers planned over-the-counter sales.

The deliverymen struck nine papers late last night after voting to reject a tentative settlement of a contract dispute with the Publishers Association of New York city.

The agreement had been reached Monday morning after all-night negotiations. It ended an 8-hour walkout by the truck drivers, but was subject to union membership ratification.

Renew Talks

The publishers association and the newspaper and mail deliverymen union were scheduled to renew talks at today—too late to avert a disruption in delivery of afternoon papers in the event of a new settlement.

Picket lines were set up around some of the newspaper plants.

Barney C. Cameron, president of the association, said the newspapers planned to continue publication selling copies over the counter at the plants.

"The deliverymen's strike is not supported officially by other newspaper craft unions. However, a spokesman at the Daily News said that a number of printers scheduled to go to work between midnight and 2 a. m. refused to cross picket lines although reportedly ordered to do so by their shop stewards."

No Order

One of the printers who did not report said there had been no order from the union regarding the picket line. The decision to cross or not was by individual choice, he said.

At the Herald Tribune, the early morning shift of composing room men punched in, but did not remain for work.

Worker absences were not reported at other newspapers.

Some editions of morning newspapers already had been delivered to newsstands when the union ordered the walkout. Some delivery trucks rumbled back to garages without dropping off their bundles. Late press runs did not hit the streets.

New York's four morning papers, the Times, Herald Tribune, Daily News and Mirror, put copies on sale at their plants.

Polaris Subs To be Named For Great Men

Washington —AP— Because the navy's Polaris ballistic missile submarines are an entirely new type of submersible, with a new mission, they are being named under a changed system.

The new craft are being named for famous Americans.

Until now, all submarines of the United States navy have carried the names of fish, sea creatures or items of sea mythology.

Five of the nine Polaris submarines now being built or authorized for building have been assigned names—the George Washington, Patrick Henry, Theodore Roosevelt, Robert E. Lee, and Abraham Lincoln.

The first of them, the George Washington, will be launched at Groton, Conn., next spring. More months will be required for completion and commissioning.

There was a move afoot earlier this year to give the powerful Polaris subs the names of states. A resolution was introduced in the house proposing this, but it was not enacted.

Instead, Secretary of the Navy Thomas Gates issued verbal instructions to name the missile submarines after famous Americans. He took that action after consultation with President Eisenhower and Sec. of Defense Neil McElroy, a spokesman said. The authority for a navy secretary to decide a ship naming system is traditional, the spokesman explained.

Former Convict Wants Readmission to Prison

Says World Isn't What It Used to be, Finds Climate Bad for His Asthma

Dallas —AP— A man who spent 34 of his 53 years in prison is sending himself back to a life of crime because of asthma and because the world is different "from the one I knew when I went in."

McKenzie, a former convict, was released from the one I knew when I went in. "It's a different world that I found when released," McKenzie said. "I was later commuted to life and he became a prison trustee."

During the 1930's, McKenzie was credited with saving the life of a guard at the Texas state prison at Huntsville. A prisoner sentenced to death for murder slashed at the guard with a razor.

McKenzie, then a trustee, knocked the prisoner down after the guard had been cut across the throat and cheek.

Given Pardon

He was given a conditional pardon in September of 1957. Under terms of his pardon he was never to return to Texas and had to live with a brother in Tennessee.

He broke the bounds of that parole last night.

Coughing constantly and bleeding from the mouth, he told a newsman he was on his way to Austin, Texas, to ask Gov. Price Daniel to return him to prison.

McKenzie called Dallas News police reporter Harry McCormick to tell him his story while between planes in Dallas.

Fire Plan Saves Lives Of Family

San Antonio, Texas —AP— A few weeks ago Mr. and Mrs. John Locke, Jr., worked out a plan to evacuate their suburban home in case of fire.

Monday night their home caught fire and the pre-arranged escape plan saved all six members of the family.

"We hadn't been asleep too long," said Locke, an attorney, "when I awoke and smelled smoke."

Locke climbed from their second story bedroom onto a roof over a side porch. Mrs. Locke handed out two of the boys, then Locke re-entered and rescued the other two boys. The boys range in age from one to 6.

The nursemaid, Miss Autumn McMillan, escaped by a stairway. Locke climbed part way down a latticework. Mrs. Locke passed the children to her husband and he handed them to the nursemaid.

Mrs. Glenn Wise Possibility for GOP Party Post

Madison —AP— Speculation has brought the names of Mrs. Glenn Wise of Madison and Mrs. R. H. Grewe of Eau Claire into consideration as candidates for the state Republican party post vacated by Mrs. Ruth Murray of Oshkosh.

Mrs. Murray resigned Monday as first vice chairman of the state GOP organization with an angry blast at President Eisenhower, Gov. Vernon Thomson and other state party leaders.

Mrs. Wise, a former secretary of state and one-time vice chairman of the party, said Tuesday night she had not been approached on the subject, and added:

"I wouldn't be interested."

Mrs. Grewe is a member of the executive committee of the state GOP.

There is a chance the state executive committee will act on naming a successor at its meeting Monday. Others mentioned were: Mrs. Henry Jones, Marshfield; Mrs. T. W. Ward, La Crosse; Mrs. David J. Tolan, Milwaukee; and Mrs. W. W. Fox of Madison, national committeewoman.

Move Seen to Decentralize Police System

Russian Dismissal Of Serov Surprises Most Diplomats

Moscow —AP— Diplomatic observers in Moscow think the removal of Soviet Police Chief Ivan A. Serov may be a move toward decentralizing the Russian security system.

This view was widely held today among ambassadors who were surprised by the removal announcement. The brief notice in major newspapers Monday said Gen. Serov was being reassigned but did not say where or who his successor as Russia's top policeman would be.

Most envoys felt that no new job could possibly carry the power which Serov had wielded for the last 4 years as chairman of the committee for state security. Throughout most of the Soviet Union's 41 years, the job of security chief has been almost supremely powerful, answerable only to the top man in the Kremlin.

"The general trend of the present Soviet leadership has been to curb all centralized power outside the communist party itself," one diplomat observed. This has been true even though party members run such power centers as the police and industry. Premier Khrushchev already has decentralized industry.

Most diplomats said they found nothing in common between Serov's removal and the ouster and downgrading of former defense Minister Georgi Zhukov, former Premier Bulganin and others. Marshall Zhukov was accused of ignoring communist party discipline in the army. Bulganin was charged with taking part in a plot against Khrushchev.

"The announcement, brief as it was, followed the form normally used by the president of the Supreme Soviet in announcing the removal of an official from one post prior to assignment of another," a diplomat said.

Diplomats recalled that Serov was last seen publicly at an Albanian embassy reception Nov. 29. Even those envoys on close personal terms with the general were surprised by the removal.

Enough to Make a Man Leave Home

Paris, Ky. —AP— A more superstitious man would leave home.

Charles Johnson had 13 minor fires in his home in three days.

Johnson, his wife, a daughter-in-law, nine children and a grandchild live there. Total: 13.

None of the fires was extensive. But the family says it's out of bed covers and the children don't have enough clothing left to go to school.

After the first few fires, one member of the family stayed awake at all times to watch, but it didn't stop the blazes. County Fire Chief Walter Ishmael started an investigation yesterday after the 13th.

Wet Cement Cause of Minor Crisis

Brenham, Tex. —AP— Paul Kasprovicz, 5, told his mother the toilet was "shooting up like a volcano."

She went and looked, then phoned City Engineer B. P. Greenwade. Greenwade was skeptical about Mrs. Kasprovicz' frantic report that wet cement was pouring out of the bathroom fixture.

Meanwhile, workers forcing cement into a Santa Fe railroad dump couldn't understand why so much mix was needed to stabilize that section of the dump.

Once everyone got together, they found the pressure behind the cement had broken a sewer line and then backed up the line into the nearby Kasprovicz house.

City crews worked long and late trying to get the sewer line cleared before the concrete hardened.

GOP House Chief Says He'll Fight Moves to Curb Committee Power

Joseph Martin Predicts Congress Will Keep Present 8 to 4 Ratio

Washington —AP— House Republican Leader Joseph W. Martin, Jr., of Massachusetts indicated today he would resist efforts of a self-styled liberal bloc to curb the power of the house rules committee.

Martin predicted the new congress will keep the present ratio of 8 Democrats and 4 Republicans on the potent rules group. He said he expects no 'change despite heavy Democratic gains in the November election.

'An Understanding'

Martin said there has been "an understanding" between the Republican and the Democratic house leadership that the 8-4 lineup would not be altered.

It was not changed when Republicans were in control of the house in the 80th and the 83rd congresses, although the Republicans, of course, then had 8 members to the Democrats' 4.

The rules committee normally determines what legislation the house may consider. In recent years it has shelved many major bills approved by other house committees.

Liberal Groups

The committee is headed by Rep. Howard W. Smith (D-Va) who, with Rep. William Colmer (D-Miss) and the four Republican members, have been able to sidetrack bills backed by more liberal groups.

A change in the ratio of party membership on the committee is one of the goals of about 80 house Democrats who describe themselves as the liberal bloc. They would like to see the committee lineup changed to 9 Democrats and 3 Republicans, which would weaken the coalition's stranglehold on legislation.

They also are advocating a rule change which would limit to 14 or 21 days the time allowed for the committee to act on bills. Present rules give the committee unlimited delaying powers. Many bills have died of old age in rules committee files.

Time Limit Proposal

Martin wouldn't express himself on the time limit proposal. He said he would determine his position after consultation with other Republicans.

However, Rep. Leslie Andrews of Illinois, Republican whip, predicted the rules change proposal would be defeated.

So did Democratic Whip Carl Albert of Oklahoma.

House Speaker Sam Rayburn (D-Texas) wouldn't comment, but close associates said they didn't think he would support the 21-day time limit.

Without Rayburn's backing, the proposal stands a slim chance to be approved.

Polish Reds Send Priest To Prison

Warsaw —AP— A Catholic priest was sentenced to two years in prison today, and for the first time in two years the sentence was not suspended.

The Lublin provincial court convicted the Rev. Fiat-Faczynski of "changing the pulpit in his church into a political tribunal from which he agitated against the peoples' authority (the communist government) and socialism."

The defendant was the parish priest of Tomaszow, in central Poland and a leading official of the Lublin diocese.

Accounts in local papers said the priest admitted preaching the sermons but claimed they complied with church law "and the vocation of a priest."

Only eight other priests have been convicted on various counts since Wladyslaw Gomułka's return to power as communist party chief in October, 1956, brought an improvement in relations between the government and the Catholic church. All eight sentences were suspended.

GOP May Ask Thomson to Run For Congress

Governor Silent on Intentions After He Leaves Office Jan. 5

Post-Crescent Madison Bureau
 Madison — Some western Wisconsin Republicans are talking about the possibility of enlisting retiring Gov. Vernon W. Thomson as a candidate for congressman in the Third district in 1960.
 As far as is known here, the titular Wisconsin GOP leader who will resume the status of a private citizen on Jan. 5 has given such booms no special encouragement. As Thomson's conversation with newsmen has indicated he is a resident of the Third district, represented in the house of representatives for children. One of them is now

many years by Gardner R. Withrow, a Republican, who has said he plans to retire in 1960.
 Thomson has had some direct suggestions from district Republicans about running for congressman, but he has made no response, according to accounts here. In talks with capitol correspondents lately, he has declined to say what he intends to do about employment after he leaves the executive office, but he has made it plain that he is looking for a home here and intends to live in the capital city or one of its suburbs.
 He declined to comment on several reported employment offers, but remarked that he continues to have some legal interests in Richland Center, where he practiced law for many years before he ran successfully for the attorney generalship eight years ago.
 Thomson's conversation with newsmen has indicated he is a resident of the Third district, represented in the house of representatives for children. One of them is now

8 Fined or Forfeit Bonds for Speeding

6 Points Charged Against Records Of 3 Offenders

Eight motorists were haled into municipal court Tuesday for speeding.
 Charged six points were:
 Glen A. Shrubbe, 25, Milwaukee, \$35.
 Leroy Jeske, 23, Green Bay, forfeited \$18.95 bond.
 Leonard E. Pasek, 120 N. Green Bay street, forfeited \$78.95 bond.
 Charged three points were:
 Donald F. Theobald, 17, route 1, Black Creek, license revoked and court costs ordered paid.
 Clarence O. Baetz, 63 route attending the University of Wisconsin.
 There are few precedents in Wisconsin history for a candidacy by a former governor for a seat in the house of representatives, but several governors went on to serve in the United States senate.

Arterial Violation
 Harry L. Wauson, 44, St. Joseph, Mich., forfeited \$13.95 bond and was charged three points for failing to stop for a stop sign Gary L. Westerman, 16 route 2, Seymour, had his license revoked and paid court costs on the same charge.
 Roger E. Young, 20 route 2, New London, was fined \$50 for inattentive driving. His license was revoked for six months, but sentence was stayed on condition he isn't arrested for a moving vehicle of Land Management had voided the federal agency's sale of the Sister isles in Green Bay to a private party for \$735.

Void Sale of 2 Green Bay Isles To Private Buyers

Madison — The Wisconsin Conservation Department said Tuesday the U.S. Bureau of Land Management had voided the federal agency's sale of the Sister isles in Green Bay to a private party for \$735.
 Walter Scott, a department administrator, said the state had offered to purchase the two islands for use as a water fowl refuge. The islands have a total area of about two acres. Consideration of the state's offer to buy the property is pending.
 The conservation department protested the sale when it heard about it two years ago. The sale price was paid, but the buyers never obtained a deed to the islands. The federal agency's order can be appealed.
 The purchasers of the islands were Robert Hayes, Oshkosh, and Richard Nebel, Sturgeon Bay.

Auto Mishap Total Shows Slight Drop

Thirty-six traffic accidents occurred in Outagamie county during November, compared to 38 during the same month last year, Capt. Ronald Decker, county traffic patrol, reports.
 Twenty-nine people were injured, compared to 26 last year. There were no fatalities during the month in areas of county police jurisdiction.
 Property damage was estimated at \$22,785. Last year's figure was \$16,200.
 Twenty-two accidents were one-car mishaps. Twenty-one drivers were 25 years old or younger.
 Fifty-two vehicles were damaged, compared to 57 last year.

County Board Delays Action On Insurance

Supervisors Want To Hear From Firm On Group Life Plan
 County supervisors Tuesday voted to hold until January a resolution calling for Outagamie county to provide group life insurance for its employees. The resolution would authorize an agreement with the Equitable Life Assurance Society of the United States to provide consenting employees with a \$2,000 life and accidental death and dismemberment policy.
 The resolution called for \$5,000 to be transferred from the general fund and allocated as used to pay part of the insurance cost. Supv. Frank Appleton, most outspoken foe of the plan, drew a laugh from fellow members when he said, "I don't believe in life insurance—I don't believe in anything that I have to die in order to win. I will never cast a vote to spend taxpayers' money this way."
 Seymour Mayor Malcolm Vietch, especially seated for this council session in place of Seymour Supv. Ivan Dunbar, who is ill, said, "If this is to be considered a fringe benefit, I would be in favor of giving the employees a raise and let them add something to it so they can purchase their own insurance."
 Esler said nearly all high-way department employees are in favor of the plan.

Cadillac

Unchallenged in the World's Affections!

If it could be said of any product of American craftsmanship that it is known and loved throughout the world—then it could surely be said of the Cadillac car.

In fact, it is unlikely that, in all the recorded history of commerce, another manufactured product has ever etched itself so deeply in the public affection.

And we feel confident that the beautiful motor car that bears the Cadillac name for 1959 will deepen this sentiment to a still greater degree.

For this newest Cadillac creation is far finer in all the things that have made Cadillac so worthy of the world's respect and admiration.

Its distinctive beauty, for example, is intensely graceful and enchanting—with a majesty of line and a uniqueness of form never before witnessed on the world's highways.

Its celebrated Fleetwood 12-cylinder V-8 will win intimate favor as never before with appointments and facilities that are unbelievably beautiful.

And its performance will wholly alter the world's concept of how an automobile should drive and handle—with a smoothness, an alertness, and an ease of control that put a new measure of pleasure in every mile traveled.

To make that Cadillac of your dreams come true, meet the virtues of the Cadillac without delay.

In fact, the car's new celebrated price has made it doubly important that you place your order at the earliest possible moment.

Your dealer will be waiting to welcome you.

\$20,000 Sought for Guidance Clinic

State Official Tells Supervisors Of Need for, Aims of Service

Out of a game supervisors learned Tuesday afternoon that county coffers will have to be tapped for \$20,000 instead of \$12,000 if a community guidance clinic is to be established here.

A. B. Abramovitz, director of the Wisconsin Board of Health's Child Guidance division, told supervisors that any community that cares for its children is in desperate need of child guidance services.

Higher Cost

The Outagamie county child guidance center, meanwhile, circulated an onion-skin sheet among supervisors which, in effect, said the cost of such services will come higher than at first anticipated.

The revised budget calls for \$3,000 from the city of Appleton (the same as previously asked) and \$5,000 from private funds, for a total of \$33,000.

The supervisors adjourned at 5 o'clock after referring the matter to the executive committee with instructions to meet jointly with center directors to develop a detailed program for presentation at the January board meeting.

Best Arrangement

Abramovitz said it was his opinion that a child guidance clinic is a better arrangement than a general mental health clinic.

He said a guidance clinic would bring together talent and knowledge needed to aid the entire community.

"The problems of children are the most complicated of all," the officials said. At a minimum, a clinic would need the services of a psychologist, psychiatrist, psychiatric social worker and a secretary, he said.

The revised budget provides for a psychiatrist half-time, with the others being employed on a full-time basis.

"It would be far better," Abramovitz said, "to have a full-time psychiatrist, but we have to be realistic. There is an acute shortage of this type of professional help and about the best you can hope for is half-time employment. The others must be full-time."

Salary Range

The new proposed budget sets a salary range of \$8,000 to \$8,500 yearly for a psychologist, \$6,500 to \$7,000 for a psychiatric social worker, \$2,500 to \$3,000 for a secretary and \$9,000 for a half-year's work by a psychiatrist. Supplies would require \$3,430 a year and capital equipment, \$1,240.

Clinic Quarters

He said quarters for a clinic would not have to be elaborate but should be in a quiet, residential area rather than a busy downtown section.

"An office for each staff member, a waiting room and an area for the secretary-receptionist would be sufficient," Abramovitz declared.

People could not be forced to take advantage of such a service, he said. "It is a fact," he continued, "that a person must want our help to gain full advantage of the service."

Fees can be charged those using the clinic, although, they must be set up on a sliding scale, he said.

No Magic

"A child guidance center," Abramovitz declared, "will work no magic. There is no evidence that it will reduce juvenile delinquency statistics. But you must consider."

Council Okays New Fireman

Brillion — Elver Krueger was named a member of the Brillion fire department at the meeting of the city council.

Krueger was recommended by the fire department after Florian Pfeffer resigned because he can not serve on the city council and fire department at the same time. Pfeffer is alderman of the Third ward.

Capt. L. V. Versnik of the Third District Wisconsin State Patrol division reported that additional speed signs should be erected on Highways 10 and 114 within the city. The matter was referred to the police committee for investigation and recommendation.

Carl Martens and Henry Horn, Jr., of the park commission reviewed the rules and regulations governing the park. It was agreed all previous regulations will continue.

The Brillion Womens club was granted permission to erect the American flag in the council rooms.

Santa Claus Back Again In Budapest

BY CARL HARTMAN

Budapest — Santa Claus has made his personal appearance in the streets of communist Budapest for the first time since the 1956 revolt.

In fact, several Santas have been seen in the central part of the city. One was on a donkey cart. Another had a horse and buggy painted to look like the traditional sleigh. They are advertising devices, like some western Santas.

Visiting Americans are surprised at the number of things you can find in Hungary this year. Shops have plenty of

goods they want at the prices they can pay.

The best cuts of meat — Hungarians prefer pork to beef — are priced at the equivalent of 90 cents a pound. Christmas goose is slightly cheaper. Oranges are making one of their rare appearances at 70 cents a pound. Bananas, almost never seen in recent years, go for 80 cents.

The equivalent of \$20 a week is considered good pay in Hungary. At that rate, you have to save more than 11 weeks' pay to buy the family a table-model TV set for Christmas. Installment sales are just getting started and not everyone has the privilege.

The problem of getting along doesn't seem to diminish the season's gaiety.

Though there is some talk of "Father Winter" in the approved communist style, alas, dance was scheduled for most everyone still speaks of "Mikulas," Santa's tradition-

Appleton Youth To Face Trial on Morals Charge

Chilton — George W. Dellour, 17, 1303 E. Amelia street, Appleton, was confined to the county jail, Monday, after he waived preliminary hearing in justice court on a morals charge and failed to post \$1,000 bond.

Dellour is charged with taking indecent liberties with a 15 year old girl. No date has been set for circuit court hearing.

Outagamie county Judge Stanley Staidl previously had waived jurisdiction in juvenile court, referring the matter to a criminal court in Calumet county where the offense was committed.

A certificate of honor is awarded to the school publication which presents the best article.

Brillion High Writers Enter WATA Contest

Brillion — Members of Brillion High school are participating in the school press project sponsored by the Wisconsin Anti-Tuberculosis association.

The subjects for 1958 are "Meet the TB Fighters" and "Careers in the Health Sciences".

The students must prepare material related to either or both subjects. Articles may be developed through news, feature stories, editorials, cartoons or other art work.

The best articles will be published in the Hi-Times, the school bi-monthly publication.

A certificate of honor is awarded to the school publication which presents the best article.

Moving to New Offices Begun On Capitol Hill

Washington — The biggest move in a decade on Capitol Hill started its tortuous course this week.

It's new office assignments, for which first choice goes to members with the most seniority.

The 82 new representatives and 15 new senators getting what's left after the incumbents make their choice.

The problem is getting everybody moved — sometimes several times — before Congress convenes Jan. 7. It's moving in.

like a game of musical chairs. The senate could go through it again a month later. A new senate office building is expected to be ready then.

"We work New Year's day faces that year."

— well, we just work night and day and somehow all the moves are made," A. Emmanuel Ridgell, superintendent of the two house office buildings, said.

They said about the same thing in the senate rules administration committee, which handles office assignments. Until the new senate office building is ready, most of the new senators are taken over the offices being vacated by their predecessors.

The house has 62 reelected members moving to new offices, 7 moving over to the new senate and 82 new members.

It's the biggest turnover since 1948 as Ridgell recalled. There were more than 100 new members and 84 reelected members moving their offices that year.

Victory in Berlin

The smashing victory of anti-Communist forces in West Berlin Sunday was the only too clear answer to Premier Khrushchev's demand that the West leave the city. Now it is apparent that, even should Western troops leave, the Reds surrounding the city would have a fight on their hands.

Now the West should hammer away at the Russians by demanding the same type of free elections in the East sector of the city. Khrushchev may find the whole business as faultily a diplomatic move as heaping criticism upon Boris Pasternak. The cries of "foul" from the Reds have a very hollow ring.

The results of the election also may lead

to some discomfort for East German's Red boss, Walter Ulbricht. He sent Communist goons into the Western sector to break up political meetings and shout from street corners. But not a single Communist legislator was elected in Sunday's vote and the Red poll was less than in 1954 not long after the blockade of Berlin. Nor was this a token vote; 93.7 per cent of the eligible voters cast their ballots.

The big boys in the Kremlin take a dim view of those who fail to produce. Mr. Ulbricht may find himself joining the long lines of refugees crossing over into West Berlin.

Politicians and Racketeers

All people interested in good government will watch with interest the efforts of the Senate Rackets committee to learn why an ex-convict alien was not prosecuted for failing to file income tax returns for seven years and was finally allowed to file them late, after he was caught.

Frank Cammarata of Detroit is the gentleman who received the special consideration from the Treasury department. Sen. John McClellan, Democrat of Arkansas and chairman of the rackets committee, is joining with Sen. John Kennedy, Democrat of Massachusetts, in demanding an explanation on this exceptional consideration. Back in 1954, Sen. John Williams, Republican of Delaware, declared in a senate speech that he had attempted to get an explanation for the "strange immunity" and "special protection" accorded to Cammarata, Ralph Capone of Chicago and Frank Costello of New York. Williams said the Treasury department had refused to give the information on the ground that he was not then a member of a congressional investigating committee.

Sens. McClellan and Kennedy are members of an investigating committee and in addition they have no political ties with the administration which should tend to leave the way open for a thorough investigation. Cammarata was sent to prison for bank robbery in 1931 and was paroled in 1936 so he could be deported. However, he was smuggled back into this country in

1939 and apparently has been doing well ever since. According to information in the hands of the rackets committee he filed no tax returns and paid no taxes for the years 1939 through 1946 but he was permitted to "fix" his tax obligations and escaped prosecution although the Internal Revenue Service had been warned that he was a dangerous criminal.

Immigration officials have been trying to deport Cammarata since 1946 but their efforts have been blocked by powerful influences which, according to Sen. Williams, included the introduction of bills in congress to save Cammarata. When the insolent Cammarata was before the rackets committee last week he suddenly assumed a thick accent and professed not to understand the questions. Kennedy accused him of putting on an act in faking the accent and a lack of understanding because he said a few minutes before he had heard Cammarata speak fluently and apparently understand everything that was said to him.

The thing that is very difficult for the average citizen to understand is how known criminals and ex-convicts can influence departments of government which have a reputation for riding roughshod over any ordinary mortal who dares to cross them. Few things could be of more interest to the public or more directly in the interest of good government than to expose every person involved in protecting Cammarata and others of that stripe.

'By Yonder Blessed Moon I Swear—'

The scientists and space pioneers preparing to shoot the moon and probably even eventually to occupy that planet had better take note of the moon's importance to everyday people. Knocking the moon off kilter, for instance, would upset a lot of things besides the tides.

The magical or at least mystical qualities of the moon have been invoked for centuries. Farmers plant potatoes in the dark of the moon, preferably on Good Friday, and peas during the light of the moon. A crescent with its tips upward means wet weather since the infant moon is obviously holding water. The unsuspecting who fall asleep in the moonlight are liable to wake up blind or, as Shakespeare pointed out in Othello, quite mad. Our words lunatic and loony come from the Latin word for moon.

The best good luck charm is the left hind foot of a rabbit killed in a graveyard in the full of the moon. And children will remember the cure for warts which led Tom Sawyer and Huck Finn to witness by moonlight a horrifying murder.

Scientists have probed for years for ac-

tual changes in personality taking place during different stages of the moon. But moon colonizers will run into their greatest trouble, not by finding out that the moon isn't made of green cheese and so calming the Wisconsin dairy industry, but if familiarity with the moon dims its value to lovers.

Poets and songwriters have warbled about the moon's effect upon romance for centuries, partly because so many words rhymed with moon but also, in Keats' phraseology; "What is there in thee, Moon! that thou shouldst move my heart so potently?" And here the explorers must tread warily. A moon is too good an excuse to kiss a girl (or be kissed), and to make wild promises sometimes accompanied by a ring. Without the moon, in fact, what would become of romance?

Juliet may have asked Romeo not to swear by the moon because of its inconstancy, but most young lovers are willing to take that chance.

Even in the interests of exploration or to thwart the Russians, we can't get too scientific about such things.

A Red Plot Fizzles

In his inaugural address, Mexico's President Adolfo Lopez Mateos brushed aside the "Communist menace" with a scornful reference to "Cafe Reds" and said the country is more concerned with its economic problems.

At that very moment Mexico was bearing witness to the truth he spoke. The Communists had prepared to wage a rock-throwing, whistling campaign of calumny against Sec. of State Dulles, calculated to outdo the outrages they had instigated against the Nixons on their Latin American tour, particularly in Venezuela.

Dulles was in Mexico three days for the ceremonies, and Ambassador Robert C. Hill was unnecessarily concerned. The Mexican officials took steps.

Retiring President Cortines gave the Communists and their backers a choice of leaving Mexico City or going to jail. Troublemakers staying around were jailed during Dulles' visit. Student leaders kept their classmates from any show of violence.

To be sure, some Communist leaflets were distributed before police raided the print shop where they originated, and some "Dulles-Get-Out" phone calls were made in response to the Reds' instructions, but there were almost as many calls which were friendly to Dulles and the United States.

President Lopez Mateos will hear from the Cafe Reds about his "interference with the people's liberties," but he probably won't pay them much mind.

People's Forum

Survival Rests On Ability to Prevent War

Editor, Post-Crescent:

The apathy which many citizens display when exhortated by the Office of Civil Defense to "analyze what they have done toward building an effective civil defense," is probably rooted in sound common sense.

It goes without saying that we are all interested in survival, but many of us doubt that this can be achieved, during an H-bomb attack, by retiring to the "family shelter," as suggested by the

OCDM preparedness card, unless we are in a position to build this shelter six hundred feet underground. The building of a small family shelter would merely engender a totally unjustified feeling of security. This would obscure the fact that our only good hope for survival rests upon our ability to prevent war, which in turn depends upon our willingness to accept reasonable compromises in international affairs.

Union Officials Keep Mum Despite Evidence

From The Anderson S. C., Independent

The senate rackets committee, continuing its war on hoodlums, produced Texas Rangers who identified the voices of four teamster local officers who used dynamite to persuade employers to stand aside while their workers were organized.

Dynamited trucks and hired assassins were part of the campaign described on tape recordings the accused teamsters refused to admit as their own in Fifth Amendment pleas.

Chairman McClellan couldn't even draw a yes or no when he asked if men who organized in this manner were not rats.

Pastor Lists Liabilities In Prohibition Repeal

Editor, Post-Crescent:

This evening's Post-Crescent carries a long editorial and a full page advertisement extolling the benefits to the country from the repeal of the prohibition laws 25 years ago.

But you tell less than half the story of the effects of repeal.

A business filing a petition for bankruptcy may list a considerable number of valuable assets, constituting in themselves a sizable fortune. But when alongside those assets the known liabilities are listed, the total insolvency of the entire operation becomes obvious.

You would appear to have forfeited your right to pose as a competent analyst of social or economic affairs, when you disregard the alarming list of liabilities which the alcoholic beverage industry has incurred.

An editorial appearing in the issue of November 10 of Christianity Today, a non-denominational periodical of wide circulation and considerable prestige in the field of religious journalism, presents a much more complete and valid evaluation of these 25 years of repeal.

This editorial lists most of the assets which your own editorial extols, giving due recognition to beverage tax revenue, property and income tax revenue from the industry, and employment of a sizeable labor force, and the importance of these items in the national economy.

Christianity Today lists also under eleven categories the liabilities, which are mountainous: (1) an increase in the number of drinkers to 60 per cent of the population — far more than at the end of prohibition; (2) a steadily mounting rise in crime, directly or indirectly due to alcohol. Crime did not begin with the prohibition era, nor did it decline with the end of prohibition; to the contrary the crime rate has advanced progressively as the liquor industry and habit have grown. Don't you read your own news items of tavern-started crimes of all sorts? The saloon was guaranteed never to return; but it is back, and with a woman on every other stool. One Michigan city cited in the editorial

has found that for \$57,573 collected in licenses in 1950 it had expenditures due to crime related to drink of \$248,000.

(3) The dangerous rise in juvenile delinquency, in much of which alcohol plays a direct as well as indirect part; (4) the consumption in alcohol manufacture of huge amounts of food grains and fruits, and this is a hungry world; (5) flagrant violation of liquor-control laws by numerous persons engaged in the industry. (6) "Bootlegging is now higher than at any time within the past 25 years." This estimate is quoted in the editorial from The New York Herald Tribune. And repeal was to end the illicit traffic! (7) Jails, alcoholic rehabilitation institutes, and Alcoholics Anonymous are taxed to capacity with the care of drink-caused crime, sickness, social degeneracy. (8) The marked prevalence of women "solo drinkers" in bars and cocktail lounges across the country. Neither in prohibition nor pre-prohibition was that known.

(9) Chronic alcoholism is now the fourth most prevalent disease among the American people. And 10 years after repeal only one in eight of chronic alcoholics was a woman, while now one in four of chronic alcoholics is a woman. Before repeal the term "alcoholic" was itself almost unknown, and the condition almost a clinical rarity. (10) A long indictment of the entire advertising industry for its corruption of standards of decency and respect even for family and sacred things, and an intolerable invasion of the privacy of the home with its campaign to make America 100 per cent drunken.

(11) The terrible toll of life, permanent crippling, injury and suffering, and property destruction which is chalked up each day on the highways of America, and for which the drinking — not drunken — driver is charged by every reputable investigative agency, whether private, scientific, criminal, highway safety commission, or strictly governmental, as being the primary, major cause. The bootleggers of prohibition days may have killed each other. The "legalized" distillers and brewers now kill some 75 per cent of all persons killed in highway accidents. And that is 25,000 to 30,000 lives, many of them those who were innocent victims of the "respectable" social drinker.

This list is too long for you to print in your paper, but it is just when a list of liabilities gets as long as this that the bankruptcy of a large business becomes apparent, no matter what the front of-

Looking Backward

Northern Hospital in 7th Year

79 YEARS AGO

Quoted from the Appleton Crescent for the week of Dec. 13, 1879.

The annual report for 1879 of the Northern Hospital for the Insane soon will be given to the public.

From it the fact will be learned that on the 30th of September it contained 546 patients, that in the six and a half years of its existence it has treated 1,333 patients and cured 338.

The trustees might have dwelt on the fact that, considering the admirable system of treatment and management, it is one of the most economically conducted hospitals for the insane on this continent.

The Crescent decidedly is in favor of the enlargement of the hospital, as recommended by its Board of

Trustees, and thinks an appropriation of \$100,000 at least should be made by the coming Legislature toward that object.

25 YEARS AGO

Wednesday, Dec. 6, 1933

Christmas music and Christmas carols were to fill the air over downtown Appleton the week before Christmas. Business men, professional men and school authorities were cooperating in a Christmas program that was to attract thousands of people to the city.

A group of Appleton paper mill workers met to take preliminary steps toward organization of an Appleton local of the International Union of Pulp and Paper Makers, according to Carl Smith, president of the Appleton Trades and Labor Council.

Mrs. J. J. Schemmel was elected president of St. Therese Study club. Mrs. Charles Fischer was the new vice president and Mrs. R. McGregor, secretary.

16 YEARS AGO

Wednesday, Dec. 8, 1948

Joseph Brouillard and Robert Lathrop, Appleton policemen, were attending an FBI photography school in Veneta.

Four people from Appleton and one from Menasha attended the Red Cross home service meeting in Green Bay. Miss Edith Lewis, executive secretary of the Outagamie County chapter said that day in addition to Miss Lewis, those who attended were Mrs. W. B. Easton, Mrs. Urban Van Susteren, Mrs. George Metcalf and Mrs. E. B. Shepard. Menasha.

Officers were elected by

Under the Capitol Dome

Welfare No Longer Means Care of Needy

BY JOHN WYNGAARD

Madison — One of the facts about modern government that is most difficult for some persons of a conservative bent to understand, not to mention support, is the vast disbursement of funds for "welfare" programs during a period that according to all normal barometers is one of prosperity.

Thus the state welfare administration the other day coolly filed a budget document proposing to spend on various services in its jurisdiction nearly \$100,000,000 a year during the next two years.

As men of middle-age or beyond will remember, that is considerably more than the state was disbursing during the darkest days of the economic crisis of the early 1930's, when there was wholesale unemployment, hunger and distress generally among hundreds of thousands of Wisconsin residents. Why the hugeness of welfare spending today?

WELFARE STANDARDS

There are several principal reasons, but most important among them is the fact that concepts of legitimate welfare programs have been revised radically. It is no longer a matter of relieving economic distress. If the welfare budget was confined to indigents, it could be cut by 75 per cent, at least.

The welfare programs cover the gamut from services to the aged, the young, the ill, the delinquent and the incompetent.

They have no necessary relation to the private resources of the individual involved. Rich and poor get the services of the state mental hospitals. The wealthy man, and the man earning \$50 a week, gets free care in the tuberculosis institutions.

Standards of adequacy in those programs also have been lifted generally. There are institutions for the training of the delinquent in the

field looks like, nor how impressive its list of assets may appear when examined by themselves.

Repeal is a failure in every one of the promises it made, except to let folks have what they want when they want it, regardless of what it does to them or anyone else.

And of course you could not afford to antagonize your advertisers by printing the truth about the liabilities of legalized alcoholic beverages!

Pryor T. Smith, Pastor First Presbyterian Church Weyauwega

state with per capita costs running higher than do the tuition and room and board bills at the highest grade private academics and colleges. Millions have been invested in new institution plants. Each addition involves hundreds of thousands of new payroll costs for operations. These specialists come high.

Moreover, there is perhaps no phase of governmental operations in which the pressure for the extension of services and the invention of new ones is more persistent, ingenious and more popularly backed. Each legislature is confronted with the strongest appeals for yet more welfare services in dozens of directions. Just now, for example, there is building a strong campaign for state financing of county child guidance centers and for the provision of a new kind of state institution for the treatment of emotionally disturbed children. Neither has the faintest relation to the economic circumstances of the individual family or child.

HOW IT GOES

An apprehensive taxpayer was discussing the other day the plan for the latter institution with a member of the legislature who is one of its most anxious backers.

Just how would this hospital (which officials say will operate at a cost of up to \$10,000 a year per patient) serve? Would the senator name an example of the kind of patient that would be admitted. The senator would. He named the child of a prominent public official earning at the rate of \$14,000 a year and possessing some private means in addition.

The senator was quite unconscious of the incongruity of proposing tax-financed psychiatric service to a man who by all standard definitions should be able to provide it at his own expense.

If that man cannot hire psychiatric service on a private retainer, it may be asked, who can? But the question is quite irrelevant, in all likelihood. The hospital will be built and this man's child will become one of the first patients.

Apathy to Communism Is Luxury

Editor, Post-Crescent:

I never cease to wonder at the variety of subjects the Appleton Post-Crescent offers to its readers each evening. Some are entertaining, some informative, some are heart-warming, while others are blood curdling. To say I enjoy reading the paper is not entirely true. Often the headlines tell of impending disaster or probable doom. We're living in an era of "cold wars" and "iron curtains." Facts are combined with conjecture to give us a greater insight so we may know how communism functions. Unlike other enemies in our country's history, communists are trying to destroy us from within. Subversiveness is their key and, due to apathy, we may never know how many doors this key has opened.

It's our civil duty to keep well informed, to be active and interested members in whatever organizations we belong to, and to pray constantly so we may recognize subversiveness if we find it. Apathy is a luxury only fools can afford!

Scores Denial Of Evidence on Negro Voters

CONTINUED FROM PAGE 1

when such defiance develops. He said all around the country we are running into refusals to comply with the basic laws of the land that have been upheld as being legal and proper. That, he said, is a reprehensible kind of thing.

The president sounded a new appeal for respect for the law. He said there should be no interference with the right of free men to vote.

The news conference also dealt with these other matters:

At the outset, Eisenhower volunteered a review of the Berlin picture going back to the days of World war II.

He concluded the summary by saying that in the current crisis there the United States will continue to stand for unification of all Germany — and against any move by Russia to strike at the freedom and security of West Berlin.

Answers Truman

This country — together with its western allies, feels a responsibility and a duty to maintain the freedom of West Berlin, Eisenhower said. He also emphasized that the United States, Britain and France have a right to remain in Berlin.

With a show of irritation, Eisenhower said he has a little too much sense to get mad at anyone. This was in comment on former President Truman's remark Monday that Eisenhower has been mad at him since the 1952 campaign.

A reporter told the president today that Truman said there was nothing personal between him and Eisenhower, but that he (Truman) "raised hell" with Eisenhower six years ago "when he didn't knock Jenner off the platform after he called Gen. Marshall a traitor."

The references were to Sen William Jenner (R-Ind) and Gen. George C. Marshall, army chief of staff during World war II and later secretary of defense and secretary of state.

Bristling, Eisenhower said

Cult Building Blown Up by Bomb; 6 Dead

CONTINUED FROM PAGE 1

Elwin; Anna Noga, 65, and Ethel Ray, 58.

A woman cultist, Bishop McCone, said she was sleeping in the administration building. She was awakened, she said, and looked out to see a man outside in an argument with two cult members, one of whom she believes was Shanafelt.

Five minutes later came the explosion, she said. She escaped virtually unhurt.

Brother Isaiah said he and

he always — before, during and after the war — had made known his admiration and respect for Marshall. He said Marshall is one of the men he calls great.

The president added that if anyone says he ever stood still while any man, in his presence, reviled Gen. Marshall, it just is not true.

11 boys were asleep in a dormitory building adjacent to the administration building. The dormitory roof was blown off. Brother Isaiah led the 11 boys to safety.

Sister Ruth Lewis, in a women's dormitory 100 yards away, said:

"The ground shook and debris landed on the roof. At first I thought it was an earthquake. I remembered there was a rocket plant nearby and then I thought there had been a nuclear blast.

Building Inferno

"When I got outside, my worst fears were realized. Where the headquarters building was, was a roaring inferno. I ran to the building. There was nothing left to do. It was terrible."

The explosion started a brush fire which burned 200 acres before it was controlled.

The cult's quarters are sprawling buildings in Box

canyon straddling the Los Angeles-Ventura county line. The headquarters building, a 2-level structure, was of stone and stucco.

Linda Lee Baker, whose father, Martin, and sister, Keela, presumably perished, was burned on the face and upper body. From her hospital bed she whimpered to her grandmother, Sister Lewis:

"Where's Keela? I want my sister and daddy. When I left my bed they told me Keela was all right. I'm worried. Do you think they are dead?"

As doctors worked on her, Linda said: "It was like a dream. There was a big noise and suddenly the room was filled with smoke. I couldn't see my sister or roommates. The flames followed me. I ran out of the room and burned my arms."

"Our whole house was going up. A lot of trees were burning. I saw tin, and dogs and beds spread all around. I love God and hope He will help me."

Priestess Mary, who was sleeping in the women's dormitory, said: "It was too hot to get near. Nobody could get into the fire in the main house."

100-Man Addition to State Patrol Asked

CONTINUED FROM PAGE 1

led the former Kohler administration to bring about the first substantial expansion of state road law enforcement activities.

Larson replied the Northwestern university traffic institute survey originally proposed a unified Wisconsin patrol force of 850 traffic officers.

Under Nelson's prodding, it was brought out that the counties now have about 400 men doing the same work, at least part of the time.

But Larson said the county officers also perform other police work and that they patrol the local roads while the state men are assigned primarily to the main state and federal highways.

The state patrol now covers about 12 per cent of the state highway system of about 12,500 miles. The increase would bring coverage to 18 per cent, he said. He could not say, he told the governor-elect, what the ultimate ratio of coverage should be.

Accidents Reduced

The motor vehicle commissioner said highway accidents have been reduced since the state patrol has been on the road in spite of more motor vehicle travel and higher registrations.

Nelson also asked Larson whether he believes a flat \$16 automobile registration fee is fair and asked Larson to submit alternative plans based upon charges graduated according to value or weight.

Larson said he has some proposals but preferred to submit them at another time.

Chairman Plummer said that despite the hugeness of the state road program as planned for the next two years, it does not cover all the road needs of Wisconsin. "We do contend that this budget is a realistic application of available funds to the various needs of our highway system," said the Republican administration road chief to the new Democratic governor. The latter bitterly attacked the Wisconsin road program during his successful campaign.

Election Proposals

Plummer also alluded to Nelson's election proposals for a state highway bonding program to accelerate road

construction beyond that which is possible on the traditional cash basis.

He warned the federal road user tax receipts are not being wholly applied to road building and said there are strong proposals to increase federal gasoline taxation. Such federal tax legislation would threaten this state's future prospects for raising more money for its own roads by preempting the motor fuel tax, he said.

"This state source of revenue is needed for the future regardless of whether highways financing is maintained on a cash basis, but more necessarily so if bonding were contemplated," Plummer stated.

Brighter Outlook In Two Ways for Father of Victim

Chicago — Things looked a little brighter—literally and figuratively—Tuesday for Stanley Burda.

Things were blackest a week ago when he left Cook County hospital wearing protective blinders over an injured eye to make funeral arrangements for his daughter.

The girl, Beverly Ann 13, was killed in the fire Dec. 1 at Our Lady of the Angels school.

Burda, a 37-year-old former milkman, was unemployed. On the morning of his daughter's death, a splinter which penetrated his left eye while he was chopping wood, was removed.

The tragedy got Burda a job, temporarily, checking up on the needs of other families whose children were killed or injured in the fire. He was hired for this work by Jim Moran, an auto dealer, who announced he would give \$10,000 to needy families of fire victims.

Burda was told by doctors yesterday he could take off his blinders. His injured eye is virtually normal again.

Snowfall Halts Operations at Oswego Mill

Marathon Plant May Resume Work This Afternoon

Menasha — Operations at the Oswego, N.Y. mill of Marathon division of American Can company have been shut down completely since Monday as a result of the 5-foot snowfall which hit the city since Sunday. It is hoped to resume work this afternoon.

Plant Manager Ron Westgate, in a telephone call to company officials here this morning, said the city is in a state of emergency and the civil defense has been activated although it is not in charge of activities.

Eleven inches of snow fell Saturday and then stopped. It began snowing again Sunday noon and has been snowing since. The snowfall measures 60 inches on the level ground.

Only about 12 of the more than 650 employees of the plant are working, mainly because the others are unable to get to work. This group is keeping the boilers in operation and doing skeleton operations of plant security.

Snow removal crews, including the plant's own snow removal crews, have been working continuously since Sunday. Westgate said it is hoped converting operations may be resumed at 3 p.m. today and the paper mill operations at 4 p.m.

No plant facilities have been damaged and both the power and fuel supply are all right, he reported. A Sunday crew stayed on working through most of the 8 a.m. to 4 p.m. shift in the paper board mill Monday and scattered operations were reported for Monday morning in the converting plant. The latter was shut down at noon Monday.

Twin City Deaths

Albert O. Sielaff

Neenah — Albert O. Sielaff, 72, died at 8:40 a.m. today at his home, 161 E. North Water street, after a long illness. He was born June 8, 1886, in Germany and came to Appleton from Germany in 1914. He lived in Neenah for the last 38 years. He operated a shoe repair shop on the island 30 years, retiring 8 years ago. Funeral services will be at 2 p.m. Saturday at Trinity Lutheran church with the Rev. Gerhard A. Schaefer in charge. Friends may call at the Kessler Funeral home after 2 p.m. Friday and at the church after 12 noon Saturday. Survivors are the widow; a daughter, Mrs. Amos Schwerin, Freeland, Mich.; a son, Max O. Sielaff, Green Bay, and five grandchildren.

Bersch Funeral

Winneconne — Funeral services for Roland J. Bersch, 58, who died Monday evening, will be at 2 p.m. Thursday at the Mueller Funeral home with the Rev. O. P. Lovik in charge. Masonic services will be conducted and burial will be in the Winneconne cemetery.

EUB Church Names Sunday School Staff

Neenah — Sunday school officers elected at the Evangelical United Brethren church this week are Elmer C. Gollnow as superintendent, Harold H. Brown as assistant superintendent, Edward J. Schultz as secretary and George Lamb as treasurer.

Everything Was Lost Except toys stored underneath the bed when fire destroyed the Donald Seely apartment above a double garage in Winneconne early Tuesday morning. Above, wearing clothes borrowed from their cousins, are Bobby, 13 months, and Sylvia, 2, while their mother wears the coat she donned over pajamas as she fled into the sub-zero cold. Seely, at the left, also in borrowed clothes, looks at the carton of undamaged toys.

Burned Out Family Looks to Christmas

Only Toys Undamaged by Fire; No Presents Last Year, Father Was Laid Off

BY ALLAN EKVAL
Post-Crescent Staff Writer

Winneconne — The two Seely children, Sylvia, 2, and Bobby, 13 months, will have some Christmas presents this year.

But almost it was no Christmas, at all for them or their parents, the Donald Seelys.

"If I had gone to bed instead of falling asleep on the couch, none of us would have gotten out," he said as he looked back upon the fire that early Tuesday morning consumed all of their belongings—clothing, furniture, bedding and all. None was insured.

All they have is the clothing worn as they fled into the 15 degree below zero cold, five Christmas toys that were in a carton under the bed, a

Two Complain of Minor Injuries After Collision

Oshkosh — Two men complained of injuries after a stalled auto was hit by another car on County Highway P Tuesday afternoon.

The stalled car, driven by Lawrence H. Gosz, 52, of 512 E. Summer street, Appleton, was struck by a car driven by Clifford J. Peronto, 19, of Greenville, Peronto said he couldn't stop in time.

Peronto received a cut nose and bump on the knee. Gosz complained of back pains. Both were advised to see a physician.

Cars driven by Armond J. Sonnentag, 45, of 205 Center street, Neenah, and Celia A. Kohanski, 850 Third street, Neenah, collided in the Valley Fair parking lot Tuesday afternoon.

The sheriff's department received the report of an accident at Highways 41 and 150 Tuesday afternoon. Upon investigation they found the headlights from a light green car and broken headlight glass but were unable to locate any vehicle involved.

baby buggy that was being kept at her sister's house and their car.

No Christmas Last Year
Last year the children had no Christmas. Bobby was just a month and a half old, being born Nov. 6. Sylvia had turned her first birthday on Sept. 21 that year.

It wasn't that they were too young to have presents. There wasn't any money for presents. Seely had been

Altar Society Gives Money, Seeks Clothes

Winneconne — Altar society of St. Mary's Catholic church is giving a money donation to the Donald Seely family and is asking for clothes for the family. In charge of the solicitation are Mrs. O. B. Zimmerman, president, and Mrs. Gerard Corcoran, past president. Contributions may be left at the Zimmerman home or at the Corcoran apartment at the rear of the Winneconne News building.

working as a farm hand near Lake Geneva until a week before Christmas — Dec. 18 to be exact — when he was laid off. Milk production was down and an extra hand would not be needed until March.

Seely found work in a filling station at Lake Geneva but the station was sold. In

4 Participants In Street Fight Forfeit Bonds

Menasha — Four Menasha men forfeited \$14 bonds each at the police station this morning for participating in a street fight in front of a Main street tavern at 11:44 p.m. Friday.

Charged with disorderly conduct were John Schommer, 25, 818 Marquette street; Elmer Krause, 43, 2131 Main street; Fabrian Peiky, 48, 352 Water street; and Robert Hudson, 24, 828 Lincoln street.

POST CRESCENT News of the Twin Cities Neenah - Menasha

Town of Neenah Sets \$6 Tax Rate

School District Levies Range From \$7.79 to High of \$18.16

Neenah — Town of Neenah tax rates for next year were announced today by town officials with increases noted in both the town's rate and the school rates.

Property owners will pay a rate of \$6 per \$1,000 of assessed valuation plus the rate for

their particular school district.

The town's rate includes \$5.08 for the county tax, 29 cents for the state tax and 63 cents for town purposes. The comparable rate set last year and paid this year was \$2.50 per \$1,000 of valuation. This covered only part of the county tax as the balance of the county tax, state tax and town tax were paid from money on hand and revenues anticipated.

The increase in high school tuition and transportation costs, determined on a county-wide equalization basis rather than on the number of township students, and the increase in the county tax made the increased rate necessary this year, Town Clerk Richard Roubesh explained.

Lakeview joint school No. 5 district taxpayers will pay \$12.79 per \$1,000 valuation as their school tax in addition to the \$6 town tax, up from the \$10.80 paid this year.

The rate for Tullar joint school district No. 2 was increased to \$13.32 from the \$10.80 paid this year.

Gillingham joint district No. 1 jumped up to \$18.16 for next year as compared with \$12.70 paid this year.

Mears joint district No. 6 will pay a \$7.79 rate, up 19 cents from this year's \$7.60 rate. The rates are necessary to raise the money requested by the district school boards.

8 Officials Attend Water Rate Hearing

Neenah — Testimony backing a request for an increase in water rates, the first since 1949, was asked by city officials at a public service commission hearing Tuesday afternoon at Madison.

Testifying at the hearing were Mayor Chester S. Bell, water works commission president; City Clerk R. V. Hauser, commission secretary; Everett Westfahl, water works superintendent, and A. W. Scholl, McMahon Engineering company engineer.

City Atty. Charles Schaller presented the city's request. Also at the hearing were Ray Murphy and Charles Abel of the water works commission and Wilmer Fahrback, water department accountant.

State Allows Addition to Water Plant

Menasha Board Gets Final Drawings for \$215,000 Project

Menasha — The city received public service commission permission Tuesday to build an addition to the water filtration plant and to install a 1-million gallon filter. Cost of the project is estimated at \$215,314.

Final drawings for the expansion, which will increase water capacity from 4 to 8 million gallons a day, have been submitted to the water and light commission by McMahon Engineering company, Menasha.

The commission and the council's board of public works will study the plans before calling for bids.

A 15-foot strip along the Fox river must be filled in to allow construction of the addition at the rear of the present plant.

The expansion is needed because water use has increased from 5 to 10 per cent each year during the last several years.

Chamber Secretary Undergoes Operation

Neenah — John G. Konrad, Chamber of Commerce executive secretary, underwent a 4½ hour operation which required four surgeons at the University hospitals at Madison last week. An injured disk was removed from his neck.

He has been at the Madison hospital for more than a month after being confined to Theda Clark hospital for several weeks earlier this fall.

First Graders Will Play the Parts of Little Angels Sunday night when St. Mary Catholic school presents a Christmas Play, "The Gift of Tenyvin" by John Tumpane. Sister M. Marietta and Mrs. Carl Larsen fit Gary Anderson with his costume. The play will be at 8 p.m. in the high school auditorium.

213 Pints of Blood Donated To Red Cross

31 People Given One-Gallon Pins By Menasha Unit

Menasha — Donors contributed 213 pints of blood Monday and Tuesday when the Red Cross mobile blood unit stopped at the First Congregational church. William Platt, director of the Menasha Red Cross chapter's blood program announced today.

Platt expressed appreciation to those who braved zero weather to answer appeals for more donors. Colds and flu cut into the ranks of would-be donors, he stated.

Several Red Cross volunteer workers left their posts temporarily to donate blood. It was reported. The goal was 240 pints.

Bum Spafford received a pin for contributing his 16th pint of blood. Thirty-one donors also contributed their eighth pint.

One-gallon pins were given to William Brown, Mrs. Lloyd Clouse, William Callaway, Ralph Caston, Tom Collins, Rocklin Gmeiner, Lawrence Gunderson, Royden Haft, Ewald Jarvis, Shirley King, Richard Loehning, Mrs. Edward Mott, Lewis Mittlestead, Sylvester Michalkiewicz, Joseph Pavetetzke, Jr., Harold Schlack, Mrs. M. Smarzynski, Gene Schramm, Royce Thiel, Francis Vanisky, William Makofski, Kenneth Phillip Vanderhyden, Lyal Lang and Richard Williams, Donald Wakefield, helped load the Red Cross truck. Arthur Lornson, Elmer Wolff, truck.

Frank Beck Seeks Return As Treasurer

Menasha — Frank Beck, city treasurer since November of 1943, today took out nomination papers to run for an eighth consecutive term. He is the second candidate for the April elections.

Beck, 640 Lake Crest drive, has served as treasurer since he was appointed to the post in 1943 by the late Mayor William Jensen. He has been elected seven times since, usually without opposition.

Nomination papers must be filed by 5 p.m. Jan. 27.

Twin City Loan, Savings Group Hikes Dividend

Neenah — Twin City Savings and Loan association today announced payment of its 130th consecutive semi-annual dividend to shareholders of record Dec. 31 at an annual rate of 3½ per cent.

Owners of full paid shares will receive their dividends in cash as in past years and savings owners will have their dividends added to their account balance.

The dividend represents an increase of one-fourth per cent over that previously paid. The Twin City Savings and Loan association this year arranged more than 430 mortgage loans for a total cash outlay of \$3,500,000.

Ken Anderson and Louis Du-

broka.

Timothy Tuchscherer, David McGuire, Bruce Ellinger, Royce Thiel, Francis Vanisky, William Makofski, Kenneth Phillip Vanderhyden, Lyal Lang and Richard Williams, Donald Wakefield, helped load the Red Cross truck. Arthur Lornson, Elmer Wolff, truck.

73rd Home Permit

Menasha — The city's 73rd home permit of the year was issued today to Raymond Zeininger, who will put up a \$9,500 house at 805 John street.

Spang Cracks 643 In Neenah League

Blohm Gains Game Honors On 243 Solo

Neenah — Florian Spang posted the top series in the Neenah City Bowling league at Muench's alleys Tuesday night, coming up with a 643 effort.

Spang was above the 200 pin mark in each of his games with a high of 233. Game laurels went to Milo Blohm with his 243. The latter finished with 588.

Al Kobussen collected a 637 total for runnerup honors. His 242 game also was second best. Clarence Toeppler bowled 604 for the only other 600 plus series.

William Dowling, Jr., and Charles Tensendorf had 594, Paul Schlaefter 591, "Spike" Versteegen 585, Wally Seilnow

584, Syl Beachkofski 583, Hal Gangel 582, Blondie Pawlowski 581; Jack Schroeder 580, Jules Weisgerber 578, Paul Stordock 577, Norm Lenz 228-577, William Dorow 231-575, Durward Lindquist 575, Joe Spilski 574, Bert Voss and 'Jiggs' Giguere 572 and Frank Schipferling and Charles Munsche 571.

League-leading Jitter and Joe's won two games and now has a 281-131 record to top Star Bar and Kiefer Clothing by 23 games. None of the 10 victorious teams in the 20-club circuit was able to sweep three games.

Kopitzke in 637 Trio for Pin Honors

Menasha — Ernie Kopitzke hammered a 637 series in the Twin City Men's Industrial Bowling league Tuesday night at Mid-Town alleys. There were no honor games of 225 but Kopitzke was just a pin off.

Bill Schink jolted the runnerup 591 series and Bob Kargus collected a 581 count.

"Chuck" Green and Al Smarzynski both had 571 totals while other honor totals included Bob Cole 569, Marlin Buss 561, Lloyd Sternhagen 558, Sam Gartzke 557 and Stan Gustavus, Clarence Karow, Alan Laux and Dick Hanson, all 550.

Marathon Main Office is the pace setter with a 33-9 record in the 14-team lead. It has a 41 game advantage over runnerup Gilbert Paper.

Marathon Five Scores Fourth Straight Win

Defeats Red Owl; Banta's, Strange's Record Triumphs

Menasha Industrial League W. L. Marathon 4 0 Central Pk. 2 2 Banta's 3 1 Gilbert's 1 3 Strange's 2 2 Red Owl 0 4

Tuesday's Results: Central Paper 38, Strange's 31; Marathon 77, Red Owl 29; Banta's 51, Gilbert's 26.

Menasha — Marathon picked up its fourth straight Menasha Industrial Basketball league victory by trimming Red Owl 77-29 Tuesday night at the Butte des Morts gym.

Banta's nailed down sole possession of second through its 51-29 triumph over Gilbert Paper. Central Paper tied Strange's for third by defeating the latter 38-31.

Marathon raced in an 18-7 first quarter lead over Red Owl, paced by Dave Ruch's four baskets. The winners added 23 points in the second period and limited the losers to a field goal for a 41-9 halftime advantage.

Scoring honors for Marathon went to Ruch with 18 points. Vandenberg had 16. Each of the six Marathon players scored at least 10 points. Tuchscherer had 12 points and Boeger made 10 for Red Owl.

Banta's had a narrow 11-10 lead over Gilbert's after a period and it was in front 23-20 at halftime. The Publishers notched 18 points in the third period while holding their foes to three baskets to pull away 41-26.

Gene Helmd had 13 points and Tom Konetzke and Jane Anderson who chalked up 18.

Trinity led 13-12 at the end of the first quarter but trailed 21-18 at halftime. The losers were back in front 32-31 at the close of three frames but were outscored 11-7 in the last eight minutes.

Larson's 16 points led Our Saviour's to its win over St. Patrick's by defeating Patrick, Rocky Getsehow had Christian Youth 32-27 at the 11 for the losers. Our Saviour's Roosevelt gym Tuesday was in front 9-4 at the quarter and 20-14 at halftime.

First place Methodist and co runnerup St. Margaret Mary drew hives.

In other games, Presbyterian defeated Trinity 42-30 and Our Saviour's bested St. Patrick 37-33 to give both victors their initial league triumphs.

St. Paul trailed Christian Youth 6-4 at the close of the first quarter but managed a 17-14 halftime lead. The winners were in front 24-20 at the close of three segments.

Tom Drows scored 11 points for St. Paul and Kuester had 10. Paul Valente paced the combination team with seven markers.

Martiny scored 15 points to pace Presbyterian in its victory over Trinity. He yielded game honors to Trinity's Du-

Post-Crescent Photo

Attorneys From Three Counties were guests of the National Manufacturers Bank of Neenah at a dinner at North Shore Golf club Tuesday night. Talking with the speaker are, left to right, Edward S. Eick, Calumet Bar association; L. O. Cooke, Neenah, Winnebago Bar association president; Miss Patricia Ryan, Appleton, Outagamie Bar association secretary; August Eckhardt of the University of Wisconsin law school, speaker; J. F. Ryan, bank vice president, and S. N. Pickard, bank president.

Neenah Crash Blocks Rush Hour Traffic

Car, Semi-Trailer Collide at Driveway To Badger-Globe

Neenah — Rush hour traffic on N. Commercial street was blocked at 4:15 p.m. Tuesday when a semi-trailer truck driven by Gerald J. Remmel, 46, 705 Paris street, Menasha, and a car driven by John P. Peluka, 47, route 2, Neenah, collided at the driveway into the Badger-Globe mill.

Remmel said he was headed north and was waiting to make a left turn into the driveway when the driver of a southbound truck motioned to him to proceed.

He began making his turn when his truck and the southbound Peluka car, which was using the inside lane, collided. The semi-trailer blocked several lanes of rush hour traffic. No one was hurt.

Three cars were damaged in an accident at 3:20 p.m. Tuesday at Doty avenue and S. Commercial street. Mrs. Jeannine Whitlow, 532 Quarry lane, said she had a foot infection and was on her way to a physician. As she turned left from S. Commercial onto E. Doty avenue she felt a pain in her foot and remembers nothing until she saw a lot of people around her, she told police.

Two cars driven by Clarence Schafer, 30, 335 First street, and James L. Williams, 23, 1838 N. Clark street, Appleton, which were stopped at the arterial and headed west were struck by her car. Schafer said Mrs. Whitlow's car hit the curb on the south side of the street and then crossed over and struck their cars. She was taken to Theda Clark hospital in the Neenah ambulance.

Cars driven by Mrs. Edward Galuska, 874 Maple street, and Alvin E. Hanson, 777 Maple street, were damaged in an accident in front of the latter's home at 12:34 p.m. Tuesday. Both said their cars skidded as they applied their brakes upon seeing the other car.

Tom Hanson, 14, received a bump on the head and was taken to a physician.

Reiland each made 10 for Banta's. Privonnik collected 12 for Gilbert's, which only had one free throw.

Central rolled to a 14-5 first quarter lead over Strange's but was stopped at three points in the second frame and had its lead narrowed to 17-16 at the half. It was in hearing at 7:30 tonight.

After the hearing the council will meet officially to adopt the 1959 budget and set the proposed tax rate.

Winnebago Gets Praise From State Legislators

Visiting Committee Says Hospital Doing Commendable Job Despite Overcrowding

Post-Crescent Madison Bureau

Madison — A committee of legislative visitors is preparing a report that will contain high praise for the officers, employees and volunteer aides who operate the big state hospital for mental patients near Oshkosh.

The visiting committee represents the legislature as a whole and inspects state institutions during the period between legislative sessions. Chairman Holger Rasmussen, Washburn county state senator, will present the biennial account to the new legislature that will convene in January.

Winnebago hospital, serving largely patients from eastern and central Wisconsin, is doing a "commendable job" in spite of severe overcrowding and some staff shortages, the legislators concluded. They also praised the volunteer workers who handle various service and recreational programs and donate the equivalent of about 700 hours monthly to hospital work.

Reconstruction Lags The committee learned that the reconstruction program at Winnebago is somewhat behind that at the sister institution at Mendota, near Madison, but it commented that two big new patient buildings have been completed during the last half dozen years and two others have been authorized for early completion.

The hospital administration plans ultimately to raze the ancient central building of the hospital it was said.

The legislators' favorable findings came on the eve of the welfare department's request to the state legislature for a \$1,243,000 biennial increase in appropriations for the big treatment center. Needs \$7,340,000

According to figures already submitted to Gov. Elect Gaylord Nelson by Wilbur Schmidt, director of the state department of public welfare, Winnebago should have \$7,340,000 during the new biennium, against \$6,096,000 for

Neenah to Set Tax Rate After Public Hearing

Neenah — The common council will take action tonight on the highest rate and budget in the city's history.

Arguments for and against the proposed \$51 tax rate, up points in the second frame and had its lead narrowed to 17-16 at the half. It was in hearing at 7:30 tonight.

After the hearing the council will meet officially to adopt the 1959 budget and set the proposed tax rate.

Winneconne Family Loses All but Toys

CONTINUED FROM PAGE 1

May he came to Winneconne, his wife's home town.

He found a job at a Neenah filling station and worked there until late August when he took a job running a slasher at the Oshkosh Wood Products company. His father owned a 1-room cabin along the Lake Winneconne shore and there they stayed during the summer.

But the cabin was not meant for winter living when there are two small children. Six weeks ago they moved into the apartment over the double garage at the Arthur Loos home here. Mrs. Seely's brother-in-law and sister, the Frederick Reinkes, had lived there three years ago.

Worked on Present Things were beginning to look better until Seely woke up on the couch where he had fallen asleep after working on a plastic boat that was to be a Christmas present for Sylvia. The rest of the family had been in bed by 10 p.m. and he thought it was a half hour later when he fell asleep.

Suddenly he woke up. The wall behind the oil space heater and the floor underneath were on fire. Smoke was filling the room.

"Get the children! The house is on fire," he shouted to his wife.

She grabbed Bobby who was in bed with her, wrapped him in the bed blanket and carried him out to the Loos home. Seely snatched Sylvia up from her crib and they fled past the space heater, which was next to the bedroom door, through the kitchen and down the outside stairway.

The children safe, Seely returned to the house to save what he could. But flames had engulfed the apartment

interior and smoke clouded the rooms.

After Winneconne firemen had most of the fire extinguished, Seely went back upstairs, crawling on the floor because of the smoke, looking for what could be saved.

Toys Remain Only the carton of toys under the bed and a badly charred box that contained a doll had withstood the ravages of the fire.

Somewhat, two children denied toys last year because their father had no work, were not to go a second Christmas without presents.

The Seelys have moved in with her sister and brother-in-law and their three children who live kitty-corner from the Winneconne school, just south of St. Mary's church and rectory, in a 2-bedroom home.

Thirteen-month-old Michael Reinke is sharing his clothes with his cousin Bobby who is five days older. Barbara Reinke, 4, has some clothes that are too small for her and are being used by Sylvia. The third Reinke child is a boy, Dennis, 2.

Seely, who is 5 feet 10 inches tall and weighs 150 pounds, borrowed some of the clothes of his brother-in-law, to get through the day. His wife, who takes a size 16, lost all but the coat in which she fled the blaze.

Seek Help The Seelys said they plan to contact a welfare agency today for help in replacing the lost clothing and furniture. Her eyes filled with tears as she listed the items lost in the fire — a bed, two cribs, couch, dresser, TV set, kitchen set, clock-radio, chair, bedding and summer and winter clothing.

"We might be able to use the refrigerator again by sanding it down," she thought but she didn't know if the mechanism of the once-white refrigerator would work. The kitchen stove and space heater belonged to the landlord.

Scout Cookie Sale Menasha — Boy Scout Troop 55 will hold a Christmas

GAR Circles Will Meet

Neenah — C. B. Clark circle, Ladies of the Grand Army of the Republic, will elect officers at a 1:30 p.m. Monday dessert luncheon meeting at the home of Mrs. Frances Johnson, 125 Fifth street.

Co-hostesses are Mrs. Ernest Rhoades and Mrs. Mary Brandmark. Members will bring gifts to be distributed to patients at King Veterans home.

Betsy Ross club of Ladies of the Grand Army of the Republic has scheduled its meeting for 1:30 p.m. Friday at the home of Miss Theo McCallum, 1171 Caroline street, Neenah. Miss Olla Perry is hostess.

VNA Auxiliary

Neenah — Visiting Nurse association auxiliary held a work meeting Tuesday afternoon at the VNA house. Committee appointments will be announced at the Jan. 20 business session.

Miss Aileen Remmel, nurse director, spoke on the work of the VNA organization at a recent meeting.

Square Swingers

Oshkosh — The Square Swingers, Oshkosh square dance group, will hold its Christmas party Dec. 21 at the Hotel Raulf. A farewell dinner was given Sunday evening at the American Legion clubhouse in honor of Mr. and Mrs. Robert Alesch who are leaving the city.

Homemaker Party

Arleneville — Progressive Homemakers club will hold its Christmas party at John's Poinsettia Monday noon. Gifts will be exchanged after the luncheon.

mas cookie sale in the St. Patrick Catholic school dining room from 7 a.m. to 2 p.m. Sunday. Proceeds will be used to send boys to the scout leaders camp at Gardiner Dam.

Trotters Test Manitowoc in League Outing

Kenosha Cager Boasts Big Lead In Scoring Race

W. L. Extension League

Kenosha 4 1 Manitowoc 2 2 Watonsau 3 1 Green Bay 2 2 Sheboygan 2 1 Menasha 0 4 Kenosha 4 2 Manitowoc 0 5

Tonight's Game Manitowoc at Menasha.

Menasha — Menasha entertained Manitowoc at 7 o'clock tonight at the Butte des Morts gym in the only University of Wisconsin Extension division conference game tonight.

Menasha is winless in four starts and Manitowoc has five losses. The latter lost to Green Bay 68-65 in its only start last week while Menasha fell to Sheboygan 87-51.

In other games, Racine and Wausau were handed their first defeats. Wausau hosted Kenosha 68-59 in an overtime but lost to Racine 61-50. Racine was beaten by Marinette 73-72 after the latter lost to Kenosha 63-53.

Richard Jossart of Kenosha is far ahead in the individual scoring race with 160 points in six games. He is averaging almost 28 points per game with his 68 field goals and 30 free throws.

Duwayne Prinson of Sheboygan, who made 20 against Menasha, has 90 for second and Merrill Millhiser of Green Bay is third with 83 points. Prinson has played four games to Millhiser's five.

Menasha's leading scorer is Jim Hanson with 64 markers in four starts. Andre Colman tops Manitowoc with 60 in five.

The scoring:

Kenosha 68, 30, 100; Prinson, Sheboygan 87, 25, 112; Millhiser, Green Bay 83, 32, 115; Brockmeier, Wausau 53, 21, 74; Floyd, Racine 53, 24, 120; Beyer, Marinette 73, 30, 111; Hanson, Menasha 64, 19, 126; Fredrick, Wausau 57, 9, 63; Colman, Manitowoc 60, 20, 100; Oswald, Wausau 53, 24, 112.

Oshkosh Files Appeal On District Changes

Oshkosh — The city of Oshkosh has filed an appeal to circuit court against an order of the Winnebago county school committee in the shuffling of portions of the city of Oshkosh and Sunset school districts for the purposes of tax consideration.

The city claims the school committee "abused its discretion and exceeded its power" in the recent shuffling of the two school districts.

St. Paul Jr. Church League W. L. Methodist 2 0 Our Saviour's 1 1 St. Mary 2 1 Trinity 1 2 St. Paul 2 1 St. Patrick 1 2 Christian Y. 2 2 Presbyterian 1 3

Tuesday's Results: St. Paul 32, Christian Youth 27; Our Saviour's 32, St. Patrick 33; Presbyterian 42, Trinity 39.

Neenah — St. Paul gained a tie for second place in the Neenah Junior Church Basketball league by defeating Patrick, Rocky Getsehow had Christian Youth 32-27 at the 11 for the losers. Our Saviour's Roosevelt gym Tuesday was in front 9-4 at the quarter and 20-14 at halftime.

First place Methodist and co runnerup St. Margaret Mary drew hives.

In other games, Presbyterian defeated Trinity 42-30 and Our Saviour's bested St. Patrick 37-33 to give both victors their initial league triumphs.

St. Paul trailed Christian Youth 6-4 at the close of the first quarter but managed a 17-14 halftime lead. The winners were in front 24-20 at the close of three segments.

Tom Drows scored 11 points for St. Paul and Kuester had 10. Paul Valente paced the combination team with seven markers.

Martiny scored 15 points to pace Presbyterian in its victory over Trinity. He yielded game honors to Trinity's Du-

Toys for Its Annual Sale were readied Tuesday by members of Neenah-Menasha Emergency society, Inc. The sale begins at 9:30 a.m. Thursday at the Thrift shop. From left to right are Mrs. Richard Stafford, Mrs. H. T. Rindal and Mrs. Stanley Severson.

3 Masonic Groups Elect New Officers

Neenah — Neenah chapter, Royal Arch Masons, and Royal Arch Widows elected officers at separate business sessions after a Christmas supper party Tuesday evening at the Neenah Masonic temple.

William Dresser was named high priest to succeed Clyde Buxton. Other officers are Fred Willardson, king; Paul Dodge, scribe; Clifford Farley, treasurer; Aaron Dix, secretary; and Albert Johnson, trustee.

Mrs. Dresser was named president of the Royal Arch Widows with Mrs. Willardson, vice president; and Mrs. Dodge, secretary-treasurer.

Guests at the meeting were Clarence Haake, Green Bay, grand master of the third veil; and Walter Bispig, Menasha, right eminent commander of the Grand Commandery. Officers will be installed in January in a joint ceremony with Oshkosh chapter, Royal Arch Masons.

Elected worthy matron of Menasha chapter, Order of the Eastern Star, Tuesday evening at the Menasha Masonic hall was Mrs. Alfred VanHarpen. H. L. Sherman is worthy patron.

Miss Viola Loebe was elected associate matron and Joe Beisenstein, associate patron.

Other officers are Mrs. Beisenstein, secretary; Mrs. Everett Luebben, treasurer; Mrs. Clarence Witt, conductress; Mrs. Wallace Stenson, associate conductress; and Mrs. George Sheppard, trustee.

Installation of officers is scheduled for Jan. 13.

Committee members were Mr. and Mrs. Hugh Sutton, Mr. and Mrs. Sheppard, Mrs. Vernon Halversen and Lew Tyner. A business session will be held Dec. 23.

St. John Group Holds Party, Names Officers

Menasha — Following the Christmas dinner Tuesday evening of the Alma Mater society at St. John school hall new officers were elected. They are Mrs. David Koslo, president; Mrs. Joseph Magalski, vice president; Mrs. Walter Sokolowski, recording secretary; Mrs. Roman Rapoport, treasurer, and Mrs. David Pfrang, financial secretary.

Trustees are Mrs. Sally Zelinski, Mrs. John Sheperski, and Mrs. Joseph Pakalski while Mrs. Frank Kosowski and Mrs. Ernest Kroll are the marshals.

Co-chairmen of the Tuesday evening party and gift exchange were Mrs. Koslo and Mrs. Sokolowski and a covered dish party and installation of officers is planned for Jan. 11.

Mrs. J. B. Catlin Entertains for Nurses Alumnae

Neenah — Mrs. J. B. Catlin 100 Grant street, entertained Theda Clark Nurses Alumnae association at a holiday dinner party Monday evening. Instead of a gift exchange, the association donated funds for a needy family. Mrs. Orville Schmidt, Mrs. Orson Kranzsch and Mrs. Lillian Steenis are on the Jan. 12 committee.

Trend Toward Realism, Artist Tells Woman's Tuesday Club

Neenah — "There is a gradual trend back toward realism, a picture that tells a story," a Sturgeon Bay artist said Tuesday, rejecting the current "blobs of paint on canvas" as true creative work.

Gerhard C. F. Miller, who began painting at the age of 12 when confined to bed by polio, told Woman's Tuesday club members "the modern artist has made an attempt to destroy thousands of years of culture in order to start anew."

"I don't believe too much in the Bohemian existence. I think art is one of the most disciplined things there is," Miller compared interruptions while painting to a surgeon being stopped in the midst of a gall bladder operation.

"Painting has become dehumanized," he said. "It should be a reflection of the age." Miller said Picasso "found there was money to be made in clowning." He pointed out, "Unfortunately, his work has been collected by people willing to be duped," people seeking the sophistication from Picasso's name on the bottom of a painting.

European Painters

Discussing the difference between the status of European and American water colors, Miller said, "In Europe water colors are not very highly regarded." They have never been raised much above the sketch medium, he said.

European painters suffer from the practice of copying the old masters, he said. Copies of paintings are common in European countries, "while they aren't worth sour apples here." "We place a premium on originality," he said. Consequently artists in the United States have more leeway to develop themselves.

"I believe everything should be done to raise the level of art, to bring it up to the other professions," said the artist explaining the American Water Color society is striving to raise the medium above sketches.

He criticized the American education system for attempting to turn out a "finished product" in art in a four year college curriculum. "This can't be done," he said. "It would be better to teach the students how to use the tools of an artist."

Collections

Miller displayed a number of his paintings, including a bird series, for the club. Collections of his paintings are on display at the Gerhard C. F. Miller gallery and in the Red Barn, Ephraim. He won the "Best in the Show" prize this fall at the Northeastern Wisconsin Art show.

Mrs. Miller, a member of the American Institute of Decorators, spoke briefly on where to hang a painting in decorating a room. "You can and should combine mediums because you don't want your living room to look like an art gallery," she said. She demonstrated with drawings how paintings should be hung in relationship to furniture.

For a decorating color scheme, Mrs. Miller suggested beginning with an object of

art that has permanent value, not with a swatch of fabric or other article that is transient.

On Jan. 6, Prof. Mojmir Provorny will discuss world affairs.

VNA Mothers' Class

Neenah — "Baby's Bath and Baby's Clothes" will be the Visiting Nurse association Mothers' class topic at 2 p.m. Thursday at the VNA house. Mrs. George Christoph will be hostess.

Twin City TOPS To Hold Party

Menasha — Twin City TOPS club completed plans for a 6:30 p.m. Dec. 16 Christmas dinner party at a Tuesday evening meeting at Elisha D. Smith library.

Mrs. Edward Wilson, 810 Marquette street, will be the party hostess. Best weekly loser was Mrs. Wesley Koehn with Mrs. Angeline Cleveland, best monthly loser. Mrs. Earl Haufe was a prize winner.

Board to Honor Retiring Members

Neenah — The YWCA board will pay tribute to retiring members at its last meeting of the year at 9:30 a.m. Tuesday at the YWCA. Nominees for the board will be entertained at a coffee following the board session.

Plans will be completed for the Jan. 13 annual YWCA meeting, when the board election results will be announced.

Save Time By Baking In Advance

Oshkosh — To save time during the holiday season, prepare cookies for the freezer. Whether you freeze cookies before or after baking is a personal choice. Cookie dough is easier to package and takes less freezer space than do the baked goods.

Refrigerator cookies, most drop and bar cookies freeze successfully. To freeze cookie dough, pack the drop cookie dough in round containers. This can be thawed at room temperature until just soft enough to drop by spoonfuls on to baking sheets. Bake all cookie dough at the baking temperatures called for in the recipes.

Baked cookies should be cooled thoroughly and packed carefully in a box with a top opening. Fill in the empty air spaces with pieces of crumpled waxed paper to prevent jiggling and breaking. Pieces of waxed paper or cellophane should be laid between each cookie to keep them from sticking together. Thaw baked cookies at room temperature in their original wrappings.

Cookie Recipe

Mrs. Don Rogers of Busy Bees Homemaker club has a recipe for refrigerator cookies, where the dough may be chilled and baked as needed.

Ingredients are one cup butter, two cups sugar, two beaten eggs, two teaspoons lemon extract, three and one-half cups sifted cake flour, one-half teaspoon salt and two teaspoons baking powder. One cup finely chopped walnuts may be added.

Cream butter thoroughly gradually beat in sugar. Add eggs and flavoring alternately with sifted dry ingredients. Form into long rolls about two inches in diameter, wrap in waxed paper and chill in refrigerator. Slice dough one-sixteenth inch thick and bake at 375 degrees for 10 minutes.

Miss Jersild, Head Of Medical Staff

Menasha — Miss Jeanne Jersild, daughter of Mrs. Agnes Jersild, 7724 State street, was recently appointed head of the doctors' staff in the new medical research department at Lankenau hospital, Philadelphia, Pa.

Miss Jersild formerly was associated with the Visiting Nurse association in Philadelphia.

UW Alumni Dance

Menasha — The Menasha Co-chairmen are Mrs. Rob-Els club will be the setting for the Christmas dance of the Fox River Valley University of Wisconsin Appleton. The annual holiday Alumni association An Appleton orchestra will provide dance music at the semi-formal event scheduled from 9 p.m. to 1 a.m. on their guests.

Teacher Sorority Lists Speakers for Yule Dinner Event

Neenah — Mr. and Mrs. William Luth, Sheboygan Falls, will discuss "Churches and Cathedrals" at the 6:30 p.m. Thursday dinner meeting of Omicron chapter, Delta Kappa Gamma sorority at the Presbyterian church, Appleton.

General theme of the meeting is "The Spiritual Welfare of the Teachers." Committee members are Olga Heller, Lucille Pfund, Ingrid Ericson, Mary Crockett and Jane Becher.

This Year at Holiday Time, instead of setting out one or two big pies, serve a flock of little ones. Garnish with a variety of toppings. Cheese wedges go well with pumpkin pie as does a dollop of ice cream. If whipped cream topping is preferred, serve it plain or with such dresser-uppers as a maraschino cherry, candy shots, chopped nuts, a banana slice or a combination of these things.

Christmas Concert Set By MHS Band, Choruses

Menasha — The Menasha High school band, girls' glee club, boys' glee club, madrigal singers and choir will present a Christmas concert in the high school auditorium at 8 p.m. Thursday, Dec. 18.

The program is under the direction of Gerald Malters, band director, and Mrs. Albert Doverspike, choral director.

Seven numbers will be played by the band. They are: "Yuletide Festival" arranged by John Warrington; "Home for Christmas" by Morton Gould; "Parade of the Wooden Soldiers" by Leon Jessel; "The First Noel" by Morton Gould; and three chorale preludes, "Break Forth, O Beauteous Heavenly Light," "O Sacred Head Now Wounded" and "Now Thank We All Our God."

Company I Meets Foundry Quint In Neenah Wheel

Neenah — Company I meets Neenah Foundry at 8 o'clock tonight at the Roosevelt gym in a battle of two unbeaten teams in the Neenah Industrial Basketball league.

The National Guard has won over Bergstrom Paper and Lakeview while Foundry defeated Headquarters company in its only start.

Neenah Paper, tied for first with Company I, tests the Lakeview Converters in the 7 o'clock opener and Main Office, which won its only start, battles Headquarters at 9 o'clock. Defending champion Bergstrom Paper, loser in two close decisions, draws this evening's bye.

Songs to be sung by the

choir are "And There Were Shepherds," a German carol by I. B. Wilson; "Jesus, Jesus Rest Your Head," an Appalachian carol by Niles-Warrell; "Tending Sheep" by John Leo Lewis; "A Lullaby Song," an Armenian carol arranged by Gerald Schroth; "Song of Mary," a Spanish carol with Sue Ann Holm as soloist; and "De Glory Man," arranged by G. Schroth. Judy Lindquist will accompany the band choir; Amber Nyman, Girls' Glee club, and Joan Gunther, Boys' Glee club.

Farmers Hear Specialist at Soils Meeting

Murdock Tells of Land Forming, Wheel Planting

Oshkosh — Land forming and wheel track planting were among the discussion topics covered at a Monday evening meeting on soils at Wolf River school.

John Murdock, soils specialist from the University of Wisconsin, said land forming is a practice to make the field conform to its natural drainage pattern and is not intended to level a field. The main object is filling depressions so the water is able to drain off the land.

Land forming machines were brought to Wisconsin about five years ago with experiments at the Ashland station, Marshfield and at a farm near Weyauwega.

Information collected shows land forming has exceeded both tilling and subsoiling in crop production. Land forming allowed very heavy red clay at the Ashland station to be worked two weeks earlier than normal. At Marshfield, land forming was used in conjunction with clear seeding of alfalfa. A new weed chemical, 2-4 DB, which handles more grassy weeds than 2-4 D, was sprayed on the soil. Three tons of high quality alfalfa hay per acre was harvested from this plot during the first growing season.

Cost sharing is possible with land forming in Winnebago county. However, the county does not have available equipment for the practice.

Murdock showed slides of wheel track planting, which reduces tillage cost and packing of the ground. The key point in good results is a smooth job of plowing.

Safety Group To See Movies

Film Shows Work In Pacific Coast Pulp, Paper Mills

Menasha — Twin City Industrial Safety council will hold a "Safety Movies Night" for its Dec. 17 meeting at Germania hall. The feature movie will be "One Is Too Many" which tells the story of 20 mills and eight mill opportunities and their safety achievements in the Pacific coast pulp and paper industry.

It shows how the workmen, unions, officials, supervisors, and safety specialists fit into the safety program and their opinions of it. The film has won acclaim throughout the country as an exceptionally good one on the safety theme.

Several short films on the lighter side to be shown are "How to Have an Accident in the Home," "Motor Mania" and "I No Fool with Fire" which are Walt Disney creations with a safety message.

Reservations are to be made by Friday with H. L. Sherman. Arranging the program are Howard Aderhold, Robert Wood and Jack Bylow.

Woman Tries in Vain To Spend Rest of Her Life in Jail

Miami — Estelle Mason, 63, wanted to spend the rest of her life in jail. Instead, the judge turned her loose.

"I hoped I'd get life," said Mrs. Mason. "All I got to live on is a \$30 a month pension and where can you live in Miami on \$30 a month? In jail I never had it so good—radio, food served in my room and no dishes."

Returned from a year in a mental hospital the white-haired Mrs. Mason pleaded guilty Monday in circuit court to a charge of manslaughter and received a 5-year suspended sentence.

Mrs. Mason was ordered confined to the state mental hospital in Chattahoochee last year after standing a second degree murder trial for the Sept. 11, 1957, slaying of her brother, Irving DuBarry, 61.

At her insistence, the state recently agreed to re-try her for manslaughter, giving her a second chance at her goal — life in prison.

Clothing Collected

Menasha — Students at St. John Catholic Grade school filled 125 Red Cross boxes with assorted articles and a Thanksgiving clothing drive at St. Mary Catholic church netted 109 boxes of clothing weighing 4,810 pounds.

Zephyrs Deal Undeclared Springs First Loss 61-52

Vanderhyden Hits 22 Points,
Batley 20 for Menasha Five;
Take Command in 2nd Quarter

CATHOLIC CONFERENCE		
St. Mary	2	6 St. John
Marquette	1	0 St. Norbert
Spring	1	1 St. Norbert

BY GEORGE MANCOWSKY
Post-Press Staff Writer

Fond du Lac — Coming up, with by far their best effort of the season, St. Mary's Zephyrs spun a big upset and defeated previously unbeaten St. Mary Springs 61-52 here Tuesday night.

The victory leaves the Menashians alone at the top of the heap in the Fox Valley Catholic conference with a 2-0 record. Springs has a 1-1 league mark. The defeat was its first after six straight victories.

In victory, the Zephyrs were brilliant. They controlled the defensive boards against a club which had a 6-6 pivotman. The Menashians didn't go into their vaunted press all night and their well expected zone had the Springsers baffled.

Stay in Zone

St. Mary always has had trouble in the gym here, mainly because of the slippery floor, but Tuesday's win was a little easier than usual. Because of the floor's condition and the fact they had the lead for the last 23 quarters, St. Mary didn't move out of its zone.

Too much can't be said for the rebounding of Norm Brown, Jerry Laemrich, Dean Schreiner and company and the defensive play of the Pele Vanderhyden, who pulled the pressure on the Springsers' ball handlers from out in front in the zone.

Vanderhyden, who wound up with 22 points for Menasha scoring honors, stole the ball several times and went down to convert the thefts into field goals.

Gary Batley played another

St. Mary JVs Drop Test to Springs Five

Zephyrs Lead by 16 at Halftime But Lose 56-51

Fond du Lac — The St. Mary Springs JV's came from behind in the last quarter to down the St. Mary reserves 56-51 here Tuesday night.

The loss was the second in two Fox Valley Catholic conference starts for the Zephyrs. Springs has a 1-1 record. St. Mary led 11-0 at the quarter and was in front 31-18 at halftime on the strength of a 23-10 edge in the second frame.

Springs posted a 15-12 margin in the third period to shave the spread to 46-33. The winners made the first seven points of the final segment and finally took the lead at 48-47.

The Menashians, trailing by one point, had the ball for the first 30 seconds of the last 45 seconds of play but couldn't tally. Springs stole the ball and made one bucket and then added another in the final second to win by five. In all, Springs recorded a 25-5 last period bulge.

Zephyr scoring honors went to Mike Kiefer with 12 points. Jim Flech had 29 for the Springsers. Fondy was outgunned by three field goals but St. Mary was called for 25 fouls to Springs 13 and the latter made the most of its free throw opportunities.

Three Drivers Forfeit Bonds

Menasha — Three drivers forfeited a total of \$42 in bonds this morning at the police station two for speeding and the other for failing to heed a red light.

Calvin R. Gardner, 22, route 2, Menasha, forfeited a \$14 bond for speeding on Ninth street Friday morning and Richard Roeder, 25, 611 E. Doly avenue, Neenah, forfeited a \$19 bond for speeding on Ahnaip street Saturday morning.

Robert D. Gilbert, 24, 9281 Second street, Menasha, forfeited a \$9 bond for ignoring a red light at the intersection of Garfield avenue and Washington street Friday morning.

Denmark, Omro Post Third Wins

Vikings Knock Hilbert From 3-Way Little 9 Lead, 65-56

LITTLE NINE CONFERENCE		
Denmark	4	0
Omro	3	0
Hilbert	2	1
Reedsville	1	0
Shiocton	1	0

Denmark 65, Hilbert 56. Reedsville 48, Wrightstown 33. Omro 21, Bear Creek 58. Shiocton 50, Winneconne 12.

Friday Night's Games: Reedsville at Denmark. Freedom at Wrightstown. Omro at Hilbert. Bear Creek at Shiocton. Winneconne at Hortonville.

Hilbert — Denmark High school grabbed its third straight Little 9 conference victory by downing Hilbert, 65-56, Tuesday night. The win enabled Denmark to remain tied for the lead with Omro.

The loss was Hilbert's first in league play.

The Vikings got off to an early lead and held a 36-20 half-time advantage. Keith Larsen was the big gun of the visitors' attack.

Hilbert attempted a comeback in the second half with Clare Ott hitting from outside. The Wolves gradually closed the gap beginning in the third period but when guards Bob Loewe and Ott fouled out, the effort fell short.

Scoring was even from the floor but on the gift line Hilbert sank 10 out of 18 while Denmark hit 19 out of 31. Larsen garnered 20 points for the Vikes while Ott was Hilbert high point man with 23.

An Unidentified Red Owl Ball Carrier received unexpected interference from Jim Overby (4) of Marathon during first half action in Tuesday's Menasha Industrial league game at the Butte des Morts gym. Red Owl's No. 5 is Jack French. Marathon's No. 9 in the background is Dave Rusch. Marathon posted a 77-29 win for its fourth straight triumph.

\$2.50 Bounty

Fox Hunts Will be Organized By Twin City Rod and Gun Club

Menasha — Fox hunts will be organized by the Twin City Rod and Gun club after Jan. 31, John Britzke, club president, announced at the group's monthly meeting at Germania hall Tuesday night.

Britzke told about 150 members present that foxes have been killing more and more pheasants in recent years. There is a \$2.50 bounty on foxes in Winnebago county.

The club will work with Al Dunham, county conservation warden, in organizing the hunts, Britzke said. Public hunting grounds will be covered at first and if the hunts prove successful farms and other private property in the county will be hunted.

Dunham reported windows are not needed in ice fishing shanties in Winnebago county. He said a 12-inch hole and two lincs may be used when fishing from a shanty.

He stated 1959 fishing licenses should be on sale soon. "In Winnebago county there

are about 500 fishermen who only fish during the ice season," Dunham reported.

There is a fish run on at Rush lake, the warden stated. The water is low and mostly bullheads are being pulled out.

Dunham related the sturgeon season is from Feb. 11 to March 1 on Lake Winnebago and on Feb. 14, 15 and 16 on Lakes Poygan, Butte des Morts and Winnebago. There is a limit of one 40-inch sturgeon a person on all waters this year.

Shanties must be removed

Marinette Catholic Defeats St. Norbert

West De Pere — Marinette Catholic Central opened its Fox Valley Catholic conference schedule with a 74-63 win over St. Norbert, dealing the Squires their third straight league loss Tuesday night.

St. Norbert's Joe Schmitt took individual scoring honors with 32 points. Don Cook had 20 for Marinette, which led 40-28 at halftime.

The win was the third straight for Marinette. St. Norbert has an overall 1-4

are about 500 fishermen who only fish during the ice season," Dunham reported.

Hearden Takes Point Lead in Mid-East Loop

Kimberly Cager Hits 42 Markers; Kuppennus 2nd

Neenah — Kimberly's Don Hearden, who has 20 and 22 point outputs to show for his two Mid-Eastern conference starts, is the circuit's leading scorer after two games with 42 points.

Hearden chalked up 22 points in the opener against Kaukauna and hit 20 in the Menasha win last Friday, getting five baskets in six attempts in the last quarter.

Second place belongs to Jerry Kuppennus of New London with 39 points. He made 18 against Shawano after an opening night production of 21 against Clintonville.

Two Rivers' big center, Dale Kozlowski, who collected 25 in the Menasha game, had to settle for nine against Kaukauna and now is third with 34 points. Kimberly's Jack Lamers, with consistent outputs of 15 and 17 points, is fourth with 32.

Held to 1 Point

Carl "Rocky" Jersild, who led last week after hitting 30 points against Two Rivers, was limited to a single free throw in the Kimberly game and now has 31 for fifth place.

Tom Malkowski and Tom Lawrence, both of Two Rivers, and Myron Zachowski, Kaukauna, have 30 points and Ron Hoppe, Shawano, and Dave Ristau, Menasha, 28. Malkowski scored 24 against Kaukauna.

Other players, not in the top 10, but who have scored 20 or more points, include Phil Turm, Shawano, and Pete Schnorr, Clintonville, 27; Leroy Weyenberg and Bill Borchardt, Kaukauna, 25; Dave Minten, Kimberly, and Bob Tollefson, Neenah, 24; Bill Kuehl, Neenah, and Don Koppewski, Two Rivers, 23; Dale Wauseshock, New London, 21, and Tom Stepanski, Menasha, 20.

Removes Duck Blinds

The deadline for removing duck blinds was Tuesday night, he said. Those who leave debris on the ice will be fined when caught.

Seven men from Menasha and seven from Neenah were nominated for members of the board of directors. Four directors from each city will be elected at the club's Jan. 14 meeting at the Eagles club-rooms.

Nominated from Menasha are Fred Hanson, John Stinski, Archie Koerner, Ray Grundy, Robert Borree, Walter Stommel and Robert Zelinski. Neenah nominations are William Houpt, Harold Nelson, Dale Wahlers, Elmer Sauer, Walter Guenther, Edward Larson and Robert Bowers.

Forty of the members present reported they had hunted deer. Eleven said they shot bucks and 16 claimed they bagged does for camp meat.

Appleton Man Heads Area Chiropractors

Neenah — James W. Barnstable, Appleton, was elected president of the Northeastern Wisconsin Chiropractic association at a meeting here recently.

Upton X. Furman, Neenah, was chosen vice president, and R. E. Breitbach, Kaukauna, was named secretary-treasurer. Directors named were Harry Nadel, Manitowish, and G. W. Share, Owen.

M. M. Madden, Appleton, and Barnstable were named to attend the state board of directors meeting at Madison Saturday and Sunday. The meeting was followed by a dinner at the Furman home.

Benson Readies Farm Program For Coming Year

No Indication of What He Will Propose on Dairy Price Supports

BY OVID A. MARTIN
Washington — Secretary Benson and his agricultural department aides are putting finishing touches on new legislative proposals to be submitted to the National Agricultural Advisory commission here Dec. 15-16.

Benson will seek view of the 18-member, bipartisan commission before laying a final draft before President Eisenhower for transmittal to congress later.

The commission, which was created by presidential action in 1953, advises the secretary on agricultural policies.

Worked Closely
Benson has worked closely with the group in the past be-

fore making final program decisions. Dean William I. Myers of the college of agriculture at Cornell University is chairman.

The other members are farmers from various parts of the country. Nine are Republicans and nine Democrats.

The program being drafted by Benson will have as its objective a further reduction of government control over production, marketing and pricing of farm products.

Lower Supports
Benson is expected to propose lower price supports for such surplus crops as wheat, peanuts and tobacco. He may suggest easing of controls on some crops, especially wheat, on the theory that lower supports would encourage greater sales and less production.

Farm leaders have been speculating as to whether the secretary will urge lower price supports for milk and dairy products. There has been no indication as to what Benson's position will be on this matter.

Some leaders expect him to propose lower supports for corn and other feed grains. The present minimum is 65 per cent of parity.

Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices charged them.

offers
modern
farm buildings
at low cost

We are Reynolds Approved Farm Builder for this area. As such, we offer a complete building service for low-cost, work-saving, aluminum-covered farm buildings designed and approved by the Reynolds Farm Institute. We can furnish everything you need — plans, materials, skilled supervision, and actual erection at your site. Or, you can choose any combination of services. We invite you to consult us on any farm building problem — you'll be glad you did.

A New Greenhouse at the King veterans' home has been completed. It has facilities for preserving produce grown on 35 acres of nearby land and growing vegetables during the winter. It includes a walk-in cooler.

Grow Vegetables

New Greenhouse Built At Vets Home in King

BY JAMES J. CARR

King — Proper preservation of food is important and especially so at an institution where hundreds of people must be provided with wholesome food. The veterans' home here is no exception.

With 35 acres under cultivation at the hospital, the administration, under Col. G. H. Stordock, decided that a new system of preservation must be adopted. Outcome of the administration's thinking is a completely remodeled and enlarged greenhouse.

It replaces a makeshift root cellar and obsolete greenhouse.

Remodeling work on the greenhouse includes construction of an air-conditioned, thermostatically controlled walk-in cooler for vegetables and fruits. The "new" 91 by 18-foot building was redesigned to eliminate waste space. The former root cellar has

been replaced by a modern walk-in cooler with four large compartments. Each unit is individually controlled as to temperature required for any type of fruit or vegetable in storage.

The greenhouse is used during the winter for growing radishes, lettuce and other produce.

During the past season, 9,362 quarts of vegetables, fruits and relishes were canned in hospital kitchens.

Hope to Hike Milk Output

Wisconsin Farmers
Find Artificial
Breeding Pays Off

Madison — Wisconsin dairy farmers who aim to raise their income by building up their herd's milk production are tackling the problem in different ways.

Both the sales of milk per cow and the labor income per farmer varies widely on different farms. In 1956 for example, among 120 farmers in the Eastern Wisconsin Farm Management association, sales of milk per cow ranged from 5,100 to 12,800 pounds.

Thirty-two farms in that group had continuous records back to 1948. On 18 farms, between 60 per cent and 100 per cent of the cows were from dams which had been artificially bred. Between 1948-51 and 1952-56, the average butterfat sold per cow from these farms was raised 24 pounds — from 311 to 335 pounds. On farms where less than 60 per cent of the cows were from artificially bred mothers, the average sale of butterfat per cow was raised 17 pounds — from 298 to 315 pounds over the same period. There's a consistent payoff from those herds where better cows have been bred artificially.

Sound Advice UW Farm Engineer Gives Tips on Milkhouse Heating

Madison — If you're considering electricity to heat the milkhouse this winter, here are two ways to do it from Lynn Brooks, University of Wisconsin farm engineer.

1 Fan attachment adapted to fit your water heater, which circulates heat drawn from hot water in the heater

2 Space heater, purchased at low cost and used in a small and well-insulated milkhouse.

In addition, heat lamps can be used for supplemental heat in the washing area or to keep other spaces warm and dry.

Space Heaters

Brooks says the space heaters may be more practical in some cases. But large milkhouses require larger heaters so this may raise the operating cost beyond reach of the farmer's budget.

Of course, some heat is voided into the room by the mechanical milk cooling unit after milking, but this is usually temporary and insufficient to supply all the heat needed.

Brooks says that water heaters with the fan attachment will have lower operating costs than the space heater when they are used on the off-peak rate. At this time the cost is about 1.1 cents per kilowatt hour, compared to about 2.5 cents per KWH on the regular rate—a saving of nearly 60 per cent. Most Wisconsin electric power suppliers have this special off-peak rate for heating water.

Brooks feels that this saving may justify the use of a water heater-fan attachment system if a large space is to be heated. This method may have a greater initial cost but it gives you the added convenience of a plentiful supply of hot water for washing milking utensils.

Pipeline Milking

Experiments show that pipeline milking systems increase the total hot water usage to about 100 gallons per day, compared to 25 to 30 gallons for bucket units. So farmers converting to the pipeline system will probably have to increase their water heating facilities, the farm engineer points out.

Brooks believes that if the

5 Important questions you should ask yourself before you buy a bulk milk cooler!

- Will it cool when the power is off?
Haverly will cool without mechanical refrigeration and without electricity.
- Will milk temperature go up between milkings?
Since copper cools the milk, the temperature drops from 100° down, never goes up.
- Will it provide even hot cooling?
Copper provides continuous 24 hour a day even hot cooling.
- Does outside heat affect the temperature of the milk?
With Haverly's copper coil and construction, not one B.T.U. of heat that passes through the side walls or bottom ever reaches the milk, but is transferred by the copper into the cold zone. With it of heat insulation the problem is reduced to a minimum.
- Is mechanical agitation necessary between milkings?
That is a Haverly because the copper coil with glass agitators stir but not agitate 24 hours a day.

Carbon Monoxide Blamed in Death Of 3 Trucker

Lancaster, Mo. —(AP)— Death of three Arkansas truck drivers in a bunkhouse at a Lancaster truck stop apparently were caused by carbon monoxide poisoning.

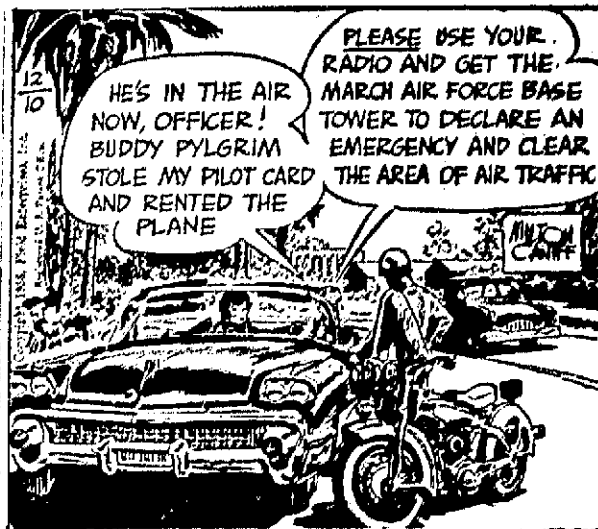

Coroner Bryce Norman said tests at the Missouri highway patrol laboratory showed the blood of John Parker, 26, Little Rock, Ark., and William Briner, 22, Malvern, Ark., contained a saturation of 75 to 80 per cent carbon monoxide. A concentration of 60 to 65 per cent is enough to cause death.

An autopsy on the third victim, Louis Lee Warden, 24, Little Rock, showed he apparently died of the same cause, Dr. Hans Schlumberger, Arkansas state medical examiner, reported at Little Rock.

Warden, a driver for D. W. Hoskins of Malvern, Ark., died Friday. Parker and Briner arrived late Saturday with another Hoskins truck. They were found dead Sunday morning.

The coroner said state gas inspectors would test the air in the bunkhouse today or tomorrow. He expressed belief that a stove which burns bottled gas likely was at fault.

Lawrence Says: Ike's Goal in Next 2 Years Big Question Responsibility for People's Discontent Can Be Spelled Out

BY DAVID LAWRENCE

Washington — The next two years for Ike—what will they be like? What ought he to do, and what will he do?

This is the subject uppermost in the minds of many people here. It is important to the Republican party, to the country as a whole, and to the world.

President Eisenhower is the last person anyone would call a politician, and it has often been said that he has no taste for politics. Both statements can be right, and yet it is conceivable that in his way Mr. Eisenhower could achieve real success on the political front.

While the word "politics" connotes a game or a contest between parties and persons in governmental life, it has a broader meaning—the capacity to understand the mood of the people.

Key to Leadership

The key to leadership in the next two years, therefore, is in how to deal with the mood of the people.

Today the national mood is a composite of a lot of local and individual moods. There is a common denominator running through all of them. There are gripes galore. There are the irritations and annoyances of the economic world and many worries over the fact that the communists do not seem to want to let things alone.

There are grievances about high taxes and inequitable taxes. There are fears about the steady decline in the purchasing power of the dollar—otherwise called inflation.

management and labor and a belief that organized labor will abuse its collective-bargaining power and extort higher and higher wages. This means higher and higher prices and a squeeze particularly on the people with fixed incomes.

Fix Responsibility

How then to cure the discontent? For discontent produced the negative reaction that instigated the Democratic party's landslide in the recent elections.

The first and foremost problem in national and international affairs is to fix responsibility. In the recent elections the electorate didn't stop to ask who was in command in both houses of congress during the last two years—the blame for everything was placed on the Republicans.

This was due to the tactics of the Democrats who assumed no responsibility themselves but constantly fostered the illusion that the president controls the budget, writes the appropriation laws, can increase or decrease spending, control wages and prices.

There is no such thing as responsible government here in the parliamentary sense. Truman had no qualms about fixing responsibility on the Republican congress which he had on his hands from 1946 to 1948, and he won the presidential election. In season and out he hammered away at his political opponents and continually characterized the 80th congress as a "do nothing" congress.

Worst in History

The last congress was one of the worst in American history if the criterion is the protection of the national interest against tyranny and autocracy in the courts, and if it be assumed that the preservation of the right of local self-government is any longer important to the people of America. Congress, moreover, encouraged policies of extravagance in the handling of public funds and turned away from constructive measures looking toward ways of using the tax system as an incentive to business expansion.

Pocketbook Issue

Meddling by congress in the conduct of foreign policy was constant so that the world isn't sure today whether par-tisanship on the senate foreign relations committee or the officials of the department of

state speak for this nation on Wednesday, Dec. 10, 1958

1964 the people may know that, when they vote Democratic or Republican, they are choosing certain policies and certain individuals to carry them out.

Basically it's the pocket-book issues that win or lose elections. If Eisenhower is well advised, he will make an aggressive fight in the next two years to keep the politicians in congress—who hold the purse strings—from robbing the people of their savings. There is no more important issue.

Zion Temple Sisterhood Met recently at the home of Mrs. Fred Marshall for a Chanukah program. The Menorah, a candelabrum symbol of the 8-day holiday, is held by Mrs. L. J. Marshall, right, 925 N. Leminwah street. She has been a member for 75 years. Mrs. Stanley Hamilton, 1120 E. Nawada street, holds a homemade Monorah made of driftwood, candles and silver leaves and grapes.

The Chanukah Holiday Began at sundown Saturday and will continue until sundown on Sunday. The Jewish homes at this time are decorated with homemade decorations, such as the 6-pointed Star of David, held by Mrs. Curtis Brown, left, the sunburst held by Mrs. Fred Marshall, center, and the mobiles on the table before Mrs. Eli Chappe, right, who holds a book of instructions for making the decorations.

Jewish People Light Menorah to Observe 8 Days of Chanukah

Chanukah, the 8-day Jewish holiday which commemorates history's first struggle for religious liberty, began at sundown on Saturday. The holiday lasts to sundown, Sunday, Dec. 14.

Chanukah, which means dedication, marks the victory of the ancient Judeans over the huge Grecian army which sought to impose idolatry upon them.

The triumph, according to the Books of the Maccabees, came after years of struggle between the forces of Judah Maccabee and those of the Greek emperor, Antiochus Epiphanes. Judah Maccabee is a symbol of the importance of religious freedom and liberty.

Like all Jewish holidays, Chanukah is hailed both in the home and in the synagog. It is a happy festival, when the Jewish people create happy sentiments and memories for their children.

Decorated Homes
Their homes are decorated with seasonal flowers in bright colors that are appealing to the child. Red and green are used, for there is a flower growing on the slopes and in the forests of Israel called "Dam Hamokkabin", which has a bright red blossom. According to an old legend, wherever a drop of blood was shed by the Maccabee heroes, a flower sprang up. The flower's name means "Maccabee's blood."

A special Chanukah ritual, traditional holiday melodies and sermons which emphasize the right to worship God, as one sees fit mark the temple devotions.

In the home, the Chanukah decorations are made by children and the candelabrum is lighted for eight nights, prayers of thanksgiving to God are recited, gifts are exchanged and marked for the poor.

The candelabrum or menorah, the symbol of Chanukah, is part of the language of religious ideas giving poetic charm and atmosphere to the festival. It consists of nine candles placed in a small gold or brass holder. The center or ninth candle is called the Shamash, the servant light which in turn is used to kindle the other eight.

It is a symbol of the Jewish people, their history, beliefs and practices. On the first night of Chanukah, the mother of the household lights the Shamash and then the first candle, after which a prayer is said. The second night the Shamash and the first and second candles are lighted and the second prayer is said, and so on.

The first candle in the menorah is a symbol of the major contribution of Judaism to modern society; the concept of one God. The second candle symbolized the literary monuments of Judaism, the Bible, the Talmud or Jewish anthology, and the prayer book.

Education
The Sabbath days and holy days are symbolized by the third candle, while the fourth candle represents the Mosaic code, the Decalogue or the key to life which establishes the law of righteousness and justice in society.
The fifth candle is a symbol of education. To discipline the mind and character through instruction and study was a Turn to Page 3, Col. 1

Putting Up Posters Announcing the Appleton High school "Chime Time" Christmas dance are Sue Menning, Joy Olson and Cheryl Pearl, left to right. The dance, sponsored by the student council, will be held from 9 to 12 p.m. Saturday at AHS gymnasium.

'Chime Time' Christmas Dance Set by AHS Student Council

Christmas bells will be featured at the annual Christmas dance at Appleton High school from 9 to 12 p.m. Saturday in the AHS gymnasium. With bells to ring in the Christmas season for students and alumni, the dance has been named "Chime Time." It is sponsored by the student council.

Committees are: publicity—Sue Menning, chairman, and Jan Krick, Dan MacIntyre, Kris Pope, Nancy Wink, Paul Striebe, Joe Bronstad and Tom Hiebel with Miss Leone Robichaud and Mrs. Gladys Smith, advisors; decorations—Cheryl Pearl, chairman, and Joan Grimes, Dan Max, Jack Krueger, Pat Lawless, Mike Caldie, Mary Ashman and Sandy Ashauer, who are working with Mark Seng and Miss Elizabeth Ploewright, advisors. Entertainment—Tom Bau-

rain, chairman, Polly Meade, P. Meyer, chairman, and Jim Duane Call, Diane Winter, Koleske, Ron Fulcer, Janet Sharon Wilhams, Sue Beg-Elliott, Jane Rowe, Sharon Jinger, Judy Spence and Karen Renier, Jim Miller and Judy en Schulze, with advisors Mr. Voll; clean-up—Toby Mereand Mrs. Robert Hallada, dith, chairman, and Carol Door—Sue Le Capitaine, Bowers, Ronny Kayne, Joe chairman, and Stephanie LeVee, Verrier, Don Bunkleman, Bon-Cal Kluss, Ginger Springer, ny Weller, Bob Henning and Karen Laudert, Caroline Kari Femal. Their advisors will be Walter Pribnow and Owen Reppert.

Working on the refreshment committee under the direction of girls; Charles W. Cook, of Miss Pauline Gaertner and dean of boys; and H. H. Hel-Miss Theo Brzezinski are Kay-ble, AHS principal.

Lawrence Alumnus Say Vows

Community Congregational church, Short Hills, N.J., was the setting for the Nov. 30 marriage of Miss Elizabeth Ann Bibbins, daughter of Mr. and Mrs. George E. Bibbins, Short Hills, and Lawrence alumnus, Bynum Edgar Vickory, Jr., son of Mr. and Mrs. Vickory, East Walpole, Mass. The Rev. H. Otheman Smith performed the ceremony. The reception was held at the Fort-nightly club, Summit, N.J.

Miss Elizabeth J. Speakman was honor attendant. Bridesmaids were Mrs. Charles H. Bibbins, the bride's sister-in-law, and the Misses Marie Clarkson and Carolyn Burtless.

Gary Vickory served as best man for his brother. Ushers were Mr. Bibbins, Donald McKinnon, Richard Holleran and Kenneth Carlson.

Mrs. Vickory attended Cornell university, Ithaca, N.Y., and is employed by the Summit Trust company, Summit. Her husband, an alumnus of Lawrence college, is serving with the air defense command at Summit.

Royal Neighbors Set Potluck Event

The Royal Neighbors plan a potluck dinner at 12 noon Thursday. An election of officers will be held at 2 p. m. at the Catholic club after which a Christmas party and exchange of gifts is planned.

Bruce Owen Barber Weds Patricia A. Walrath

Miss Patricia Audrey Walrath and Bruce Owen Barber were united in marriage in a candlelight double ring ceremony at 7 p.m. Nov. 29 at Trinity English Lutheran church. The Rev. I. B. indern officiated.

Parents of the couple are Mr. and Mrs. Donald Walrath, route 1, Fremont, and Mrs. Pearl Barber, 1212 N. Leminwah street, and the late Edward Barber, Sr.

Mrs. Hank Hamann, Milwaukee, sister of the bride, was the matron of honor. Mrs. John Matrise, Milwaukee, sister of the bride, was the bridesmaid.

A brother of the bridegroom,

Leo Rooyakkers Engaged to Wed Green Bay Girl

Mr. and Mrs. Harry Fitzgerald, Green Bay, have announced the engagement and approaching June marriage of their daughter, Mary Jo, to Leo Rooyakkers, son of Mr. and Mrs. George Rooyakkers, 117 N. Elm street, Kimberly.

Miss Fitzgerald is a student at St. Norbert college, De Pere, and her fiancé, a graduate of Kimberly High school, is employed at the Kimberly-Clark corporation, Kimberly.

Children's Program

A Christmas program will be presented by St. Therese school children at 7:45 p.m. Thursday in the school hall before the St. Therese Home School association.

Appleton, Lena Men Wed Sisters in Double Rites

Miss Corrine Durocher and Richard Krueger, and Miss Joyce Durocher and Richard Patenaude, repeated wedding vows in a double ceremony at 11 a. m. Nov. 22 at St. John the Baptist Catholic church, Coleman.

The brides are the daughters of Mr. and Mrs. Napoleon Durocher, Coleman. Mr. Krueger is the son of Mr. and Mrs. Roger Krueger, 1107 N. Mason street, and Mr. Patenaude is the son of Mr. and Mrs. Edward Patenaude, Lena.

The Rev. Byron Belanger officiated at the two double ring ceremonies and nuptial high mass.

Mr. Durocher escorted his daughters down the aisle. Miss Rita Durocher, a cousin of the brides, attended Corrine as maid of honor. Miss Carol Patenaude, sister of Joyce's bridegroom, attended her as maid of honor.

Mr. Krueger was attended by his brother, Richard, the best man, and Mr. Patenaude was attended by a brother of his bride, Michael Durocher. Ushers were James Patenaude and Gregory Durocher. The couples were honored at

Women of Moose Set Children's Party

The Women of the Moose and the Loyal Order of Moose have made final plans for the children's Christmas party to be held at Moose hall at 2 p.m. Sunday. A Christmas program will be presented and Santa Claus will have a treat for the children.

Members of the Women of the Moose and their guests will attend a Christmas potluck supper 6:15 p.m. Dec. 16 at Moose hall. A short business meeting will precede the program. Gifts will be exchanged.

Social Service Chairman

Mrs. Robert Burmeister and her committee will serve as co-hostesses for the evening. They will prepare a Christmas basket for a needy family.

"Christmas shopping money" will be donated to a small boy. Mrs. Andrew Jimos will help the boy make his selections.

The Academy of Friendship group will hold its Christmas party at the home of Mrs. Harold Cotter, at 7:30 p.m. Monday. Gifts will be exchanged.

Appleton has been selected as the hostess chapter for the mid-winter conference of the Women of the Moose Jan. 25.

Women's Society Has Potluck Supper

A Christmas potluck supper and gift exchange was held by the Women's Fellowship of Mount Olive Lutheran church. Mrs. Keith A. Jahnke was the hostess at her home, 2203 N. Racine street, and Mrs. Nell W. Jahnke was co-hostess.

The club will meet again at 8 p.m. Jan. 27 at the home of Mrs. Edward Freude, 1206 W. Glendale avenue. Mrs. Milton Drier will be co-hostess.

The annual Yule party is typical of many service projects carried on by Lawrence Greek groups.

Your Problems

Mom Misled to Say Boys 7, 9 Should Go to Cultural Events

BY ANN LANDERS

DEAR ANN: I'm a divorcee debating the most important decision of my life.

I'm going with a perfectly wonderful man. His wife died four years ago. He's attractive, well-established and he loves me. The trouble is, he finds a great deal wrong with my two sons. They are high-spirited, normal, energetic little boys, 7 and 9. One reason I divorced their father was because he didn't pay any attention to them.

I believe in a family doing things together. I insist the boys be included in social activities — particularly the cultural ones. I think they should come with us to the theater in the evening, the opera, concerts, and dinner at the hotel.

My friend disagrees. He gets upset when they do the least little mischievous thing in public. He says they are undisciplined and ill-behaved.

He also says if we marry he expects to have a say in their rearing. I love him but I'm afraid to marry a man who shows signs of being a dictator. Please advise. — Wilma

Dictator my eye. Unless someone with common sense steps into the picture, you're going to find yourself with two totally obnoxious children and a very lonesome old age.

You consider the boys "high-spirited, normal and energetic." Your friend says they are "undisciplined and ill-behaved." I suspect he's closer to the truth.

Of course, doing things as a family is important, but why drag these kids to places you enjoy merely because you think it's cultural? Boys 7 and 9 don't belong at the opera and theater at night. They misbehave because they're bored and tired. They'd have more fun at an afternoon ball game.

It would be a blessing for

your children if you married this man and permitted him to have a say in their up-bringing. You've got the wrong slant, Ma-tar.

DEAR ANN: I'm going to be married on New Year's day. My fiancé is a grand fellow I will call Karl. We are having trouble over the best man. Karl has asked his buddy to serve and he knows I hate him. This guy tried to break us up a year ago but it didn't work.

I told Karl the wedding will be spoiled unless he tells the fellow he doesn't want him. I even gave him permission to tell him why. He says I'm childish and he can't tell his pal now that he's changed his mind. I say he should have

Jewish People Mark 8 Days of Chanukah

Continued from Page 1

religious duty in Jewish life. The sixth candle symbolizes Tzedakah, interpreted as charity.

On the seventh night a candle is lighted in recognition of the God-likeness of man. The kingdom of heaven is represented in the lighting of the last candle.

Besides the family festivities and observances at Moses Montefiore synagog, the Zionit for the nine candles. The

Temple sisterhood recently held a Chanukah program at the home of Mrs. Fred Marshall, the Hadassah met for a party and program Tuesday afternoon and there will be a Chanukah observance Sunday at the synagog.

Demonstrations were given at the Marshall residence on the ways a menorah could be made. Driftwood is used as the base, with holes bored in it for the nine candles. The

The candles in the menorahs at the Marshall home were blue, accented with a spray of silver gilt leaves and grapes. They are attractive when simply done.

The women of the Sisterhood also made a few home decorations for demonstration purposes. Three to four sheets of gold or silver paper are stapled together, accordion pleated, diagonally slashed half-way through the pleats in three places near the top and a diagonal piece cut out three inches from the other end. It is then fanned out into the circular shape and stapled.

The six-pointed star of David can be made from any material, such as wire wrapped with silver foil and bound with tinsel rope.

Ornamental Mobiles

The porcupine balls are made from 12 circles, each divided into eight pie-shaped wedges cut one inch from the center. The segments are wrapped around a pencil and secured with tape to form the needles. The 12 circles then are stapled together to form another mobile. Dollies are also cut, creased and stapled together to form snowflakes. Instead of Christmas trees and other such decorations, the Jewish home is decorated with these handmade ornaments and perhaps a home-made menorah to give the festive touch to the Jewish holiday, Chanukah, which precedes the Christmas season.

White Shrine Holds Party, Initiation

The White Shrine of Jerusalem held a Christmas ceremonial and party Monday evening. Mr. and Mrs. Horace Roeskins, Mr. and Mrs. Donald Steinert and Mrs. Evelyn Gillispie were candidates for initiation.

Chairman was Mrs. Karel Richmond. Mrs. Spyro Gostas was co-chairman.

A Lovelier You By Mary Sue Miller

Aids for Crepey Chin

A lovely asks: "Would a chin strap be of any value in correcting my sagging jaw? If so, what type would you advise getting?"

For all who ponder those questions, this answer: A chin strap does not of itself tighten the skin or lift the muscles of a sagging chin. But it is a useful aid to the process.

Next to surgery, the best means yet found of alleviating the condition are skin emollients, jaw exercises and better posture. It is in conjunction with exercise and posture that straps can be used with effect. Wear one while it

reading and it will remind you to hold your chin up—better your posture. Or wear one while exercising and it will provide resistance, so that you will have to work harder. Of course, the harder you do work, the more resultful the exercises.

As for the type of strap to wear, it should fit tighter than your girdle. Many such are found at cosmetic counters. You also can devise your own of bandage—an "improved" bandage that is self-fitting and self-clinging. The illustration shows you how to wind with effect. Wear one while it

Do Not Let Winter Colds Spoil Yule Season; Use Preventive Measures

Santa Claus and his noble reindeer, Rudolph, won't be the only ones with red noses during this holiday season.

Your chances are equally good since the unhappy statistics disclose that every man, woman and child in the United States is going to catch at least three colds during the year.

The cost of these colds to the American public is more than three billion dollars in lost working days, cures which don't seem to work, and medical care.

Further, those colds take most of the fun out of the holidays. However, common sense can help you fight the common cold. Here are some basic rules recommended by health authorities to help you clear up a cold should you be unfortunate enough to catch one:

1. Keep away from others who have colds. This is the season when we all think about being more considerate

to others, but don't let your "giving" include a cold.

2. At the first symptom of a cold, go to bed. If that isn't possible, rest as much as you can and avoid over-exertion.

3. When you blow your nose, blow it gently so as not to force the infection into the sinuses or middle ear, thus further complicating the illness. Use a fresh piece of tissue each time to avoid re-infecting yourself.

4. Drink plenty of water, broth and citrus fruit juices and eat light, wholesome foods. The old adage "feed a cold and starve a fever" is unsound.

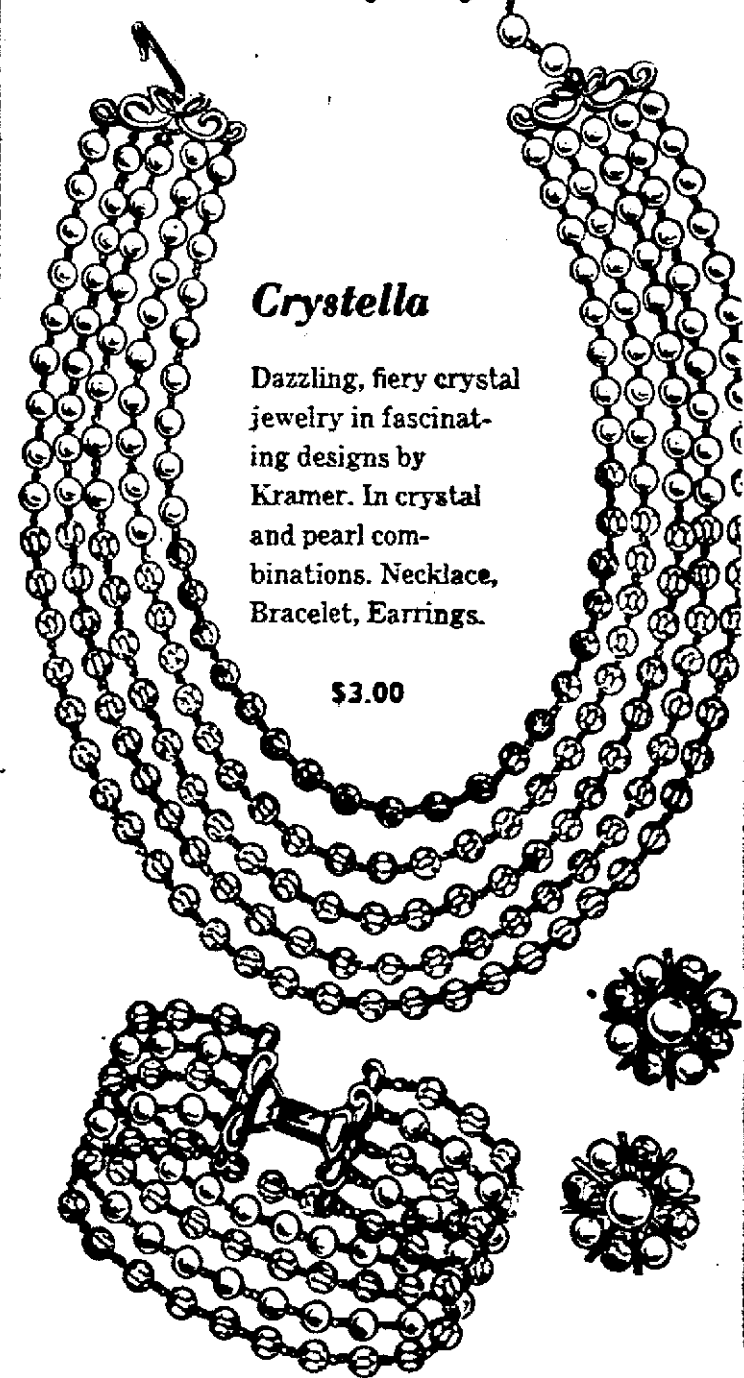

5. If your cold worsens and is accompanied by body aches, fever and chills call a doctor. That cold can develop into influenza, Asian flu or pneumonia.

6. Avoid sharp changes in temperature, low humidity, drafts.

7. If it becomes necessary,

take a mild laxative. 8. If you are near others, cover coughs and sneezes with a tissue, both to avoid infecting others and as a gesture of courtesy.

9. Sprays, balms and salves will help relieve sore or irritated areas.

10. Wash hands before touching food and keep dishes separate from those used by other members of the family. Clean clothes and a clean body, together with sufficient rest and wholesome diet, are

MMM Club Plans Hanging of Greens Party Saturday

The MMM club of the First Methodist church will decorate the church at 7 p.m. Saturday at the annual Hanging of the Greens party.

Pair Weds in Catholic Ceremony

Robert C. Kamke claimed Miss Mary J. Gietman as his bride in a ceremony at St. Peter and Paul Catholic church, Hortonville, at 10 a. m. Nov. 29. The Rev. Leo Przybylski officiated at the double ring service.

A dinner honored the couple after the ceremony at the home of Mr. and Mrs. Edward Steffen, Hortonville. A reception and dance were held at Bean City, New London.

The daughter of Mr. and Mrs. Peter Gietman, 141 N. John street, Kimberly, was attended by Mrs. Steffen, sister of the bridegroom, as the matron of honor. The bridesmaid was Miss Barbara Mix, Menasha.

Mr. Steffen attended the son of Mr. and Mrs. Frank Castellion, Hortonville, as best man. Groomsman was a brother of the bride, John Gietman, Kimberly. The bride is employed at St. Elizabeth hospital, and her husband is employed at the Elm Tree bakery. The couple will reside in Hortonville.

Pair Marks 80th Wedding Date; 293 Descendants

Fairview, Utah — Peter and Celestia Peterson celebrate their 80th wedding anniversary tomorrow. Townspeople in this central Utah community plan a testimonial dinner tonight in their honor.

The Petersons could be the nation's longest-married couple. They were wed in St. George Utah, Dec. 11, 1878. He's now 98 and she's 97.

Both are hard of hearing, so they'll listen to the tributes tonight over a radio loud-speaker in their home.

Harold H. Jensen, historian for the Old Folks Central Committee of Salt Lake City, says his own research shows the Petersons have been married longer than any other couple in the country. He adds they hold a record, too, for the largest number of living descendants—293.

CHILDREN OF THE BIBLE By Patrick and Garrison

SOLOMON

"And Solomon loved the Lord, walking in the statutes of David his father . . ." —1 Kings 3:3

Solomon, whose name meant "Peace of the Lord," was the son of David and Bathsheba.

As a child he was very devout, and spent many attentive hours listening to the word of God, and worshipping in the temple.

In the Book of Proverbs, which he wrote when he became a man, he said that "By his inclinations, a child is known."

The boy Solomon's inclinations were always clear. While he was still a youth, God appeared to him in a dream and offered him a choice among wisdom, wealth and power.

Without hesitation, Solomon chose wisdom. God was pleased at this. He told him:

"Because thou hast asked this thing, and hast not asked for thyself long life; neither hast asked riches for thyself, nor hast asked the life of thine enemies . . . lo, I have given thee a wise and understanding heart; so that there was none like thee before thee, neither after thee shall any arise, like unto thee."

God then told him that he would also give him riches and honor. And this he did.

Solomon's father David, who all his life dreamed of building a magnificent temple, had hoped that his son Absalom would accomplish the task. But Absalom brought only grief to the king.

It was Solomon who, even as his brother Absalom, listened to his father describe in glowing terms his plans for the temple, finally built the great edifice.

It was Solomon, too, who listened enraptured when his father sometimes sang again the beautiful songs of his own youth as a shepherd boy in the quiet hills of Judea.

Stretched upon a flower-covered terrace at dusk, young Solomon never tired of the psalms, though he knew they were sung as much to his mother Bathsheba as to him. And always, as his father laid aside the harp, he begged for "just one more."

One night David sang a new song. It was a prayer for wisdom, justice and glory. "Give the king thy judgments, O God," it began. And it called upon Jehovah to make him "as a rich cornfield in a land upon the top of the mountains. May his fruit rustle like Lebanon; and may they blossom out of the city like the grass of the earth. May his name endure forever."

"Is it a song about you, father?" asked Solomon.

"No, son," David answered. "It is the Psalm of Solomon."

UCT Auxiliary Plans Children's Christmas Party

The United Commercial Travelers auxiliary 254 will hold a children's Christmas party at 1:30 p. m. Sunday in the Masonic temple dining room. A children's talent show will be given and Santa Claus will join the festivities. Committee reports were given at the Saturday evening meeting by Mrs. Orville Muenster, backless bake sale; Mrs. Norman Johnson, benefit card party; and Mrs. Les Gurnee, good will.

After the meeting the auxiliary joined the Council for a Christmas party. Refreshments were served and gifts were exchanged. Serving on the refreshment committee were Mrs. Taber Davis, chairman, and Mrs. Arthur Dimick and Mrs. Howard Locklin.

Phonics Essential Element of Reading

BY ANGELO PATRI

There seems to be some confusion on the part of parents who are concerned about their children's ability to read. Some of the letters received indicate that the writers think phonics ought to be a special subject of the curriculum like arithmetic.

Phonics is not a subject to be taught in isolation. It is an

element of word recognition, a most essential element in the teaching and learning of reading. It is concerned in the sounds of letters and syllables. These sounds — the recognition of them as they are indicated by the position of letters in the words — are what enables a reader to pronounce a new word.

Readiness to Learn

We teach reading so that readers can, independently of others, get information from print. Books, magazines and newspapers are essential to the culture of a people and they must be read intelligently. There will be no teacher at the elbow of the reader of the morning newspaper so he must be taught to read independently and to that end phonic elements of words correctly.

The best time to do this is

when a child shows readiness to learn. Usually this is about the fifth to sixth year of his age. I like to offer story books well illustrated to children of about these ages and watch for the sign of readiness.

As a usual thing parents have not been trained in teaching reading. The teacher of first graders has been well grounded in this art. Should a parent wish to help his child to learn to read the best thing for him to do is to consult the child's teacher, get the reader she is using, get the teacher's manual that comes with it.

Phonics are an essential part of teaching and learning to read. No doubt about that. But they are only one element — not all of the process. The teacher must make certain that the pupil is not just word calling but is getting the story hidden in the words. To that end it is necessary to have the pupil close the book and tell in his own way, what he has read. There is no use in reading words unless the reader gets the meaning of them. A matter quite as important as the phonic elements.

Y's Menettes and Their Families braved winter's icy blasts to go on a hayride Sunday prior to a Christmas party at the YMCA gymnasium. On the hayrack are Mrs. Jack Brauer, Scott Brauer, Chris Brauer, Mara Cherkasky, Carl Mertens who owns the hayrack, Clare Cherkasky who is standing behind his daughter, and William Cherkasky, left to right.

of the Catholic Daughters of America, Court Ave Marja 1011.

Mrs. Grist also sang lullabies from foreign countries and Christmas carols from the Trappe family collection. Mrs. Andrew W. Parnell was accompanist.

Grand Regent Mrs. George Stutz informed the court of the recent death of the Supreme Regent Miss Frances Maher.

Co-chairmen of the Christmas social hour were Mrs. Thomas Landers and Mrs. Richard Klein.

County Teachers Ule Party at Grade School

Combined Locks — Members of the Outagamie Coun-

ty Teachers association will hold their annual Christmas party at 8 p.m. Thursday at the grade school here.

A group of high school students from Shiocton will furnish entertainment in the form of a play. Games will be played and members of the Locks school faculty will be in charge of refreshments.

Polish Jewish Theater To Tour United States

New York — Another cultural exchange program between this country and Europe is bringing the Polish State Jewish theatre here for a national tour next spring. The Yiddish-speaking aggregation is being sponsored by the National Jewish Welfare

board and Jerry Hoffman. State department approval has been given the venture. The group's repertory includes works of Sholom Aleichem, Jacob Goldfaden and Jacob Gordin.

Medical Staff Members of St. Elizabeth hospital gathered Tuesday night in one of the hospital dining rooms for their annual dinner. Pictured, from left, are Sister M. Josepha, the Rt. Rev. Theodore

Kersten, hospital chaplain, Dr. F. J. Rankin, staff president, Dr. W. J. Frawley, Dr. R. V. Landis, Dr. W. A. Adrians and Sister M. James.

Designing Woman
BY ELIZABETH HILLYER

The type of weave of the favorites from the dealer and the labels.

Mrs. R. C. "Is turquoise a good choice for wall-to-wall carpet, walls and woodwork, as well as a soft or liveable shade. Some shades are cold and produce a bleak effect, and others are too bright and there's a risk that even less intense shades will grow tiresome when they're used so widely. A few metallic gold threads in the drapery would not affect the color greatly, but in general, gold, as the complement of turquoise, makes it look brighter. A grayed turquoise might be pleasing, but you should also consider rich neutrals because color scheming is easier with them and because you might be happier with walnut and the living room has two bookcases and a TV set in cherry mahogany and one of them longer than with two lamps with black and the turquoise. A careful selection of beiges and browns, and possibly a little green, could be schemed with the windows." (Copyright 1958)

Motorists Pay Traffic Fines In Chilton

Chilton — Five motorists were assessed a total of \$145 in fines for traffic law violations when they appeared before Wilbur R. Winch in justice court, this week.

Joseph J. Frigerio, 51, Milwaukee, pleaded no contest when he was charged with operating a car at 95 miles an hour. He was fined \$50.

Rudolph A. Hergan, 38, Milwaukee, paid \$50 for driving at a speed greater than reasonable and prudent and becoming involved in an accident.

Dennis Van Grinsven, 21, Wrightstown, paid \$20 for operating a non-registered vehicle.

Sheldon A. Bednarz, 24, Milwaukee, was fined \$15 for making an illegal left turn.

Fabian J. Gosin, 68, Green Bay, paid \$10 on a speeding charge.

Avoid Dangerous Yule With Common Sense

Chicago — Christmas sug-
gestion for the house that has
everything—a built-in brain to
detect booby traps in Christ-
mas trees and toys.

The tip comes from the Na-
tional Safety Council, which
says every household already
has this wonder gadget, but it
most don't realize it. "It's the
collective brain-it's almost im-
possible to the house the flames
by ordinary means. And it op-
erates on a few basic principles:
1. The Christmas tree is one
of the most combustible ob-
jects known and once on fire it
burns so fiercely, fed by also
natural pitch and resin, that
teaching the child how to use
the toys. "Trees should be
taken down when the needles
start to fall, even if the holi-
days aren't over, and dis-
posed of - doors in fire-safe
areas," the council said.

other waste of the tree
in a fireplace, furnace or
stove where the fire might
too hot to control."
Other Christmas tree safe-
ty tips:
Keep tree in a cold place
until ready to set it up, then
saw off diagonally about an
inch of the trunk, put it in a
water-containing holder and
keep container filled.
Don't put the tree near a
fireplace, radiator, television
set, powerful electric light or

an electric train around its
base.
Check Wires
Use electric lights which
bear Underwriters' Labora-
tories label, check wires for
defects and don't overload
house wiring. Turn out tree
lights when not in the room
for a long time.
Toys should stir the imag-
ination, encourage creative
ability and train the child for
better living," the council
said. "But many times par-
ents order things which turn
out to be dangerous."
When shopping for chil-
dren's toys:
Choose toys which aren't
too heavy for youngsters to
handle.
Check toys for small parts
which may become loose and
which toddlers might swal-
low. Don't buy small toys,
marbles, jacks, coins or
beads for very young chil-
dren.
Avoid toys or play clothing
which are highly flammable
like celluloid and many brush-
ed and napped fabrics.
Select washable playthings
colored with non-poisonous
dye or paint.
Steer clear of electrical
type toys for very young chil-
dren.

'Holiday on Ice' Dazzling Show of Grace, Skill

Arena at Green Bay Transformed Into Winter Wonderland

BY DAVE BROOKER
Post-Crescent City Editor
Green Bay—The power failed at the Brown county arena Tuesday night but the players didn't and they made the debut of "Holiday on Ice" of 1958 a genuine treat. These skaters are pros at show business, and most of

the audience thought opening number, "Vive Les Girls," was supposed to go that way until they saw the rehearsed version 45 minutes later when somebody found a spare fuse. But from then on the spectacle rolled smoothly, as stars and chorus alike put on a dazzling display of grace and skill in an assortment of costumes unseen since the days of 1958 when the real Ringling Brothers circus was on the road. This crew did several things

that are impossible on skates. There was juggling, tumbling, French poodle and her no-dancing—and always the incredible gracefulness that makes good skating look like such effortless fun. The elaborate costuming and skillful handling of dozens of colorful spotlights turned the rink into a rainbow of colors. The curtain at the head of the rink was lifted in specialty numbers to reveal a dozen wonders to augment the activity on the ice—including a Chinese dragon that breathed fire and smoke, "miracle fountains" that danced in technicolor and a Dutch windmill. The show was replete with comedy touches, too. The so-

phisticated and oversized good hound dog paramour kept the audience howling during "The Lady and the Tramp," but they had nothing on Paul Andre's drunken sail-or routine in "Ten Cents a Dance." Andre also was the "bad man" in "An Adult Western," in which Tommy Collins played the Marshal in some real, old-time slapstick that included a bit of pie throwing, some broken saloon furniture and a plunge through the mirror of the back bar. Jinx Clark and Collins turned in a couple of demonstrations of exquisite skating and teamed in "The Sophisti-

Ladies Aid Annual Yule Fete at Dundas

Dundas—The Ladies aid of St. John Evangelical Lutheran church will hold its Christmas party Thursday afternoon in the church parlor. There will be a gift exchange and pot-luck luncheon.

Roading time: 4 minutes (and worth every second)

A special message for people who plan to buy a '59 car

By now you've had a chance to look over all the 1959 models. They're all on the market now, bright and shiny and dazzling as only new cars can be.

Now is the time to ask yourself the question. "Which car should I buy? Which car will give me the most value, the most satisfaction for my money?"

What do you want in a car?

We don't expect to sell everyone in 1959. We know that some people will end up buying small cars, and some, foreign imports. We accept the fact that a few will buy high-performance sports cars, and that others, because of their position, cars that cost far more than any Dodge. That's fine. We don't expect to sell them all.

But if you're in the market for a smart-looking, solidly built, full-sized car that's reasonably priced and that performs beautifully, a car designed for your comfort and convenience that you can drive with pride anywhere—WE ARE TALKING TO YOU.

Imitation is the sincerest form of flattery

Let's start with styling. How a car looks is an important consideration; no one buys a car they don't like. But styling, like beauty, is relative. What is hot stuff to one person is cold potatoes to another. So we will only say this about Dodge styling: Our competitors obviously like it. We think that's quite a tribute.

Rumor: Some '59 cars are hard to get into

You'd think all cars would be about as easy to get into and out of, and as comfortable to sit in. After all, they all have doors and they all have seats. The fact is, there's a big difference—particularly this year.

Attention Station Wagon Buyers!

Dodge station Wagons are terrific, too. Write for your free copy of the Dodge Station Wagon Booklet. Dodge Division, Box 1259, Detroit 31, Michigan.

P.S. Don't forget to watch Lawrence Welk.

Frankly, some '59 cars are known to be a little difficult to get into, as well as out of. This wasn't intentional, of course. In trying to design a car that was as low and modern as our Swept-Wing Dodge, it just worked out that way.

This is not true of Dodge, because Dodge is designed around you. You get in easily and naturally, without banging your knee on the door post or the steering wheel. You sit on seats that give you wonderful support. There are no high door sills to trip over.

Of course, we won't even mention the fact that the other '59 cars don't offer Swing-Out Swivel Seats. Oops!

Which do you want: Push Buttons or a shift stick?

We know that a number of people like a lever-type automatic transmission. They've used them for years and they're satisfied. We have no quarrel with them. But there's a lot of wisdom in what Alexander Pope says in his Essay on Criticism: "Be not the first by whom the new are tried, nor yet the last to lay the old aside."

Push-button driving isn't new. This is the fourth year that Dodge has had it. We would guess that, conservatively, over two million owners have used it—and loved it. So we're not going to try to sell you on the ease of push-button driving; we do hope you'll just give it a try.

You want a modern ride, don't you?

You can divide all the '59 cars into two groups. Those like Dodge that have Torsion-Aire and those that have coil springs. Now, don't get us wrong. Coil springs are okay. They've been used on cars for years.

But that's just the trouble. When you buy

a 1959 car, you want a 1959 ride to go with it. That's Torsion-Aire. It's the newest, finest, most advanced suspension system in the industry. (Pardon our enthusiasm.) And remember this. You don't pay a penny extra for the extra comfort you get with Torsion-Aire. It's standard equipment.

Wouldn't you like to be pampered a little?

There's almost no end to the wonderful convenience features you can get in a '59 Dodge. Swing-Out Swivel Seats. (They're great!) Push-Button TorqueFlite transmission. Full-Time Power Steering. Outside mirrors that adjust from the inside. Inside mirrors that adjust themselves electronically to banish glare. They're all available at extra cost—and well worth it.

A few words about quality, performance and price

These are things that are hard to measure. What do you mean by quality? What constitutes good performance? What is a good buy? We would sum up our case for Dodge in this manner: It is a car that is well engineered and well built to give you years of driving satisfaction. It will more than match any other competitive car in the performance department. It is, we honestly believe, an extremely good buy for the money.

Are we prejudiced? You bet we are!

We'll admit we're prejudiced about our '59 Dodge. We think it's a great car. And if a new car is in your plans for 1959, we'd like the opportunity to convince you of this. How about giving us a chance to show you this Dodge, to point out its many exclusive advances, to hand over the keys so that you can drive it and draw your own conclusion. We're ready any time you are. Why not make it soon?

Pair of Games For St. John In FVCC Loop

St. Norbert Team At Little Chute On Saturday Night

Little Chute — St. John High school will open play in the Fox Valley Catholic conference this week with a pair of games.

Thursday night the Dutchmen meet Premontre at Green Bay and Saturday night St. Norbert of DePere plays here.

In pre-league games the Chuteers have won four of five games. This is the best start St. John has been off to in years and Coach Bill Fitzpatrick is optimistic that his young squad will continue the pace.

6-4 Loop Record
Last year St. John won two games from Premontre, both by narrow margins. St. John had a 6-4 record in league play last season and an overall mark of 12-9 for the campaign.

Fitzpatrick will probably have his usual starting lineup intact for the Premontre game. Forward Don Hermosen missed the Wausau Newman game Saturday night because of an eye infection. The Chuteers managed to snare by in that one by a 54 to 50 count.

Starters against the Cadeis will include Hermosen and high scoring Ed Hammien at forwards, Tom Geerts at center and Tim Tousey and Ady Ebben at guards.

Reserves who will see action include Mike Bongers, Dave Koss, Keith Versteeg, Gary Versteeg, Tom Moran, Harland Hietpas and Dick Hietpas.

Committees for Holiday Dance, Named at KHS

Kaukauna — Committees were appointed for the pre-Christmas dance to be held at the Kaukauna high school gym Dec. 20 by Florence Schmidt, student council president.

Leading the orchestra committee are Patricia Doring and Diane O'Dell while Bridget Brenzel has charge of decorations assisted by Sharon Spice, Joanne Kappell, Lance Goetzman, Richard Lemke, Kenneth Kavanagh, Patricia Haen and Sandra Kern.

Lois Woelz heads the refreshment committee assisted by Jane Bartheau, Susan West, Barbara Otte and Mary Tri Lau. Patricia McGrath heads the publicity committee assisted by Hope Goetzman, Athlyn Andrews, Mark Nagan, Ronald DeBroux and Greg Russo. Handling tickets will be Lynn Pechman, chairman, Helen Forde, Dawn Oettinger, Julie West and Judith Haen.

Yule Program, Meeting Thursday For Homemakers

Kimberly — The annual Christmas program and meeting of the Homemakers club will be at 7:30 p. m. Thursday at the Kimberly Public school.

A film entitled "The Challenge" will be shown. The movie concerns polo and a discussion will be conducted by Darrell Larson.

Entertainment included songs by the "Kimbarks," local sextet accompanied by Mrs. James Vanden Elsen, a barbershop quartet, "The Naturals" of the Kaukauna-Little Chute SPEBSQSA chapter will offer selections and lead community singing. There will be a gift exchange.

Chairman of the social committee is Mrs. George Acker and assisting her will be Mrs. Francis Burton, Mrs. Lyle Vandenhoven, Mrs. Steve Kuepper, Mrs. Ambrose Comblard, Mrs. Clifford Jansen and Mrs. Nellie Vanden Oever.

Kimberly Frosh Play at Menasha

Kimberly — In an effort to keep their victory string intact, the Kimberly freshmen eagles will play at Menasha Thursday afternoon.

Papermaker freshmen have not lost in 11 straight league games over two seasons. Last year's team went through 10 straight games without a loss and this year's squad opened last week with a convincing win over Wilson.

Nicky Polman, Tom Rooy and Gary Diering paced the offense last week and are the top scoring threats on the Papermaker teams.

Christmas Party Set For K of C Women

Kaukauna — The Knights of Columbus Women will hold a covered dish dinner and Christmas party at 6 p. m. Thursday at Holy Cross school.

Mrs. Jacob Schmidtkofer will serve as social committee chairman. This will be the only meeting in December as the next regular meeting date falls on Christmas.

Post-Crescent Photo

Prizes Were Awarded to the Winners in the annual fishing contest sponsored by the Kimberly Recreation association by Rene Gossens, left, chairman. Left to right are Arnold Zwiers, Roger Oudenhoven, Buddy Wurdinger, Emil Van Dyke, Amade Vande Vyver and William Van Hout. Awards were made for the heaviest fish in various categories.

School Board Thinks Building Pace Lags

Worried About Slow Progress in Remodeling Two Grade Schools

Kaukauna — The board of education Tuesday discussed the slow progress in construction and remodeling at the two public grade schools and tried to ascertain how work could be hastened.

Particularly annoying to board members was hearing of the addition at Nicolet school which is carried out by a single boiler at the school. The heating contractor has not yet installed the second boiler.

The furnace is running steadily in an effort to supply sufficient heat for the school and, in addition, thus fuel bills are rising rapidly. School commissioners asked the superintendent to check to ascertain whether it was the duty of the school board to furnish heat for an additional not yet completed.

Fire Precautions
The superintendent was also authorized to contact the architect in an effort to have him contact the heating contractor to speed up construction work. The entire school program is far behind schedule.

The superintendent was authorized to advertise for basketball backboards and other gym equipment to be installed in the new building.

Board members questioned the lighting of the stage and make recommendations to the school board for improvement.

Stage Improvements
A committee was appointed to make arrangements for cleaning and lining of the stage curtains, valance and other stage equipment in the auditorium and to purchase new curtains for the windows.

Entire cost of the project will be about \$1,600. The committee will study the lighting of the stage and make recommendations to the school board for improvement.

In other action the board approved the reappointment of Arthur M. Schmalz to the Kaukauna Vocational school board pending a ruling on the legality of the appointment as Schmalz has moved from the city since his original appointment. His present term expires Dec. 31.

A luncheon will be served during the evening and noise makers will be distributed shortly before midnight. Dancing with music furnished by a local orchestra will get underway at 10 p. m. and continue until 2 a. m.

Oscar Kunz and John DeMand are serving as co-chairmen of the entertainment committee and are being assisted by Les Forde, Tony Dasser, Clarence Thelan, Floyd Treichel, Gil Anderson, Jack Nagan, Norbert Noe, Jack Leddy, Don McPhail, Leo Driessen, Tom Tidmarsh and Karl Munkelbig.

KHS Frosh Five To Meet Wilson

Kaukauna — The Kaukauna High school freshmen eagles will attempt to improve on their 1-1 record at 4 p. m. Thursday when they travel to Wilson Junior high, Appleton, for a league tilt.

The Junior Ghosts started out slowly in the league opener and were unable to score consistently. Against a weaker Madison foe last week they managed to show some improvement but had the advantage of the home floor.

Coach Guy Krumm has been dressing shooting in drills in an effort to improve the team's standing. Lack of height is one of the main drawbacks of this year's squad.

Locks Cogers Play At Seymour Tonight

Combined Locks — Still looking for its first win in Foxland conference play, the Combined Locks Grade school basketball team will play at Seymour tonight.

The Locks club has dropped two straight one to Kimberly and the other to Black Creek.

The next home game for the Locks team is Monday when New London visits the local court.

Potluck Supper Set By Rebekah Lodge 77, Odd Fellows No. 297

Kaukauna — Rose Rebekah Lodge 77 and the Independent Order of Odd Fellows No. 297 will hold a joint potluck supper at 5:30 p. m. Friday at the Union hall.

The new meeting place was selected after the Legion hall was closed for the winter months. Women are to bring the covered dish and table service. Regular meetings are scheduled for 7:30 p. m.

Nativity Scene Plans

Kimberly — Plans for setting up the Nativity scene on the parish grounds at Holy Name church will be discussed by the Catholic War Veterans post at a meeting at 7:30 p. m. Thursday at the school cafeteria.

The post plans to purchase several figurines for the scene this year.

City Workers Begin Flooding Three Ice Rinks

Kaukauna — City crews have started flooding ice rinks and weather permitting all three should be ready for use this weekend.

Rinks will be located at Main avenue and Tenth street, adjacent to the public library and in Straussburg park. The latter replaces the Park school rink which will not be in use as school construction has taken up much of the area formerly used for skating.

Straussburg park was selected as an ice rink site after a request from parents of over 200 children was filed with the recreation committee. Men working around the clock alternate in flooding. A small hose is being used to provide a more even and smoother ice. The hoses must be kept running at all times to prevent freezing lines.

Speedettes Win To Lead Teenage Bowling League

Kaukauna — The Speedettes dropped their first game in the recreation department sponsored teenage bowling program at Verbeten's alleys but maintained first place with a 5-1 record.

The Marshians held second with a 4-2 record followed by Handicaps with two wins and four losses and the Hot Shots with one win and five defeats.

Leigh Wachel hit a 156 and Ron DeBroux a 139 to lead the Marshians while Judy Jacobson hit a 149 for the Speedettes. Top scorers for the Hot Shots were Roger Leick with a 159 and Jim Jansen with a 156.

213-511 Lead Friday Night Women's Loop

Kaukauna — Ferna Noonan and Janet Runge each posted a 213 to share high single game score in a Miss Runge posted a 511 series to set the pace in the Friday Night Women's league at S and B alleys.

Team honors went to Wisconsin bar with an 837 game and Egan Sports with a 2,343 series. Bee's Beauty shop lost two games but held the league lead with a 25-14 mark. Egan is second with a 23-16 rating.

Carol LaBorde hit a 190 game for the only other honor count.

2 Appointments To School Board

Kimberly — Two appointments to unexpired terms on the Vocational school board have been approved by the board of education.

William F. Courchane was named for a term to expire Dec. 31, 1960, and Mrs. Jess Betters for a term to last until Dec. 31, 1959.

Other members of the Vocational school board are Alex Malenkin, Sr., William Geenen, J. R. Gerrits, secretary, and F. F. Martin, director.

Jerry Ederer Slams 231-558 to Set Pace In Hollandtown Loop

Hollandtown — Jerry Ederer topped a 231 singleton and a 558 series for the only honor counts registered in the Country Bowling league at Van Abel's alleys.

Brook's Oil won two games to hold the league lead with 28 wins and 11 losses followed by Keller Implement with 26 wins and 13 defeats.

United Church Circle Plans Christmas Party

Kaukauna — A 1 p. m. Thursday dessert luncheon will open the annual Christmas party of the United Church of Christ.

Mrs. Dan Hennessy, 312 W. Seventh street, Kaukauna, will be hostess for the affair.

Kimberly - Little Chute

Raynaud's Disease Concerned With Spasm in Blood Vessels

By Joseph G. Molner, M.D.

"Dear Dr. Molner: Will you explain what Raynaud's disease is, what causes it, and is there any cure for it?" C.B.W."

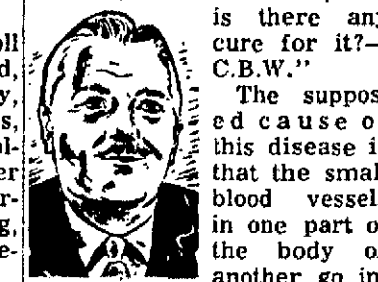

The supposed cause of this disease is that the small blood vessels in one part of the body or another go in- to spasm. That is, they become tense and tight, and do not permit the blood to flow easily and normally.

What makes the blood vessels do this is something else again, and I cannot answer, beyond guessing.

With this disease the fingers (or toes, or ears or nose or other part) takes on a waxy or "dead" look, and sometimes the circulation is so restricted that pricking a finger with a pin draws no blood.

Second Form

That's the most common type we encounter. However, there is another form in which the veins, as well as the small arteries, go into spasm. In

Dr. Molner to spasm. That is, they become tense and tight, and do not permit the blood to flow easily and normally.

With this disease the fingers (or toes, or ears or nose or other part) takes on a waxy or "dead" look, and sometimes the circulation is so restricted that pricking a finger with a pin draws no blood.

Second Form

That's the most common type we encounter. However, there is another form in which the veins, as well as the small arteries, go into spasm. In

Court Decision On Gas May Not Be Felt Here

A supreme court decision that natural gas pipe line companies may raise prices without waiting for approval by the federal power commission probably will have no effect in the Fox Cities.

A spokesman for the Wisconsin Michigan Power company this morning said the entire rate procedure still would have to be set up and submitted to the Wisconsin Public Service commission before approval could be granted.

He said he doubted the procedure was eased by the supreme court decision issued Monday.

The ruling was given on an appeal by the commission and three pipe line companies from a ruling by the U. S. court of appeals that gas suppliers could not raise rates unless their customers agreed to, it.

this case, the return of the blood to the heart is subject to interference, and the extremities, instead of being bloodless, white and cold, become blue, swollen and uncomfortable from tingling rather than from the sense of coldness.

This disease affects women far more often than men, and is not what we call a "disease of old age," since most of the time the patient is in the 30's or thereabouts when it appears.

Likewise, and I suspect this is important, the nervous, tense sort of person, the kind of person who has a "nervous stomach" or similar distress without any known physical cause, is most likely to be affected by Raynaud's disease.

Give Up Tobacco

So, going back to that mention of the cause—I'd say we have reason to believe that nervous tautness is at the heart of this trouble.

Sometimes an attack lasts for a matter of minutes, and sometimes it can go on for a day or two. If attacks recur too often and for too long a time, the lack of circulation can have serious consequences for the affected fingers or toes. This is the extreme case, of course.

Now I've said rather frequently in the column that tobacco (the nicotine in it) has the effect of constricting the blood vessels, so for that reason anyone with Raynaud's disease should give up tobacco completely.

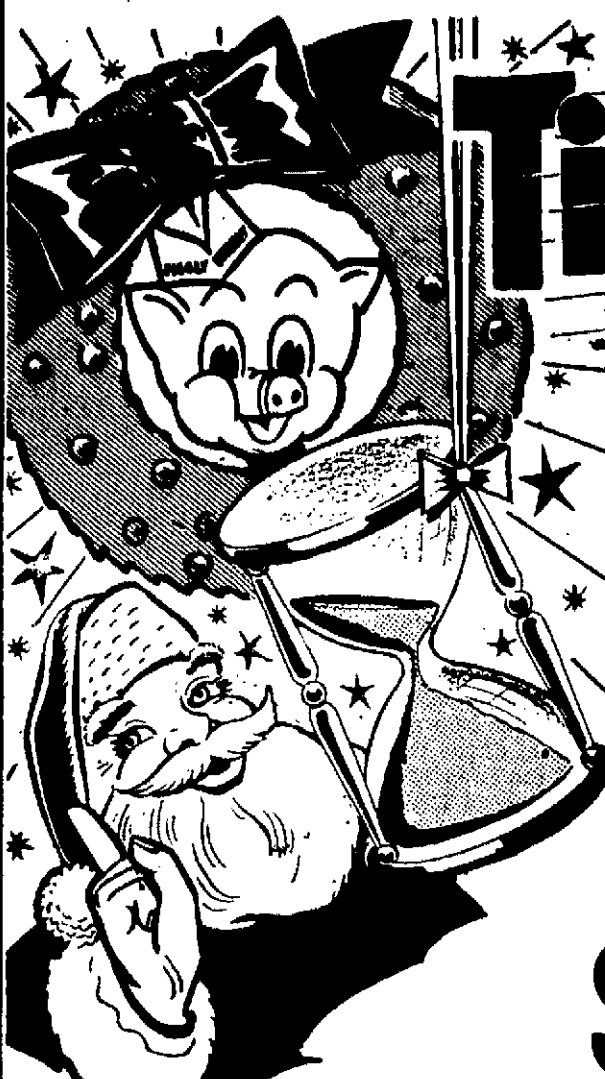

There are various drugs that act to relax the constricted blood vessels, and these drugs obviously are helpful.

Steps to Follow

In short, I would advise anyone with this disease to practice the art of relaxing, and by that I mean thinking about life seriously, and realizing that getting all wrought up rarely if ever does any good. From only such a basis can you ever achieve a calm, normal attitude toward life.

That, to my way of thinking, is the first corrective step. Drugs are second. And third, and the most extreme step, is an operation called sympathectomy, or cutting of nerves in the affected area. This is more likely to be successful when the feet (or toes) are affected.

CAB Orders Service At Outagamie Airport

CONTINUED FROM PAGE 1

toward ordering service every 20 miles than in objection to the county port specifically.

When service gets into such short hauls, it puts the airline behind railroad schedules and endangers airline economies, he said.

If the airline decides not to oppose the route, it still will take some time for activation. Fox Cities could be served of service, Buttomer explained, since the CAB order adds port or in part of the Minneapolis-to-Milwaukee route a line which has only 3,500 through Green Bay.

North Central also suggested Ashland could be served adequately through Ironwood port.

However, the board said applications for local air service filed by Ashland, Marshfield and Appleton were strongly supported by the state of Wisconsin, which forecast profitable operations world-wide markets are located by North Central from its service to these cities.

The board's opinion continued:

Manufacturing Center

"Marshfield and Appleton are important manufacturing centers. With the proposed routing, these cities will receive the benefits of single-plane service to three points, with which they have their primary community of interest, namely, the Twin Cities, Milwaukee and Chicago. Since both cities have only limited train service available, the saving in time to reach the above-mentioned cities by air would be substantial. Marshfield has a population of approximately 14,000 and serves a trade area of 140,000.

"Bureau counsel also took

to these cities was required and estimated that North Central would realize a profit of \$19,942 from its operations at Ashland, Marshfield and Appleton. Although requested to do so at the hearing by the state of Wisconsin, North Central refused to submit any estimates to show how much it anticipated its revenue and expenses would be if it served Appleton, Ashland and Marshfield as proposed. The carrier has not submitted a single specific supporting fact for its claim that these cities would not properly support air service through their own airports.

Paper Capital

"Appleton is the county seat of Outagamie county and the hub of six thriving cities commonly known as the Fox Cities, with a 1955 estimated population in excess of 109,000. The Fox Cities are known as the paper capital of the world and constitute the fourth largest marketing area in Wisconsin. Retail sales in 1955 totaled \$105 million. Several large manufacturing concerns with world-wide markets are located in the Fox Cities; for example, Kimberly-Clark, Marathon Corporation and the Thilmany Pulp and Paper company. It is conceded that the Fox Cities would generate a substantial volume of air traffic. The 15,352 1-way trips per year estimated by the city and the state of Wisconsin, based on a detailed analysis of on and off airline passenger coupons which were actually used, does not appear unreasonable. We agree with the state of Wisconsin that air service for the volume of traffic estimated for these cities would not be adequately provided by service at airports 22, 36 or 43 highway miles distant."

"The board also said: 'While we view as unfortunate North Central's late-voiced reluctance to provide the service to these cities recommended by the examiner, we conclude nevertheless that these cities need air service and that such service should be provided by North Central. North Central is the only local carrier which could logically serve these communities and has made itself an applicant for any service required by the board.'

Jones Park Rink Ready for Skating

Jones park will be ready for ice skating tonight, Park Supl. Jerke said today.

Rinks at Edison school, McKinley school and Erb park are in fair condition and can be skated upon, he said.

Others of the city's 17 rinks will be ready by week's end.

It's Ear Muff and Heavy glove weather but the Post-Crescent, like the mail, must be delivered. Here Carrier John Bartman slips a paper between the doors at the home of one of his customers.

Oldest Resident Of Deer Creek Succumbs at 98

Mrs. Henry Housey, 98, route 1, Bear Creek, oldest resident of the town of Deer Creek, died late Monday evening at New London after a short illness. She was born Aug. 28, 1860, in Belgium and came to the United States when 6 years old.

Mrs. Housey lived in the town of Deer Creek for 72 years. She was a survivor of the famed Peshtigo fire of 1871.

Funeral arrangements are being made at the Hoier and Sievers Funeral home, Clintonville.

Survivors include three daughters, Mrs. Joseph Stadler and Mrs. Ike Graham, both of Ashland, and Mrs. August Lorge, Bear Creek; two brothers, Henry Jarvis, Sr., and Anthony Jarvis, both of Bear Creek; one sister, Mrs. Jenny Krueger, Minneapolis; 23 grandchildren, 75 great-grandchildren and 29 great-great-grandchildren.

Today's Deaths

John Van Eperen, Jr.

John Van Eperen, Jr., 12, of 344 S. Pine street, Kimberly, died in Madison Tuesday after a long illness.

He was born July 19, 1946, in Appleton.

Funeral services will be at 10 a.m. Thursday at Holy Name Catholic church, Kimberly, with burial in the parish cemetery. Friends may call at the Johnson Funeral home, Kimberly, after 2 p.m. Wednesday. The rosary will be recited at the funeral home at 8 p.m. Wednesday.

Survivors include the parents, Mr. and Mrs. John Van Eperen, Sr.; the grandparents, Mr. and Mrs. Anton Desort, Appleton; and Mr. and Mrs. Walter Van Eperen, Kimberly; and three sisters, Judith Ann, Mary Ellen and Barbara Jean, all at home.

Cynthia Voissem

Cynthia Sue Voissem, 6-week-old daughter of Mr. and Mrs. Dennis Voissem, 2306 S. East street, died at 5:15 p.m. Tuesday. She had been ill since her birth on Oct. 26.

Funeral services will be at 10 a.m. Thursday at Sacred Heart Catholic church, with burial in St. Joseph cemetery.

Besides her parents, the child is survived by the grandparents, Mr. and Mrs. A. J. Spoerl, Appleton, and Mrs. Anton Voissem, Menasha.

Allie Roberts

Allie Roberts, a former Clintonville resident, died Tuesday afternoon at Berkeley, Calif. Funeral services will be Thursday afternoon in Berkeley.

There are no survivors remaining in Clintonville.

Mrs. H. W. Zalsman

Word has been received of the death of Mrs. H. W. Zalsman, a former Clintonville resident, who died Tuesday evening in Orlando, Fla.

Funeral arrangements are incomplete.

Two Appleton Firms Low Bidders for Paving

Two Appleton contractors are apparent low bidders for paving jobs in two Wisconsin counties.

Woodrich Construction company bid \$784,744 for paving 5.79 miles on U.S. Interstate Route in St. Croix county.

Fox Valley Construction company bid \$675,876 for paving 5.46 miles of U.S. Interstate Route 14 near the Illinois state line in Rock county.

Hearing Set For Youth Named In Morals Case

Richard A. Glaser, 18, 209 S. Douglas street, was arraigned in municipal court Tuesday on a morals charge involving a 15-year-old girl.

Similar charges were brought against six other youths in cases involving the same girl. Charges against two of them were dropped after preliminary hearing.

Judge Oscar J. Schmieg set preliminary hearing for Glaser for Dec. 18.

Glaser was sent to jail when he couldn't post \$1,000 bond.

Top Technical Men Will Gather for Sulphite Meeting

Top technical men of companies with 44 per cent of all U.S. sulphite pulping capacity will gather at the Institute of Paper Chemistry Thursday and Friday to review current progress and future prospects of the industry's research into spent sulphite liquor.

Thursday morning sessions will review projects already under way. The afternoon meeting will deal with using market research to guide scientific research. Friday sessions will cover administrative matters of the technical committee of the Sulphite Pulp Manufacturers' Research league.

Funeral Rites Set For Traffic Victim

Funeral services for Elijah Hill, 52, Oneida, who was killed when he was struck by a car while walking on Highway 45 at Sugar Bush Corners about 6:30 p. m. Sunday, will be at 2 p. m. Thursday at the Kircher Funeral home, New London, with the Rev. R. W. McKeithen, pastor of the Methodist church, New London, in charge. Burial will be in Floral Hill cemetery.

Hill was born March 10, 1906, in Oneida. He worked as a handy man in the New London area. Dr. Sam Salan, Waupaca county coroner, ruled his death accidental and said there would be no inquest.

He is survived by a brother, Gilbert, Green Bay, and a sister, Mrs. Jake Smith, Tigerton.

Librarian Resigns Children's Post

Miss Janet Meili, children's librarian at the Appleton public library for 13 years, has resigned her post effective Monday.

She will take over duties at South Side Junior High school, Sheboygan, where she will become the school's first librarian and will develop the school book collection.

Formal Petition For Annexation Filed With City

A formal petition for annexation was filed Tuesday at city hall by owners of the former Frank Schimmer farm, Calumet street and Kernan avenue.

The petition calls for annexation of half the former 40-acre farm. Owners are Albert Schimmer and Fountain Development, Inc. Schimmer is the sole elector.

The petition will go to the board of public works for study by the director of public works and city attorney. It must be acted upon within 30 days.

Nine Initiated Into Tuttle Employee Club

Nine members were initiated into the Tuttle Press 25-year club during a recent dinner meeting. It was one of the largest number of initiates at one time in the company's history.

New members are Miss Magdalene Luniak, Mrs. Anna Buhlman, Miss Ethel Anholzer, Arthur Jensen, William Marx, Donald Pscheidt, Wilbur Strutz, William Schmalz and Elmer Rehmer.

Correction

A Post-Crescent article recently stated that Raymond Korth, 35, who said he lives at 121 N. Durkee street, was accused of threatening his family with a knife. The article was in error in stating that he was accused of carrying a knife. Korth's two children told police their father was threatening their mother. Korth was sentenced to five days in the county jail and 45 days on probation to the Lutheran Welfare bureau in Green Bay Oct. 28. The Post-Crescent regrets the error.

Readfield Man Dies From Burns

Believe He Dropped Match While Lighting Pipe

Richard Schuelke, 75, rural Readfield, died about 4:55 p.m. Tuesday in New London of third degree burns covering 90 per cent of his body.

Waupaca Undersheriff Ben Pipkorn said Schuelke's clothing apparently was ignited by a burning match which he dropped into his lap while attempting to light his pipe. The accident occurred at his home about 10 a.m. Tuesday.

The elderly man ran out of the house with his clothes blazing. Clarence Fraedrich, Pine street, Weyauwega, a truck driver delivering oil at the house, rolled him in the snow and smothered the fire with his sheepskin coat.

Mrs. Arthur Schuelke, the

man's daughter-in-law, helped Fraedrich carry him into the house and Fraedrich drove to Weyauwega to get a doctor and the Bauer ambulance.

Schuelke lived with his son, Herman, next door to the home of his other son, Arthur. They were in the woods cutting fire wood when the accident occurred.

Schuelke was taken to New London Community hospital. He was born April 13, 1883, in the town of Wolf River, Winnebago county.

Funeral services will be at 2 p. m. Friday at Zion Lutheran church, Readfield, with burial in the East Bloomfield cemetery. Friends may call at the Bauer Funeral home, Fremont, after 7 p. m. Thursday until 11 a. m. Friday and then at the church.

He is survived by four sons, Herman and Arthur, both of Readfield, Eldor, route 2, Fremont, and William, Manawa; two brothers, Albert, Big Falls, and Adolph, in Arizona; six grandchildren and one great-grandchild.

Soviets Fail to Understand Meaning of American System

BY GEORGE E. SOKOLSKY

New York — Since Nikita Khrushchev has taken over the management of the Soviet universal state, he has faced the west with a series of crises, one following upon the other with breathless haste.

He has demonstrated his skill not only by the speed with which he manages each crisis in different parts of the world but also by his ability to bring about divorce attitudes among Russia's opponents, thus engendering confusion in their ranks. Actually, Soviet Russia stays out of many of these situations, using her satellites. This, thus far, is not appearing in the Berlin crisis. On this subject, Khrushchev finds the west united. In fact, he is faced by the dramatic success of De Gaulle in France and even more dramatic cooperation of France and West Germany. Whereas, Stalin, to a degree, found a means of stimulating a sharp division between the United States and Great Britain over the recognition of red China, Khrushchev now finds the United States and Great Britain closer together than they have ever been.

Curious Facade
Berlin presents a curious facade. West Berlin has grown back into a modern city, beautiful, prosperous, well-kept; East Berlin is a poverty-stricken, almost orientalized Soviet city. The inhabitants are the same people, often members of the same families. In the instance of West Berlin, all the artistry and skill which made Germany so great have returned; in the case of East Berlin, these seem to have been lost in the repressions of Soviet life.

Berlin has then become a

show-case, a show-case of contrasts. The result has been a constant and increasing migration of Germans from East to West Berlin.

Reds in Hungary Lay Plans for Party Congress

Budapest — Hungary's communist party is going to call its first full party congress since the 1956 revolt against Russia. It will be held in the second half of 1959.

More than 1,000 delegates are expected to attend, representing more than 400,000 members. The last congress was held in 1954.

Plans for the congress were announced by party first secretary János Kádár at a 3-day meeting of the central committee which ended Sunday. Nepszabadsag, the party newspaper, reported on the meeting today.

The committee accepted the 1959 economic plan and made decisions on farm policy. The decisions were not announced.

Agricultural matters have been causing some worry among Hungary's rulers. Leaders differ on how hard to push the collectivization of farms. This year's crop also was not up to expectations, largely due to unfavorable weather.

Many collectives broke up in the 1956 revolt. A start has been made on reorganizing them, but this has not gone too fast. The party has insisted, it says, on the "voluntary principle." No forcing of reluctant farmers into the collectives, as was done in Stalinist days.

withdraw Russian troops but that is a hoax because what it would actually mean would be that Soviet troops would surround Berlin on three sides and that Sovietized troops would be inside Berlin, wearing East German uniforms and frightening the people into obedience to the Kremlin.

The hoax is too palpable and demonstrates a desperation, an urgency on the part of Khrushchev. After a series of victories, Khrushchev, who always talks too much, was defeated at Lebanon and Qemoy. It would seem that Khrushchev needs a dramatic victory. Observing the nature of the 1958 election and not quite understanding the American form of government, he undoubtedly believed that if Eisenhower took a tough stance on the Berlin situation, Eisenhower would be less popular than he showed up to be in the election—as, though such an election as we had in 1958 was a popularity contest.

It is always difficult for Europeans to understand American elections. Even British experts on the United States often fail to realize that an American President is very different from a British prime minister who can only exist as a member of a political party. The American President, once in that office, no longer represents his party, but the entire American people. He has no parliament to go to, but speaks in Congress through whatever leadership there is. In a sense, there is no real opposition party because when the President is of one party and the majority of Congress of another party, they must work together.

Khrushchev, like Hitler before him, does not grasp the essence of American freedom, which is that because we are free to differ and to express our differences we do not endanger our country because of these differences.

5-Cent Fee for Agents Beaten By Board

Persons Issuing Game Licenses to Receive 4 Cents

A move to increase from 4 to 5 cents the commission retained by deputy county clerks issuing licenses under state fish and game laws was defeated by a voice vote of Outagamie county supervisors Tuesday.

Appleton Supv. Desmond G. Schade offered the amendment to an executive committee resolution.

Schade said the agents must handle all the money, pick up the licenses and process a large amount of clerical work for the benefit of the county. He thought 5 cents would be more adequate for the work.

Business Advantage

Freedom Supv. Joseph Weyers said most of the agents take over the task strictly because of the business likely to come through handling licenses, Appleton Supv. Al C. Fischer joined Schade in voting against the 4-cent commission when the board approved it.

The county clerk again will appoint as many deputy clerks as necessary for handling licenses.

In other action, the board approved a highway committee request to retain George Lucas, a department employee, an additional year beyond the retirement age of 65. Also approved was a salary and classification table for employees at Riverview sanatorium.

Music Groups
Plan Variety
In Program

AHS Orchestra, Band,
Chorus Will Give
Christmas Concert

The annual Christmas concert by the three music groups at Appleton High school will be in the AHS auditorium at 3 p.m. Sunday afternoon.

The program will include selections by the AHS orchestra under the direction of Russell Thorne who is new to the faculty this year.

Two well-known compositions and a contemporary suite will make up the orchestra's program. "The Nutcracker Suite" by Tchaikovsky will be the opening number with a narration by Barbara Casper.

"L'Avant pour une Infante Defunte" by Maurice Revel, a French composer of the 19th century, is another selection. The "Bartok Suite" is the contemporary composition which has four parts to it, the "Pezant Song," "Slovakian Dance," "Evening in the Country," and "Bear Dance."

Band, Chorus
Frank Cornella will direct the 47-piece concert band in four numbers. They are "Regal Procession," a concert march by Clifton Williams, "March Slave" by Tchaikovsky, "Solenn Fugue" by Williams, and "Christmas Festival" by Ledy Anderson. The AHS mixed chorus has selected well-known Christmas carols and religious songs for their part of the program. Directed by Lester Schulz, the group will sing "Go Tell It to the Mountains," an arrangement by Smith;

Christmas Songs Fill the Air as members of the Appleton High school chorus prepare for the annual Yule concert to be presented at 3 p.m. Sunday at AHS auditorium. From left are Marvin Leary, Barbara Casper, Michael Towsley, Jean Ashman and Edward Sanders.

Predicts Big
Payoff From
Space Probes

Fort Worth, Texas. — Dr. T. Keith Glennan, America's space chief, predicted yesterday

day a huge payoff for the public from the billions of dollars to be invested in space probes.

Glennan, head of the new National Aeronautics and Space Administration, tagged the organization's job as "The business of exploring the solar system."

He forecast "A dozen such launchings next year."

Glennan said in a Chamber of Commerce speech here last night weather prediction is an immediate aim of space vehicles. He said satellites could gather more data faster to aid meteorologists.

Glennan said the payoff will be limitless for generations to come and added there will be "very direct and immediate" payoff possibilities for "people who are now alive."

Earlier, at Austin, he met with senate majority leader Lyndon Johnson (D-Texas).

They agreed the result was "A better understanding of each other's view point."

Both agreed the Army's lunar probe last week was a scientific success, but were not satisfied that the rocket went only a third of the way to the moon.

"We can't be satisfied until we reach the objective," Glennan said.

"We can't be satisfied as long as we have troubles," Johnson said. "Unless and unless we find the answers, we come and added there will be must recognize the problems and solve them."

Officer for
Oneida Corner
Turned Down

Committeemen
Question Need
Of More Control

There is no need for a traffic officer at Oneida street and Prospect avenue during peak traffic times, the public safety committee has decided.

Ald. Mrs. Stillings, at the last council meeting, asked for a policeman to direct traffic approximately between 4 and 5 p.m.

Committeemen said there probably are other intersections that need traffic control by policeman more than this one.

One committeeman said he doesn't believe the city needs the steps proposed by Ald. Bogan either. Bogan has called for adding a second eastbound traffic lane on Prospect avenue.

Wednesday, Dec. 10, 1958 Appleton Post-Crescent C14

Other committee actions:
A ban on parking was recommended for the west side of N. Division street from the W. Packard street corner north to the first driveway. W. Packard motorists can't see southbound N. Division traffic, Traffic Sgt. John V. Gosch said.

Gosch agreed to check all stop signs for conformance with state law that requires them to be either seven feet above street grade, measured from the sign's bottom, or 41 feet, an alternate usually recommended for signs placed in rural areas. Mrs. Stillings has maintained signs are not at legal height.

A decision on changing traffic controls at the northeast corner of Memorial drive and Prospect avenue was put off until spring. The change, to permit young pedestrians to see the signs, means moving of a power pole, it was said, this can't be done with frost two to three feet in the ground.

Committee Chairman Ald. Schneider was authorized to talk with Ald. Groh about his request for a parking ban on one side of W. Fourth street.

between Memorial drive and State street. Gosch said there doesn't appear to be enough parking lots be marked off for "pint-sized" cars.

Marquette's Walt Mangham piles in two points just as the first half ends in Tuesday's basketball game against Creighton at Omaha. Creighton's Bob Van Zeeland (25), of Kimberly, and Dick Harvey (40) look on. MU's Don Kojis (44) waits for the ball to drop. Marquette won, 53-49.

Warriors Lead for Route, Knock Off Creighton, 53-49

Moran Scores 17; Kimberly's Van Zeeland Hits 10 for Losers

Omaha, Neb. — Marquette's basketball team bounced back Tuesday night and defeated Creighton, 53-49, for its third triumph in four starts.

The Bluejays slowed down the Warriors' fast break but couldn't control it as Nebraska

ka did in taking a 62-50 victory on Monday night.

It was a return to a 1-time home court for Marquette's new coach, Ed Hickey who was at Creighton before going on to St. Louis and then Marquette. His Warriors will seek their fourth victory on their own court Saturday night when they entertain St. Norbert.

In winning their third, the Warriors never trailed after the first basket by Mike Moran who was the game's high scorer with 17 points on 12 points from the floor and five out of five free throws.

Kojis Collects 12

Sophomore Don Kojis added 12 for the Warriors and Jim McCoy and Walt Mangham tossed in 11 each. Jim Kellar's single basket completed the scoring as all the Marquette points were produced by the starters. Only two other players saw action for Marquette.

By shooting carefully, and hitting on 38 per cent of their shots, the Bluejays were able to trim an 11-point Marquette lead late in the first half and shrink a 10-point Warrior bulge in the second period but could never get out in front. Marquette led 33-28 at the intermission.

Jim Berry led Creighton with 13 points. Kimberly's Bob Van Zeeland tied for second high for the losers with 10.

Each team took only 55 shots from the floor, Creighton outshooting the Warriors 21-20. But Marquette connected on 12 of 21 free throws to 7 of 10 for Creighton to build its victory margin. Marquette shot 36 per cent from the floor, and controlled the rebounds, 33-26.

Paul Dietzel Selected as Coach of Year

New York — Paul Dietzel, who in four years as head coach, built Louisiana State's first all-winning football team in 30 years, was named today as "Coach of the Year" by his fellow members of the American Football Coaches' association.

The 34-year-old Dietzel scored the greatest sweep in the 24-year history of the award.

Of 618 members of the association who voted in the annual poll, 495 named Dietzel first, second and third. Nearest to him in the balloting was Forest Evashevski of Iowa's Big Ten champion team, who received only 58 votes for first place, compared with 312 for Dietzel.

Dietzel came to LSU in 1955 after serving as assistant to Army's Earl "Red" Blaik; Sid Gillman of the Los Angeles Rams, then at the University of Cincinnati; and Paul Bryant at Kentucky.

A total of 74 coaches figured in the "Coach of the Year" balloting. The award will be made during the football coaches convention in Cincinnati early in January.

Tyler, Texas — Paul Jorgenson, 132, Port Arthur, Texas, knocked out Kid Aztequitta, 130, Matamoros, Mexico, 3-0.

Hortonville '5' Assigned to 1959 Sub-Regional at Kimberly High

For the first time, Hortonville High school will play in a sub-regional basketball tournament, according to an announcement from the WIAA office in Stevens Point this morning.

Hortonville, heretofore a district tournament representative, has been assigned to the Kimberly sub-regional of March, 1959.

Hortonville will play Appleton in the first game, according to the 1959 numerical code (1 vs. 2, based on alphabetical order) announced by the WIAA. In the other first round game at Kimberly, it will be Kimberly vs. Kaukauna.

Finals at Menasha

On the same numerical basis, Menasha will play Neenah in the Menasha sub-regional, and Oshkosh faces Omro. The regional finals will be played at Menasha.

Other Fox Cities area teams assigned to sub-regionals are these: Clintonville and Bon-

KO Expected As Durelle Faces Moore

Archie Makes 7th Defense of Title Tonight

Montreal — Jack Sharkey will referee the Archie Moore-Yvon Durelle light heavyweight title fight tonight and the general feeling here is that his main job will be to count ten.

There is hardly a soul in this zero weather French-Canadian metropolis who believes it will end in anything but a knockout.

Archie, making the seventh defense of his 175-pound division crown, remained a solid 14-5 favorite to whip the 29-year-old fighting fisherman from Baie Ste. Ann, N.B.

Durelle, a dock-fighting type with a minimum of finesse, said "one of us will go by the eleventh or twelfth round, I'm going to win or they're going to carry me out."

If they don't lug him out on his shield, it will go down as one of the great upsets in fight annals. Moore, who will celebrate his forty-second, forty-fifth or forty-ninth birthday anniversary three days from now, has a big edge in everything but the calendar.

Ancient Archie can box, punch and absorb a punch far better than the crude, awkward and strong challenger who holds the Canadian and British empire light heavyweight crowns.

Must Close In

Durelle knows he has to close in on Archie from the opening bell in an attempt to wear down his venerable rival. Moore, a sharpshooter with either hand, likes nothing better than for an opponent to come to him. Right now he and the late Young Stribling are tied for the all-time kayo mark at 126.

If the fight should go the 15-round limit, the scoring will be handled by three judges.

Promoter Eddie Quinn predicts some 11,000 to 13,000 fans will pay from \$100,000 to \$125,000. The bout, starting at 9 p.m. (CST), will be telecast nationally in the United States by the ABC network.

Moore, unbeaten in his last 15 fights, has a 174-24-6 record. Durelle's record is 76-19-2 included 39 kayos.

Allen-Bradley '5' Defeats Oshkosh

(From AP Dispatches)

Oshkosh State was nipped, 68-66, by Milwaukee Allen-Bradley in an exhibition Tuesday night as Bill Sarver sank a last-second field goal.

Oshkosh was on top at the half, 36-27, but Allen-Bradley tied the count at 66 with less than two minutes to go and kept possession until Sarver made his final bucket. Sarver was high for the night with 29 points. Kimberly's Lee Neverson paced Oshkosh with 21.

Sub-district assignments of Fox Cities area schools:

Denmark — Brillion, Denmark, Hilbert, Reedsville, Stockbridge, Wrightstown.

Manawa — Bear Creek, Freedom, Manawa, Shiocton, Weyauwega.

Reshol — Amherst, Iola, Marion, Tigerton.

Winneconne — Winneconne

Unbeaten Kimberly, Two Rivers Collide

M-E Feature Slated for Raider Floor

MID-EASTERN CONFERENCE

	W	L	TP	GP
Kimberly	2	0	135	108
Shawano	2	0	138	97
Two Rivers	2	0	146	128
Clintonville	1	1	105	116
Neenah	1	1	102	120
Kaukauna	0	2	111	141
Menasha	0	2	125	140
New London	0	2	106	123

Friday's Games:

Shawano at Clintonville, Kimberly at Two Rivers, Menasha at New London, Kaukauna at Neenah.

BY GEORGE MANCOSKY

Post-Crescent Staff Writer

Neenah — The Mid-Eastern conference basketball spotlight shifts to Two Rivers Friday night where the unbeaten representatives of Two Rivers and Kimberly High schools, will be matched.

Other contests send defending champion Shawano to Clintonville, Menasha to Two Rivers and Kaukauna to Neenah.

The list of unbeaten teams will be reduced by at least one Friday after the Two Rivers-Kimberly struggle. Both are undefeated in as well as outside the conference.

The Raiders boast league wins over Kaukauna and Menasha plus outside verdicts over Manitowoc, Sheboygan North and Plymouth. Kimberly also topped the Bluejays and Ghosts in M-E competition with non-league triumphs over East Green Bay and Appleton.

Score in Spurts

Both bested Menasha by almost the identical score. Two Rivers won, 70-63, but was forced into an overtime to do so. Kimberly, scoring in spurts, took a 70-62 win after having a 17-point second quarter bulge reduced to two early in the fourth quarter. The Papermakers beat Kaukauna, 65-46, and Two Rivers topped the Ghosts, 76-65.

Dominic Olejniczak Hanged in Effigy at Packer Ticket Office

Green Bay — There was a hanging in effigy here Tuesday night and the victim was Dominic Olejniczak, president of the corporation that runs the Green Bay Packers of the National Football league.

But that was only part of the trouble confronting management as Green Lake supporters of former Coach "Cur-

ly" Lambeau adopted a slogan to go with their petition. The slogan is "Bring back the Packers with Curly."

The 5-foot dummy found a hanging from a street lamp in front of the Packer ticket office had a sign on its chest reading, "Ole." The effigy

Now Lambeau Says He's Not Interested

Post-Crescent News Service

Los Angeles — "Curly" Lambeau, former Green Bay Packer coach, who now winters here, said Tuesday evening that he is not interested in returning to the Packers.

Lambeau discussed the matter freely at a pre-dinner gathering before the annual Ye Olde Rams party, honoring the Los Angeles Rams, in Hollywood's Moulin Rouge. Lambeau also has been quoted by Bob Kelley, widely-known west coast sportscaster, as saying he wouldn't go back to Green Bay. (Earlier, Lambeau had told the Associated Press that he would be interested in returning to Green Bay under the right conditions.)

Dillon Shows Versatility In 'New' Post

Played Cornerback After Collapse Against 49ers

Pasadena — Let us pause today to pay tribute to Bobby Dillon, who at times was the "only" back in the Packers' secondary in San Francisco.

The Bays had five second-arymen for the game—Al Romine, John Symank, Billy Kinard, Jesse Whittenton and Dillon. Hank Gremminger, also a defensive halfback, was lost for the last two games due to injuries.

Symank, who started at safety with Dillon, hurt his shoulder in the second quarter and had trouble tackling—the starting cornerbacks—Whittenton and Kinard—just weren't doing the job.

Dillon, in the heat of the battle, suggested playing in Kinard's spot and having Romine take over at safety with Symank.

Traffic Cop

Dillon was like a traffic cop out there, playing cornerback and giving the injured a hand. "I hadn't played cornerback as a Packer but I know the plays so it wasn't so hard," Dillon explained in making the understatement of the year.

Bobby is well acquainted with the plays of each second-aryman. Dillon, most valuable as a safetyman, played cornerback in a couple of Pro bowl games.

Whittenton, the former Ram and Bear, just couldn't get untracked. A hot ticket at times, Jesse said "I can't explain it."

With only one skilled and untrunk individual in the secondary, Y. A. Tittle and John Brodie completed 21 out of 30 passes.

Turn to Page 3, Col. 7

NOTES and NOTIONS

I've known that personable Tom Miller works hard in his capacity as the Green Bay Packers' sales promotion director, but I didn't suspect till now that he peddles a little "baloney" on the side. Miller was interviewed in San Francisco prior to the Packers' Sunday appearance, and some of his observations were used in a column by Call-Bulletin Sports Editor Jack McDonald. Since Tom's remarks put the Packer picture somewhat out of focus for Frisco readers, I feel obligated to straighten them out in at least three respects.

Item No. 1: Green Bay, according to Miller, is a healthful place for a coach. As evidence, he points out that the Bays have had only four coaches in 40 years (which is true but misleading). Curly Lambeau reigned the first 31 of those years. Since then, there have been three coaches in nine years. If there's a new one in '59 (the Packers' sorry showing Sunday did little to strengthen McLean's hopes for staying on), it will be four in 10 years.

Item No. 2: "We've been almost perennial tail-enders for the last eight years, yet nobody's squawking." Nobody's squawking? Now, really, Tom! That's probably the best example of head-in-the-sandism since the Chicago Tribune proclaimed Dewey president of the United States in November, 1948. The rumbles of discontent started in early season and reached a crescendo after the 56-0 Colt debacle. Via newspapers, radio and television; across-the-counter, over-the-bar and on-the-street-corner have come the gripes and charges of "bungling" on the management, playing and coaching levels. Now, there's word of a "let's draft Lambeau" petition. If all of this sounds to the Packers like wholesale contentment or apathy, it's time they installed some new radar equipment.

'Being' in the League No End in Itself

Item No. 3: "We're just glad to be in the league." Miller was quoted as saying. "They'd like a winner in Green Bay, like anywhere else, but they go a long way

Packers' Vainisi Says He's Confident Duncan, 2 Others Will Sign

Declares Hawkins Disturbed by Reports That He Won't Play for Bays

Green Bay—(AP)—Jack Vainisi, chief talent scout for the Green Bay Packers, said Monday he is confident that Iowa quarterback Randy Duncan and the Packers' other two choices in the recent National Football league draft will wear Green Bay uniforms next fall.

LeBaron, Layne Remain 1-2

Veteran QBs Set Pro Passing Pace; Brown Tops Scorers

Philadelphia — (AP)—A pair of the National Football league's veteran quarterbacks are in a close race for seasonal passing honors.

Eddie LeBaron of the Washington Redskins leads Bobby Layne of the Pittsburgh Steelers with a per pass average of 0.23 to 0.58. LeBaron didn't throw a pass while playing about half of last Sunday's game with Pittsburgh and his record for 1958 remained at 72 completions for 128 attempts, 1,181 yards gained and 10 touchdowns.

Layne, who has played the Pittsburgh Steelers into third place in the NFL's Eastern division, has tried 245, completed 122 for 2,101 and 12 TDs. The former Detroit Lions' ace, traded to the Steelers early in the season, has passed his team to five victories and a tie.

In the ground gaining department, Cleveland's record breaking Jimmy Brown snapped out of a two-game slump to roll for 138 yards against the Philadelphia Eagles. The Browns' Brown now has a total 1,379 yards on 231 carries. Baltimore's Alan Ameche is a distant second with 777 for 162.

In scoring, Brown leads with 102 points.

PCC Lifts Ban on UCLA Football Team

Pasadena, Calif. — (AP)—The Pacific Coast conference, cleaning up loose ends before disbanding, has lifted its ban on the UCLA football team and drawn up plans for the 1960 Rose bowl game.

SPORTSMAN'S DIGEST

FOOTWORK FOR WING SHOOTERS

With preparations completed, begin pivoting body from the waist down to the feet in following a crossing target—upper body parts remain fixed but relaxed. Shift weight on balls of your feet when turning.

RIGHT CROSS PHOTO

ANGLE TO THE DIRECTION OF GUN. THE HEAD AND BACK ARE HELD ERECT WHILE GUN IS MOVED.

WING GETTING SET FOR A SHOT. THE FEET ARE SPREAD SLIGHTLY APART AND THE KNEES ARE SLIGHTLY FLEXED. SHOULDERS ARE HELD BACK AND AT A 45°

They'll Do It Every Time

ALL LAST SPRING AND SUMMER, SNEARBRUSH GOT INDOOR JOBS...

YES—ALL THE CEILINGS AND THE WOODWORK AND THE CLOSETS—AND DO THE BATHROOM PINK...

UH—I'LL DO IT AS SOON AS I CAN—GOT A LOT OF WORK AHEAD—HOW ABOUT NEXT MONTH?

OH, YOUNG MAN—TELL YOUR BOSS I WANT TO TALK TO HIM ABOUT PAINTING MY KITCHEN...

Now it's DECEMBER... AND WHAT KIND OF JOBS DOES HE GET? YOU GUESSED IT!

West Virginia Tames Citadel For 39th Straight Loop Win

By the Associated Press

There seems to be no stopping the West Virginia Mountaineers as they continue their domination of the Southern conference.

West Virginia won 26 of its 28 starts last season to compile the best win-loss record among major college basketball teams. The Mountaineers won 12 straight conference games, captured their league's tournament championship and wound up as the nation's top-ranked team in the final Associated Press poll.

Wolfpack Wins

The lads of Coach Fred Schaus (ranked fourth nationally) romped over The Citadel, 89-61, Tuesday night for their fourth consecutive victory. It was the Mountaineers' third conference success and third-ninth in a row over a span of four seasons.

Only two other members of the top 10 teams saw action last night. North Carolina State, No. 5, edged Clemson, 56-54, in an Atlantic Coast conference game and sixth-rated Tennessee whipped Wake Forest, 61-50, in a non-league affair.

Dan Englehardt's 15-foot jump shot with eight seconds left gave North Carolina State its narrow verdict over Clemson. The Wolfpack came from behind to post its fourth triumph, scoring eight consecutive points in the final minutes as Clemson ran out of gas after leading 54-40.

St. Mary, ranked fourteenth, lost its first game after three wins. California nipped the Gaels, 57-55, for the Golden Bears' third straight success. In other significant games, Texas A&M drubbed Sam Houston State, 81-54, with five starters hitting double figures; Jim McDonald tallied 20 points to power Bowling Green of Ohio to a 75-61 victory over Duquesne; Detroit withstood a late surge to nip Canisius, 77-75; and Washington State of St. Louis edged host Centenary, 56-54, after LSU topped Arkansas, 67-58 in a doubleheader at Shreveport, La.

Hawkeyes in Rugged Drill

Iowa City, Iowa — (AP)—Coach Forest Evashevski sent his Iowa football team through a rugged 1-hour indoor practice session Tuesday as the Hawks continued preparations for their Rose bowl encounter against California New Year's day.

At the outset of the drill, the backs concentrated on ball handling, while the linemen worked on offensive blocking.

Then the first three teams held a light scrimmage against the reserves, who ran California plays.

The squad wound up the session with the first three teams running offensive plays against the reserves.

No. 1 left end Curt Merz, recovering from a leg injury suffered against Ohio State Nov. 15, was unable to run at top speed.

Jim Traas Cracks 637 'Major' Set

Harry Smits Jolts 237 Line, Finishes With 630 Triple

Jim Traas and Harry Smits divided laurels in Tuesday evening's Major league bowling at Hahn's.

Traas of Melody Bar racked up a 637 trio, including a 228 game. Smits whacked the heaviest game, a 237 for Court City Service, and finished with a 630.

Behnke Clothes (3-9) holds a 7-line loop lead.

Other plus-600 scores were socked by "Ev" Wegner (233, 630), Ray Crane (614) and Wally Roblee (602). Other honor counts:

Norm Kirk 563; Harvey Nienow 232, 550; Bob Jensen 578; Bud Jentz 589; "Bud" Wegner 580; Jack Burton 598; Bud Stack 560; Wally Moore 564.

State Bowling Meet Entries Due Saturday

Entries for the 1959 Wisconsin State Bowling association championships will close at midnight Saturday.

Entries may be sent to Milwaukee's C. H. Jonen (239 N. 36th street), association secretary; or to either of two organization directors in the Fox Cities: Appleton's M. O. "Bud" Wegner and Neenah's Earl Haase.

All the events will be bowled at Gutormsen's recreation, Kenosha, Jan. 10 through May 9.

Wegner reports that he has reservations for 24 teams Saturday, Feb. 28, and 56 sets of doubles and singles Sunday, March 1. These reservations are on a first come basis. For those unable to make these dates, something else can be worked out, according to Wegner.

The prize fees are \$15 for regular teams, \$10 for junior teams, and \$2 per man per event for doubles and singles. Bowling fees are \$2.20 per event. Entry money will be returned 100 per cent in prize cash awards and trophies, according to Jonen.

Kimberly Frosh Visit Menasha

Kaukauna Will Play Wilson Quint Thursday

Kimberly and Menasha — which both own wins over Wilson in their only starts thus far—clash at Menasha Thursday in the Fox Valley Freshman Basketball league.

Menasha toppled Wilson, 31-25, two weeks ago with Lanky Paul Laux scoring all but 13 of the Jays' points. The Frosh Papermakers' decision over Wilson was more decisive, 59-34, last week. Guard Rick Polman collected 25 points for the winners.

In another game Thursday Kaukauna attempts to win its second straight game, playing at Wilson. The Neenah-at-Madison game has been moved to Neenah because the Madison gym hasn't been completed.

Fox Lutheran Beats Suring

Weather's Furious Late Rally by Visiting Quintet

The Fox Lutheran High school basketball team which had authored an amazing come-from-behind upset Saturday night, almost were made victims of the same device Tuesday.

Owners of an 18-point lead in the third quarter against visiting Suring, the Foxes blew it and were on foot just 48-46 with 1:13 to go. Steve Boese then whipped in a free throw and a rebound jump shot with about 55 seconds left for a 51-46 win.

(Saturday, the Foxes had counted 18 straight points in the fourth quarter for a 57-56 triumph over the Northwestern Preps of Watertown.)

Junior forward Rog Bartmann collected 21 points before he fouled out early in the final segment. He was deadly on jumps from close range. Steve Boese counted 16.

The Foxes were as cold as the weather in their first half shooting with just 18 per cent on 8-for-47. They warmed up fast in the second half with 14-for-31 for 45 per cent. Suring equalled the Foxes' overall mark of 29 per cent.

The Foxes, now 4-3 on the season, visit Stockbridge Friday, Suring is 3-2.

Appleton Motor vs Leath's
Dale vs Larry's

Two of the four co-leaders in the YMCA Men's Basketball league—Appleton Motor and Leath's—will tangle in next Monday evening's feature attraction.

Appleton Motor was knocked from the unbeaten ranks by Berggren's, 63-55, in this week's action. Dick Cornell fired in 25 points for Berggren's, Bill Chandler hit 13 for the losers.

In other results Leath's stopped Larry's, 68-43, Lyman Depner coined 18 for Leath's, John Jooss tallied 16 for Larry's. And, Dale Realty trimmed Pond's, 63-49. Jim Kirkland's 18 for Dale was the game high.

Elvira Toepfer, Ray Bluth Grab 'World' Lead

Beat Defending Champions in Bowling Tourney

Chicago — Ray Bluth of St. Louis and Elvira Toepfer of Detroit took over the top spots in the World Invitational Bowling tournament Tuesday night, beating the defending champions.

They were the targets of the 15 other finalists as firing resumed today in the second day of the finals in the Chicago coliseum.

Bluth, a sturdy, 30-year-old bowling proprietor, moved in to the men's division lead by turning back Don Carter of St. Louis, winner of last year's title, in four games. He finished his chores for the day with a record of 13 wins and 3 losses.

Takes Lead
Mrs. Toepfer, former national women's doubles champion, advanced from twelfth place after her first match to the lead by winning six of her eight games, including two over Mrs. Marion Ladewig, of Grand Rapids, Mich., the 1957 champion.

Bluth won 13 games and averaged better than 218 to take a Petersen point lead of 2.27 over a former Texas Kegler, Don Ellis, who now bowls out of Chicago.

Bluth, a member of the Budweiser national team champions from St. Louis and a former national doubles titleholder, finished his first 16 games with a Petersen point total of 82.49 while Ellis, formerly of Houston, had 80.22.

Elle Nonceek of Racine, slipped to sixteenth place Tuesday after the third round of action in the women's division.

Stockton, Calif. — Teddy Davis, 140, San Jose, Calif., outpointed Kid Javellana, 140, Philippines, 10.

Colts' Marching Song Included on Baltimore Symphony's Program

Baltimore — The marching song of the Baltimore Colts, a familiar tune in these parts, will be played in an unfamiliar setting Saturday night.

The Baltimore Symphony orchestra has included the song on its "Music for the Theater" program in the Lyric theater.

Skitch Henderson, who will appear as guest conductor, agreed with the orchestra's suggestion to honor the Colts, Western conference champions of the National Football league.

Webb Stops Downes in 8th

10,000 Watch Exciting Bout In London

London — Middleweight contender "Spider" Webb today offered British champion Terry Downes a return bout "any time the money's right" and said he was ready to take on any other middleweight who wants to get into the ring with him.

The offer, made after the 27-year-old Chicago fighter had stopped Downes in eight rounds of a rugged, bloody battle, pointedly excluded world champion Ray Robinson. Webb, third-ranked contender for Robinson's title, claims that Ray doesn't want to get into the ring.

Eyes Puffed
Referee Eugene Webb stopped Tuesday night's bout after eight rounds of action that had 10,000 fans roaring in excitement all the way. Blood was pouring from cuts above both of 22-year-old Downes' eyes and they were puffed, almost closed. Downes, who learned his persistent, swarming style of fighting in amateur bouts in America, immediately demanded a return bout.

"I'm ready to come back and give you a return any time—the money's right," Webb told him.

Carl Nelson, the American's trainer, added:

"Webb will fight any middleweight who wants to go into the ring against him, if a purse is waiting, and that includes a return against Downes—if Downes really wants another go."

Webb weighed 158½ pounds and Downes 159½.

Cincinnati's All-American scoring star Oscar Robertson shows one way that he solves a foe's defense during a recent game against NYU in Madison Square Garden. Here he starts to dribble between Art Loehe, left and Al Barden, stops abruptly, and, with the de-

fenders caught off balance, he has plenty of room for his 1-handed set shot that produced two of his 45 points during the evening.

Find Effigy Of Olejniczak

CONTINUED FROM PAGE 1

blamed by some for the Packers' troubles.

The team is headed for its worst season in 40 years in the NFL and is last in the Western conference with a 1-9-1 record. The Packers will close out the campaign Sunday against the Rams in Los Angeles.

The petition supporting Lambeau, who quit the Packers in 1949 after 31 years as head coach and general manager, was started by Green Lake businessmen H. H. Eaton and Harry Norton. The petition says:

"We the undersigned respectfully submit this petition to the board of directors of the Green Bay Packers' football team to reinstate Curly Lambeau as head coach and general manager."

Norton said "we'd welcome similar campaigns throughout the state, only we'd like them channeled through us so we know where we stand."

Lambeau's name cropped up after the Associated Press was told that coach Coach Ray McLean and general manager Vern Lewellen could be dropped at the end of the season. McLean is in his first year as head coach. Lewellen has fifth with the Packers.

Under Lambeau, who founded the team, the Packers won six world championships. He said at his home in Los Angeles Monday that he "might be interested in returning to the Packers under the right circumstance."

Mont Is Out As Maryland Grid Coach

College Park, Md. — If you think the University of Maryland's re-emphasis of the sheepskin means a de-emphasis of the pigskin, listen to Tommy Mont, former coach.

"It all depends on your won - and lost record," said Mont Tuesday night.

He spoke after Dr. Wilson H. Elkins, president of the university, announced that Tommy had "resigned" after three years as head coach at his alma mater.

The athletic committee of the university's governing body, the board of regents, 24 hours earlier had refused to renew his contract.

Mont, former star back for Maryland and the professional Washington Redskins, piloted teams to 11 victories, 18 defeats and one tie in his first head coaching assignment.

Vera Drephal Slaps 502 at 12 Corners

Vera Drephal's 502 led the pack in the Women's league at Twelve Corners earlier this week. Teammate Hilda Def-Parades, Dee Tesmer copped fending of Mer and Jackie's women's honors with a 199 shot the largest game, a 190, and a 544.

A 566 by Bob Kositzke of the Behnke's clothes was the honor aggregate in Hahn's Apple-

Packers Must Regain Their Big-Time Vigor, Know-How

CONTINUED FROM PAGE 1

to give a team a break." We fervently hope the Packers board doesn't adhere to that philosophy—though sometimes this appears to be the case. "Being" in the league shouldn't be an end in itself—it's the "doing" that counts. What kind of pride can any Wisconsinite, current or former, take in the Packer team that quit in the 56-0 thing at Baltimore? And, about the time the Packers gifted the 49ers with 4 first-period TDs, even the staunchest Badger-stater might have been tempted to claim he was really from Rhode Island. Yes, the Packers can be a tremendous advertisement for the state and potentially give us the chance of seeing the world's best football played in our own neighborhood. But, this can only be accomplished if the Packers regain their big-time vigor, vitality and know-how. Being a doormat—even a major league doormat—is not particularly laudable goal.

It's too bad TV quiz shows have fallen like flies. A sure stumper for even a Van Doren would be: For what purpose do the Packers make their annual season-end trip to the West coast? Obviously, they don't go to play football! They have lost 16 of their last 17 games on the coast. And, seven times in their last nine excursions there, they have permitted the happy hosts to run up point totals in the 40s and 50s.

Not the least significant thing about the Appleton Terrors' surprising performance last Friday was their ability to win in the face of a flagrant lack of backing. For the second straight game, Appletonians were guilty of being fair-weather fans. From the tournament glory days of March, 1956, through the Kimberly game of November, 1958, places to sit or stand were at a premium at Terror games. It figured to continue that way. In fact, at the outset of this season, AHS officials announced no children's tickets would be sold because of anticipated space problems. The season-opening waxing by Kimberly changed all that. A comparatively small crowd watched the Menasha game, and despite the fact that the Terrors carried the Jays into overtime, the absentees were again legion at the Central game. The importance of home crowds is recognized even in pro sports, in which seasoned 20 and 30 year old athletes perform. How much more important, then, is support to impressionable preppers? No one knows how the Terrors will fare in the tough Valley race despite an encouraging start. But, win or lose, we wonder if the fans will get "back on the job" or be content with a reputation for supporting only a sure fire winner.

Heard in the Post-Crescent office: Can't imagine why Randy Duncan is worrying about when he can work on his law degree if he plays pro ball. He'll have lots of time to study when the Packer defensive unit is playing.

According to this week's issue of The Sporting News, the Fox Cities Foxes will be playing in the Western league next season—not the 3-1. That is, President Hal Totten is expected to urge adoption of the new name for the Class B 3-1 circuit as soon as the "Western" officially flounders. Wonder how the unpredictable Hal can explain this change of opinion. Last year, when there were as many W's and M's in the league as I's, he said the Three-I designation had to be kept because of its rich tradition and "name" value.

'Bud' Jentz Powers 613 Dee Tesmer Jolts 544 for Laurels In Cigaret Loop

"Bud" Jentz created a 613 threesome to lead kegling in the Cigaret Couples league at Hahn's over the weekend. He detonated a 246 for the Marl-boros.

The Chesterfields (15-6) share first place with the Hit week. Teammate Hilda Def-Parades, Dee Tesmer copped fending of Mer and Jackie's women's honors with a 199 shot the largest game, a 190, and a 544.

A 566 by Bob Kositzke of the Behnke's clothes was the honor aggregate in Hahn's Apple-

ton Lutheran loop. Alko (26-12) owns a 2-line lead.

Ted Heinritz slapped a 563 in Hahn's Brotherhood loop for first place Hueseman Insurance (27-13).

Dillon Shows Versatility In 'New' Post

CONTINUED FROM PAGE 1

passes for 266 yards and four touchdowns—chiefly by sticking clear of Dillon. The tackling also fell off, leading to seven 49er TDs.

San Francisco scored on strikes of 48 yards in 3 plays, 56 in 5, 10 in 1, 53 in 5, 83 in 9, 80 in 1 and 50 in 10. Thus, in seven touchdowns marches, the 49ers moved 380 yards in 34 plays—an average of 11 1/2 yards each touchdown-drive play.

Special Work
Coach Ray McLean plans to give the defenders special work this week in preparation for the Rams' explosive attack. The battle is set in the Coliseum Sunday.

McLean may start Dan Currie, mostly a line backer, as defensive end. "He did good," McLean said after viewing the pictures and Defensive Coach Ray Richards added: "he certainly covered well on the roll-outs and Brodie never did get a pass off when he went wide."

Big Dan has had some difficulty with the outside line-backer spot and he could find his future as a defensive end. "It's a lot harder than playing line-backer. That 3-point stance makes it hard to see

everything—not like line-backer where everything's in front of you," Currie said. Dan also understudies Jim Ringo.

Currie is one of at least three rookies who will start Sunday. The other two are Jim Taylor, who gained 137 yards against the 49ers, and Joe Francis, the quarterback who completed his first four passes last Sunday.

Hornung at Left Half
Paul Hornung will continue to play at left halfback while Taylor will be at fullback. Hornung, who plays either spot, made 18 yards in six carries vs. Frisco.

McLean gave the Packers a stiff workout Tuesday—a departure from the usual week-opening loosening session. There was considerable work on a spread formation with all three quarterbacks and Hornung and/or Taylor in the lone running-back spot in front of the QB. The spread was used some in the 49er game.

Oil Firm Has Emergency Control Site

In Event of Attack, Company Would Move Staff From City

Civil defense planning for the Esso Standard Oil company includes an alternate control center for coordinating the company's oil movements throughout the world. The center is about 30 miles from New York City, Kenneth E. Yandell, the firm's security director, said Tuesday.

He was speaking to about 160 industrialists at the 1-day industrial survival meeting at North Shore Golf Club. Attending the meeting were 77 men from Appleton, 45 from Neenah and Menasha, 13 from Kaukauna, 13 from Green Bay, 10 from Oshkosh, two from Milwaukee and a national chamber of commerce representative from Washington, D.C.

"Our planning started from a consideration of what would happen if our New York office were knocked out. Our coordinating facilities there would be out and oil in transit from South America, for instance, would have to be scheduled somehow. We drew up an emergency plan in 1950 and 1951," Yandell explained.

Site Equipment

Our site west of New York includes facilities for records, living quarters and communications, he commented. Field services of the company are instructed to operate on their own until the coordina-

ing office again functions, Yandell said.

Executive personnel of the company are assigned to the alternate center three deep. If world conditions worsen, the executives are rotated between the center and the New York office, he said.

The company has set up 16 reporting centers — 7 in employees' home — for its 4,000 workers in the New York area to report in after an emergency, Yandell commented.

At the alternate coordinating center, microfilmed records are stored and an emergency staff is maintained. The center is guarded round the clock and a well provides water. Food to feed 100 people for four days is stored in the center and a catering service has made arrangements for the alternate center, Yandell said.

Bucher Bound Over for Trial In Slaying

Psychiatrists Say Youth Who Killed Stepfather Is Sane

Post-Crescent News Service

Green Bay — Kenneth O. Bucher, 19, was bound over to the present term of circuit court today on a first degree murder charge in connection with the gun death of his stepfather, Elmer L. (Duke) McAllister, in a cafe Nov. 28.

Municipal Judge Donald W. Gleason ordered the move in municipal court this morning after two psychiatrists Tuesday night found the defendant not insane.

In capsule form, their report stated "the defendant is not insane and that he was aware of the nature and quality of his act both at the present time and at the time the act was committed."

The psychiatric report concluded that Bucher "knows right from wrong and is able to adhere to the right if he wants to do so." The psychiatrists also stated the defendant should be able to assist his attorney in any further court proceedings.

Waives Hearing

Upon hearing the psychiatrists' report, Atty. John Duffy, representing Bucher, waived preliminary hearing on behalf of his client.

Bucher then was returned to the county jail pending filing of information before Judge DuQuaine. His plea will be entered when the information is filed.

The shooting of McAllister, 57, took place in the kitchen

Julian H. Rowe, 1512 N. Drew street, has been appointed chairman of the 1959 Knights of Pythias home show to be held March 12 through 15 at the Appleton armory.

Kaukauna Man Pleads Innocent to Charge Of Topsy Driving

Lawrence F. Eppinger, 43, route 3, Kaukauna, pleaded innocent to drunken driving when arraigned Tuesday in municipal court.

Trial was set May 7. He posted \$118.95 bond.

He was arrested by county police Sunday in the town of Vandenberg.

of the K. K. Cafe, 617 N. Broadway, which had been operated by McAllister and his wife since October.

Mrs. McAllister, 45, first confessed to the shooting and was charged with second degree murder. The charge against Mrs. McAllister was dismissed, however, when her son, Kenneth Bucher, confessed the murder to local authorities.

Industry Has Place In Local CD Plans

Impact on Community

There is a place for industry in local civil defense planning and there should be an industrial coordinator on any civil defense organization staff, Albert Swing, deputy federal civil defense industrial coordinator, told the 1-day industrial survival conference Tuesday.

Industry has the greatest single impact on any community and an industrial coordinator can do two things—represent industries' interests to the community and take the community's interests and desires back to industry, he explained.

"If you have a well-organized plan in your shop, it gets to employees. This means something to them, and civil defense means something to them."

Company Influence

"A civil defense director can yell all day about civil defense and not get anywhere, but a company can play a definite and helpful part in civil defense," Swing declared.

Swing advised the 160 industrial leaders to appoint someone civil defense coordinator in their plants — someone who can make plans to protect workers (or customers in retail stores) in the event of emergency.

Some location for a possible shelter from fallout should be a part of the plan, he explained. "In the event of an attack, the real estate blown up would be negligible compared to the fallout drifting everywhere. A shelter should provide water, ventilation and

Construction Ending Along 41 Overpasses

Final construction work of this season will wind up in the next week along Highway 41, LeRoy Empey, Green Bay Highway division engineer, says.

The overpass at Highway 21

be made up showing where essential equipment is located.

Plant plans ought to include some method of damage assessment and a traffic control plan which must mesh with the local civil defense plans in order to operate effectively, Swing stated. Mutual aid agreements with companies in similar areas and businesses are often useful, he advised.

Swing urged that companies get their plan written down and available to employees. The plan ought to be simplified, so everyone understands and knows it, he said.

south of Lake Butte des Morts probably will be opened to traffic Thursday morning and Highway 10 overhead west of Appleton sometime next week. The approaches to the overpasses will be graveled and treated with chloride to reduce the dust, Empey said.

Ordinarily, the overpasses are opened in the morning for a full day of operation so any necessary work can be done as traffic discloses it, Empey said. The bitter cold has slowed work and the 21 overpass could open a day late, he added.

The gravel approaches will require nearly daily maintenance, but the state considers speed of traffic and safety as a factor in the overpasses such that it justifies opening the overpasses, Empey explained.

The overpass at Highway 110 is open and after the 10 overpass opens, work will cease until paving scheduled for next spring begins, he added.

20 FOX CITIES AREA WOMEN

will be winners in

GOLD MEDAL'S EASY "TWIN STAR" CONTEST!

OVER \$50 VALUE

20-52-piece chests of new 'Twin Star' pattern stainless

JUST FOLLOW THESE EASY RULES

1. On a sheet of paper, in the left hand column, write the name of the chest you wish to win. In the right hand column, write the name of the person you wish to win it for. Add your name and address and the name and address of your favorite restaurant and explain the importance of the chest to you. Put this in the top of an envelope addressed to Gold Medal 1100, and mail to General Mail, Dept. 50, 623 Marquette Ave., Minneapolis 2, Minnesota.
2. Send as many entries as you wish, but each entry must be mailed separately. It is a prize can be awarded to a person. All entries must be postmarked on or before December 31, 1958 and must be received by January 22, 1959.
3. Entries will be judged on the basis of originality, ingenuity, and the way the chest is described. Judges will select a winner. In the case of a tie, the prize will be given to the person who has the most entries. The prize will be given to the person who has the most entries.
4. Contest is subject to all rules and regulations. Contest is open to all persons. Contest is limited to one entry per person. Contest is limited to one entry per person. Contest is limited to one entry per person.

HERE'S WHAT YOU WIN!

Each Chest contains 52 pieces of exquisite new "Twin Star" Stainless... 8 six-piece place settings and 4 serving spoons. Each place setting consists of hollow handle knife, dinner fork, salad fork, teaspoon, dessert spoon (oval soup), and butter spreader.

- ★ A graceful and elegant pattern by famous Oneida Community Silversmiths, craftsmen of quality tableware for generations.
- ★ Made of the finest solid stainless steel—gleaming lifetime stainless.
- ★ Keeps its rich, mirror-lustre—without polishing through years of daily use.
- ★ Lovely for any occasion—lends beauty and distinction to any table setting.

IT'S SO EASY TO ENTER!

Just tell why you're glad new "Twin Star" Stainless tableware is being added to the Betty Crocker Coupon Plan... and you may win enough "Twin Star" Stainless to set your entire table. Enter Gold Medal's "Twin Star" Contest now!

UAR Sees Both West, Communists Against It

Co-Founder of Republic Says There's Difference Between Reds and Kremlin

BY JOSEPH ALSOP
Cairo, Egypt — One of the most curious conversations in this reporter's sadly long experience is doubly worth recording, just because it was so very curious and also because it was so revealing. The circumstances themselves were curious, to begin with; for Akram Hourani, co-founder of the United Arab Republic and one of the cleverest men in the Arab world, has changed a good deal lately. When he was the most powerful man in Syria, Hourani received one in a suicidal office and talked with great fire and frankness. Now that he is vice president of the new Syrian-Egyptian Republic he helped to found, Hourani has an office that verges on the pompous, but the fire of the man has been somehow extinguished. Possibly this lack of fire is traceable to the fact that he now has "planning functions only" without executive power.

He was asked about the new situation in Baghdad, where the communists have roundly defeated Hourani's own former party, the Baath, and have thus blocked the drive for union now with Egypt. At first he grandly proclaimed that "all Arabs must rejoice" because the Iraqis have thrown off the "yoke" of the hated Nuri Pasha. But then another question was put to him:

Getting Together
"But what if Nuri, whom you say belonged to Britain, is merely replaced by another Nuri belonging to the Kremlin?"

"The east and west are getting together on problems of the Arab lands," he answered with apparent irrelevance but with a flash of the old fire. "The communist party and the western powers now seem to have an understanding. Both work to block our movement of Arab union."

He was reminded of an earlier conversation, in the old Syrian days. Then Hourani was cooperating with the communists himself, and he then explained that this was safe to do, because the communists were also "good Arab nationalists." "Oh," he replied, "that was entirely temporary." But, "now the communists and the west agree on certain points, which are against the Arabs, they join in fighting the movement of Arab unity."

"I do not think the communists will win in the end," Akram Hourani continued. "Or at least I hope they won't because I believe the Iraqi people like all Arabs want independence and union. We are against all foreign interference of whatever sort. Interferences may differ in character, but they are the same in purpose."

The suggestion was put forward that nothing was more surprising than the silence in the Arab world about this new communist interference in Iraq, which was so much more seriously menacing to Arab independence than the old, weak British influence of the past. The first reply was a repetition of the argument that it was all the fault of the west anyway, because of the Baghdad pact.

People Will Decide
"As a result, there is a communist tendency in Iraq," Hourani continued. "But there is also a strong Arab tendency, and the Iraqi people will decide."

"But if the Arabs so bitterly attacked the old interference by the British, why is there no attack on this new interference by the communists, which is really an interference by the Soviets?" he was asked.

"Do you want us to attack Russia?" was the visibly surprised reply. "There is a difference between Russia and the communist party. It was a revealing conversation for two reasons. The idea that the western powers are now promoting a communist triumph in the Arab world, for the sole purpose of frustrating 'legitimate Arab aspirations,' is genuinely held here by serious persons on the highest level of government. And besides this interesting idea, the conversation also revealed a good deal about the probable local reaction to the Kremlin's new intervention in the Middle East.

School Inspection Report Scheduled For Monday Night

Replacement of the electrical switchboard and wiring in the Edison school auditorium will be sought by Fire Chief Paul Neumann as a result of his special inspection of the city's schools.

Neumann told the council's public safety committee the electrical facilities in the auditorium are hazards because of their age. His report was a brief preliminary to an itemized review of everything he found in all city schools. He will present the report to the committee at a special meeting Monday night.

Supervisors Say Inspection Of Sanatorium 'Good Thing'

A possible inspection of Riverside sanatorium by state building Inspector Willard Van Handel was looked upon as a "good thing" by county board supervisors Tuesday.

Bovina Supv. Ervin Conradt made a motion that the public property and insurance committee meet with sanatorium officials to discuss what an inspection might mean. The motion later was withdrawn because some supervisors feared it might create an impression that "something was wrong at the san."

Supv. Sylvester Esler said the building inspector can inspect the facilities anytime he pleases. "But what can we do?" he asked. "So far as we know everything at the sanatorium conforms to requirements from the state assuring itments."

Advances Made on
Broad Front on
New York Exchange

New York—Blue chips joined speculative issues in a broad but moderate stock market advance early this afternoon. Trading was active.

Pivotal issues rose fractions to a point or so. Some wider moves were made by secondary stocks.

Industrials went ahead as steels, coppers, oils, chemicals, drugs, electronics as well as most aircrafts and rails showed plus signs.

The market was higher from the start and kept improving.

The economic background looked favorable to Wall Street. An uptrend in capital spending and forecasts of continued business recovery bolstered sentiment.

Thiokol, the rocket-fuel stock which has risen sensationally on the American Stock Exchange, was admitted to trading on the Big Board. The stock hit a record high, gaining 2 1/2 on opening trades. About a 2-point net gain was held.

General Precision rose about two, International Business Machines a dozen points or so.

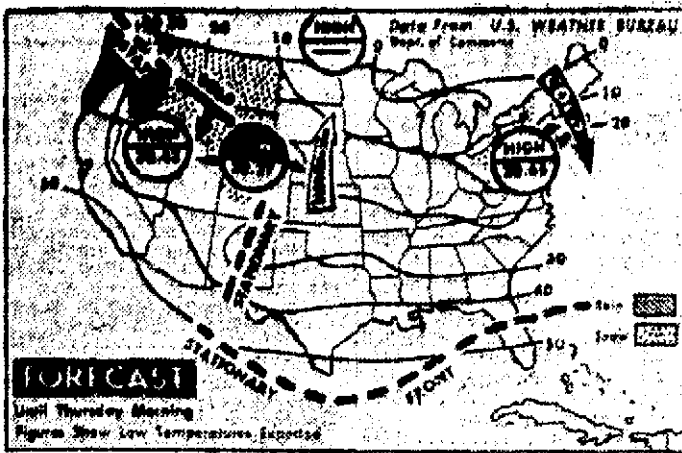

Jones & Laughlin's jumped more than a point. Other steels with gains of about a point included Republic, U.S. Steel and Youngstown Sheet.

American Motors spurred more than a point.

U.S. government bonds were firm.

Man Sent to Waupun
Turned Himself In

Wilfred H. Gantner, who Tuesday was sentenced to Waupun for a year after his

Continued Cold Weather Is expected tonight along the east coast with snow flurries in the lower lakes region. It will be warmer in most of the plains states and in the Mississippi valley. In the northwest there will be rain along the Pacific coast, snow or freezing rain in the north plateau region and snow and snow flurries in the northern Rockies.

Expand Extension
Committee From
5 to 7 Members

The special county board committee created to study establishment of a University of Wisconsin extension in Outagamie county will be expanded from five to seven members.

Chairman Alvin Fulcer did not fill the appointments immediately. Currently serving on the study group are Appleton Third Ward Supv. Joseph Cummings, Appleton Fourteenth Ward Supv. Philip Retson, Kaukauna Fifth Ward Supv. Russell DeLaHunt, Seymour First Ward Supv. Thomas Duffey, Sr., and town of Kaukauna Supv. Peter Farrell.

DeLaHunt, who answered questions from the floor about intent of the resolution, said it was designed to give the committee a broader consensus. He said he hoped the new appointments would be men from rural areas, although the resolution contained no special instruction along that line.

Gantner, who also had been sentenced to jail under the Huber law for possession of burglary of tools, walked away from the jail last April. He disappeared, but recently telephoned his wife from out of town. He then met her at her home and she persuaded him to give himself up, family caseworkers said.

not fill the appointments immediately. Currently serving on the study group are Appleton Third Ward Supv. Joseph Cummings, Appleton Fourteenth Ward Supv. Philip Retson, Kaukauna Fifth Ward Supv. Russell DeLaHunt, Seymour First Ward Supv. Thomas Duffey, Sr., and town of Kaukauna Supv. Peter Farrell.

DeLaHunt, who answered questions from the floor about intent of the resolution, said it was designed to give the committee a broader consensus. He said he hoped the new appointments would be men from rural areas, although the resolution contained no special instruction along that line.

Milwaukee Livestock

Milwaukee — Hogs estimated 1,000; steady; U. S. No. 1 & 2 butchers only, 190-220 lbs 18.50-19.00; 230-280 lbs 16.75-18.50; 170-180 lbs 17.75-18.75; sows No. 1 & 2 only, 325 lbs and down 15.25-16.00; 350-400 lbs 14.50-15.75; 425-550 lbs 13.00 - 14.75; stags 9.00-11.00; boars 4.00-5.00.

Cold Wave
Hangs on

But Temperatures
Show Slight Hike
From Tuesday Lows

The firmly-entrenched cold spell gave no sign of leaving today, although the mercury was up slightly over Tuesday. Appleton had a high of 4 above and a low of 2 below Tuesday. The temperature at 11 o'clock today was 6 above. Forecast is for more fair and cold weather, but no snow in sight.

The state traffic patrol reported that all main Wisconsin highways are in good condition. There were slippery spots on some secondary roads.

Tightens Grip
The season's longest stretch of cold weather tightened its grip on the eastern half of the nation. Midwestern states fared no better.

It was freezing in the south from Georgia to central Texas and some of the nippy air drifted as far as northeast Florida.

Although there were some snow flurries, not much heavy snow was reported in the cold belt. Northern New York state still lay under almost five feet of snow.

Eau Claire had a state low of 8 below Tuesday.

Work on Airport
Terminal Building
Nearly Completed

Work on the new terminal building at Outagamie county airport should be complete this month, Fred Kranhold, chairman of the county board's airport and parks committee, said today.

Only work of installing heating and electricity remains, he said. Bids will be taken on them shortly. The 34 by 24-foot structural steel building was erected by the county board in anticipation of air service ordered officially Tuesday by the civil aeronautics board, effective Feb. 16.

1-Time Mayor Hopeful
Takes Papers for 1st
Ward Alderman Chair

Two more men Tuesday took nomination papers from City Clerk Broehm for the April 7 city election.

Dwayne H. Larson, 55, 908 N. Superior street, unsuccessful candidate for mayor in 1950, became the third unofficial candidate for first ward alderman. He is a steel worker for John Hennes Trucking company.

Max M. Kuehn, 71, 915 N. Clark street, the incumbent, took papers for first ward county board supervisor. Manager of the Moose club, he has held the board post for 12 years.
